TO THE PEOPLE OF MARYLAND:

It has truly been an honor to serve as the state's 33rd Comptroller, following in the footsteps of two legendary Marylanders, Louis L. Goldstein and William Donald Schaefer. Our office has a long tradition of providing quality service to taxpayers. In doing this job, I bring my own set of progressive values which have guided me during my time in public service – values which I hope will help bring an even higher level of performance to this great agency.

After all, the Comptroller's Office does more than just collect taxes – we attend to issues that affect the long-term fiscal health of our state.

As the chief fiscal superintendent of Maryland, I believe it is important to...

- Vigorously enforce tax laws to create a level playing field for individuals and businesses
- Ensure that consumers get a fair shake when they fill up at the pump and keep untaxed contraband cigarettes and alcohol off our streets and out of our communities
- Expand opportunity for working families through tools such as the Earned Income Tax Credit

- Strengthen our quality of life by promoting tax-saving and environmental-friendly 'green' technologies as well as developing sustainable economic growth through the life sciences and bio-technology industries

Though our state and national economies face many uncertainties in the near future, our office is committed to providing the necessary data and thoughtful analysis needed as we work together in Annapolis to get our fiscal house back in order and preserve the quality of life that we as Marylanders have come to enjoy.

While some may criticize me for taking a more activist approach than my predecessors, I make no apologies for the successes of this agency. You can see more about the wide array of services and information the Comptroller's Office provides online at **www.marylandtaxes.com**.

