HISTORY

The Governor's Commission on Asian Pacific American Affairs was established on June 25, 1992 by Executive Order 01.01.1992.14 and later re-authorized and re-constituted by Executive Order 01.01.2003.27. The seventeen members of the Commission are appointed by the Governor, with members representing the major Asian Pacific American population groups in the State. Commissioners are appointed for four-year terms. The Chair of the Commission is designated by the Governor from among the members of the Commission.

Part of the duties and responsibilities of the Commission is to serve in an advisory capacity to the Governor on issues of concern to the Asian Pacific American community. The Commission also serves in an advisory capacity to the Governor's Office on Asian Pacific American Affairs, which is housed in the Maryland Department of Human Resources.

The Governor's Office on Asian Pacific American Affairs holds a unique status as a legislatively created entity, being permanently established in 1991. Another law that directly affects the Office is Section 2701 of the State Finance and Procurement article of the Annotated Code of Maryland, passed in 1992, which allows the Office to receive funds directly from individuals and organizations. The duties and responsibilities of the Office include organizing programs, events, and activities intended to promote the social and economic development of Asian Pacific Americans, representing the Governor in any matter related to the community, and assisting and advising executive agencies on programs that aid Asian owned or operated businesses.

The Commission meets six times a year, on the third Tuesday of January, March, May, July, September, and November. Meeting sites alternate around the State.

On a daily basis, the major functions of the Office include: collaborating and exchanging information with community based organizations; maintaining relations with other government agencies; promoting a positive and fair image of Asian Pacific Americans; advocating and protecting individual rights of Asian Pacific Americans; and providing information to the community at large.

Executive Summary

The Governor's Office and Commission on Asian Pacific American Affairs (GOCAPAA) is delighted to continue Governor Ehrlich's community outreach efforts and maintain initiatives in business and economic development issues while increasing participation in healthcare and educational programs for Maryland residents of Asian Pacific American heritage. The Commission's subcommittees provided guidance and leadership in the areas of Healthcare; Community Outreach; Education and Housing; and Business and Finance.

Background

The Governor's Office and Commission on Asian Pacific American Affairs went through a period of transition this year while continuing to further the mission of the serving the needs of the Asian Pacific American community. Under the guidance and leadership of Chairman Benjamin Wu and Vice Chair Sue Son, the Commission was active in areas that concern the daily lives of Asian Pacific Marylanders. Chairman Wu established four key pillars for the Commission to be successful. Commissioners needed to be active; visible; advocate for the community; and serve as a resource to Governor Ehrlich, Lt. Governor Steele, and Administration officials. To this end, the Governor's Commission cultivated and renewed working relationships and strategic partnerships with key state agencies such as the Department of Business and Economic Development, Governor's Office on Minority Affairs, Maryland Department of Aging, and Maryland Department of Mental Health and Hygiene. The Governor's Office and Commission on Asian Pacific American Affairs continued collaborative endeavors to serve Maryland's underserved communities by working with the Governor's Commission on Hispanic Affairs, Maryland Commission for Women, and the Maryland Office for New Americans.

New Beginning

The Office and Commission welcomed an innovative and energetic Executive Director, Jason M. Chung, who worked to provide benefits in the areas of education, healthcare access, and business. Furthermore, the Executive Director continued the efforts of his predecessors by maintaining a supportive role on issues ranging from international business and economic development to cultural and artistic development throughout the State of Maryland.

Health Care Access

The Governor's Office and Commission worked in conjunction with outreach coordinators from the Department of Health and Human Services' Center for Medicare and Medicaid Services (CMS) to provide information and education regarding the recent changes in Medicare and Medicaid services, pharmaceutical benefits and exposure that will affect communities throughout the State. Working with CMS, the Office arranged for visits and consultations with adult day care centers throughout the State of Maryland. CMS outreach personnel provided native language assistance to elderly Koreans in Baltimore City and Montgomery County. Furthermore, the Office and Commission arranged a session with elderly Filipino in Prince George's County.

Efforts and Outreach with State and local agencies

The Commission worked in concert with several State Agencies to provide outreach and community opportunities to serve and visit underserved and underutilized communities in the State of Maryland. The Office and Commission worked in conjunction with Global Mission Church in Silver Spring to bring together officials from various State agencies to highlight opportunities and provide access to those in need. Working with Secretary of Aging Jean Roesser, the Commission highlighted changes in Medicare and Medicaid benefits. Furthermore, Secretary Roesser highlighted documents that would provide valuable information regarding the Maryland Department of Aging. The program at Global Mission Church brought together over a dozen federal, state, and local agencies looking to provide benefits, information, and business opportunities to the constituency.

The Office and Commission was active in supporting the Maryland Department of State's Sister-State Program. Working with Secretary of State Mary Kane, the Office and Commission participated in cultural and business exchanges with visitors from Anhui Province in China, and developed strategies to reinvigorate the stagnant Sister-State Program with Gyeongsang Province in South Korea.

Events

Throughout the year, the Governor's Office and Commission on Asian Pacific American Affairs celebrated occasions important to the diverse Asian Pacific American communities in Maryland. Asian Lunar New Year (January), Cambodian New Year (April), Philippine Independence Day (June), Diwali (October), and Chusuk (Korean Thanksgiving in September) were just a small sample of cultural events celebrated by the Office and Commission. Furthermore, Governor Ehrlich attended the Korean Society of Maryland annual holiday gala in December. He presented citations to deserving leaders for their efforts in providing assistance and guidance in the community.

Conclusion

In conclusion, the Governor's Office and Commission on Asian Pacific American Affairs met Chairman Wu's mandates of activity, visibility, advocacy, and service as a resource to elected leaders and Administration officials. The Office and Commission will strive to provide additional focus on issues of importance to the Asian Pacific American community in 2006. The Office and Commission will strive to build upon this framework and develop new partnerships and increase collaboration with existing State agencies, community groups, and federal and local departments.