ORGANIZATION

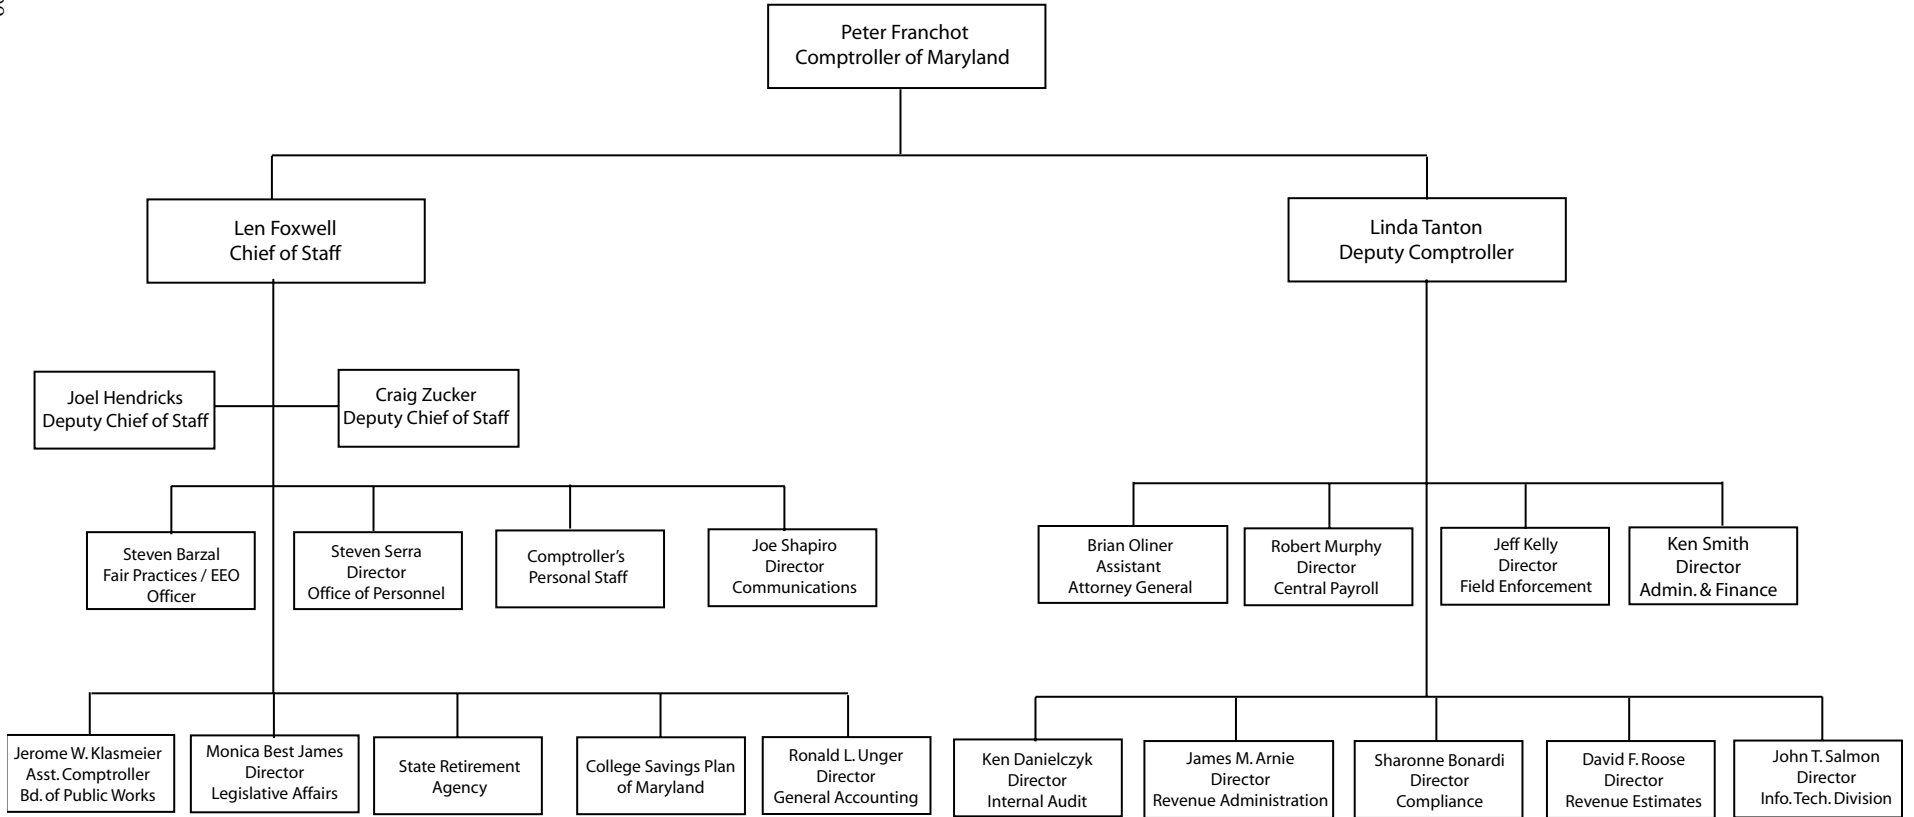

A BRIEF HISTORY OF THE COMPTROLLER OF MARYLAND

The Maryland state constitution of 1867 (Article VI, Section 2) describes the duties and responsibilities of the Office of the Comptroller stating that: *“The Comptroller shall have the general superintendence of the fiscal affairs of the State... prepare plans for the improvement and management of the revenue, and for the support of the public credit; prepare and report estimates of the revenue and expenditures of the State; superintend and enforce the prompt collection of all taxes and revenues, . . . preserve all public accounts.”*

This brief description encompasses one of the most important functions in state government. In collecting the bulk of Maryland’s general fund revenues; paying the state’s bills; regulating motor fuel, alcoholic beverages, and cigarettes; and providing technology services to other state agencies, the Comptroller’s Office touches the lives of many Marylanders.

LEGISLATION ENACTED IN 2009

INCOME TAX

House Bill 101 – Budget Reconciliation and Financing Act (Chapter 487)

Includes several income tax provisions related to the American Recovery and Reinvestment Act (ARRA), tax legislation recently enacted at the federal level.

The bill states that any provisions of ARRA that would have triggered automatic decoupling do not apply to this federal bill. Therefore, the State did not decouple from the temporary expansion of the earned income credit or from the deductions for unemployment compensation and motor vehicle excise taxes paid.

However, ARRA also includes significant business tax incentives, including three provisions from which the State is permanently “decoupled”: (1) Section 179 expensing; (2) bonus depreciation; and (3) a five-year carryback election of net operating losses for losses incurred by eligible small businesses. Based on the language in ARRA related to the carryback of net operating losses, House Bill 101 contains language that clarifies that the State is permanently decoupled from the carryback of qualifying net operating losses.

Finally, under current federal law, taxpayers must generally recognize income when the taxpayer cancels or repurchases its debt for an amount less than its adjusted issue price. ARRA allows certain businesses to delay recognition of this income under specific circumstances in tax year 2009 and 2010. In response to concerns that this provision could significantly decrease State revenues, House Bill 101 permanently decouples the State from the cancellation of debt income provisions enacted by ARRA.

HB 101 also reduces the cap on the Maryland-mined Coal Income Tax Credit to \$4.5 million for each calendar year, 2009 through 2012. Under the

bill, the cap will return to \$6 million for tax years 2013 and 2014, then fall to \$3 million for tax years 2015 through 2020, before the credit is phased out completely in 2021.

Senate Bill 604 (Chapter 290) – Tax Credits for Qualifying Employees with Disabilities – Sunset Extension

Extends the Qualifying Employees with Disabilities Tax Credit by one year, through June 30, 2010, authorizing credits to be claimed on behalf of qualifying individuals hired through June 30, 2010.

Senate Bill 800 (Chapter 605) / House Bill 493 (Chapter 606) – Biotechnology Investment Incentive Tax Credit

Clarifies several provisions related to the existing biotechnology investment tax credit program, including specifying that an individual is included under the definition of an investing entity, requiring a qualified company to claim the credit in the tax year in which the investment was made, and removing the language stating that a credit must be redeemed for tax years beginning after December 31, 2006. It also clarifies the recapture provisions of the credit.

House Bill 1399 (Chapter 166) – Department of Housing and Community Development – Neighborhood and Community Assistance Program – Individual Donor Eligibility – Tax Credit

Expands the eligibility of the Neighborhood and Community Assistance Tax Credit to include donations made by individuals. Applicable to all tax years beginning after December 31, 2009.

Senate Bill 554 (Chapter 280) – Chesapeake Bay Nitrogen Reduction Act of 2009

Creates a subtraction modification against the individual income tax for certain costs of upgrading a septic system. The subtraction equals the amount by which the cost difference between a conventional on-site sewage disposal system and a system that

LEGISLATION ENACTED IN 2009

uses nitrogen removal technology **exceeds the** amount of assistance provided to the homeowner by the Department of the Environment. Effective October 1, 2009.

House Bill 810 (Chapter 422) – Income Tax – Mandatory Income Tax Return Preparer Requirements

Requires income tax return preparers who prepare more than a specified number of State income tax returns each tax year to file these returns with the Comptroller electronically. Applies for returns filed for tax year 2009 and beyond.

Senate Bill 698 (Chapter 593) / House Bill 883 (Chapter 594) – Income Tax Refund – Direct Deposit – Multiple Accounts

Require the Comptroller, beginning in 2011, to directly deposit an income tax refund into at least two accounts at one or more financial institutions at the request of a taxpayer.

SALES TAX

Senate Bill 44 (Chapter 506) – Sales and Use Tax – Exemption – Veterans Organizations

Extends the termination date for the sales and use tax exemption for sales to veterans' organizations that are qualified as tax exempt under Section 501(c)(19) of the IRC from June 30, 2009 to June 30, 2012.

Senate Bill 621 (Chapter 574) – Sales and Use and Property Tax – Exemptions – Solar Energy Equipment and Property

Expands the existing sales and use tax exemption for solar energy equipment to include solar energy equipment used to generate electricity supplied to the electric grid. The legislation is intended to account for solar energy equipment used to send electricity back to the grid via net-metering. Effective July 1, 2009.

House Bill 1171 (Chapter 444) – Alternative Energy Tax Incentive Act of 2009

Provides a sales and use tax exemption for the purchase of equipment installed on residential property that uses wind energy to generate electricity for a residential structure on the property. Effective July 1, 2009.

The two aforementioned bills, Senate Bill 621 and House Bill 1171, also provide property tax exemptions for solar energy property installed to generate electricity that will be supplied to the electric grid and for residential wind energy equipment.

INHERITANCE TAX

Senate Bill 785 (Chapter 602) – Inheritance Tax – Exemption – Domestic Partners

Exempts from the inheritance tax the amount received by a decedent's domestic partner for an interest in a joint primary residence that, at the time of the death, was held in joint tenancy by the decedent and the domestic partner. Applicable to all decedents dying on or before July 1, 2009.

ESTATE TAX

Senate Bill 156 (Chapter 202) – Maryland Estate Tax – Filing of Returns

Allows estate tax returns to be filed with either the Comptroller or the register of wills.

ALCOHOL AND TOBACCO TAX

Senate Bill 64 (Chapter 353) – Alcoholic Beverage Tax – Assessment and Appeals – Tax Procedures and Penalties

Makes several changes to the administration of the State alcoholic beverage tax by (1) establishing an administrative appeals process for persons who are subject to an alcoholic beverage tax assessment; (2) authorizing the Comptroller to alter or abate an alcoholic beverage tax assessment; and (3)

LEGISLATION ENACTED IN 2009

increasing the maximum penalty for failure to pay the alcoholic beverage tax, from 10% to 25% of the tax due. Effective October 1, 2009.
