INTRODUCTION

FISCAL YEAR 2025

The Comptroller of Maryland (COM) is responsible for collecting the alcoholic beverages and tobacco tax, and the Alcohol, Tobacco, and Cannabis Commission (ATCC) is responsible for regulation and enforcement of the State's alcoholic beverages and tobacco laws.

This annual report provides data and statistics related to both the tax collection function of the COM and the regulatory function of the ATCC. All information in this report, including but not limited to revenue, licensure, and other regulatory activities, are for fiscal year 2025 (July 1, 2024, through June 30, 2025).

This report additionally contains the Annual Brewers' Report pursuant to the Brewery Modernization Act of 2019. The Annual Brewer's Report contains accumulated data from Maryland manufacturing license holders on their total beer production and total on-site consumption under an on-site consumption permit, a Class D beer license, or an equivalent license in the preceding fiscal year.

In accordance with the Alcoholic Beverages - Breweries, Wineries, and Distilleries - Direct Delivery Act, beginning fiscal year 2025, manufacturing license holders are also required to report information directly to the ATCC that includes the amount of alcoholic beverages produced under each license, the amount served for on-premises consumption, and the amount sold for off-premises consumption. Information reported by breweries to the ATCC is combined with the Annual Brewers' Report, information reported by distilleries and wineries is displayed separately by license class.

ALCOHOL AND TOBACCO EXCISE TAXES

The Maryland Alcoholic Beverages Tax is imposed at the following rates:

- ▶ **Distilled Spirits ≤ 100 proof:** \$1.50/gallon or 39.63 cents/liter
- ▶ **Wine:** \$0.40/gallon or 10.57 cents/liter
- ▶ **Beer, Hard Cider, Flavored Malt Beverages, and Mead:** \$0.09/gallon or 2.3778 cents/liter

If distilled spirits contain a percentage of alcohol greater than 100 proof, or 50% alcohol, an additional tax is assessed for each 1 proof over 100 proof at 1.5 cents for each gallon or 0.3963 cents for each liter.

Local jurisdictions are prohibited from imposing an alcohol tax. After paying refunds and the administrative costs of the COM, alcohol beverage taxes are distributed to the General Fund of the State.

The Maryland Tobacco Tax is imposed on cigarettes and Other Tobacco Products (OTP). Other Tobacco Products include chewing tobacco, moist snuff, pipe tobacco, cigars, and roll-your-own tobacco. Local jurisdictions are prohibited from imposing a tobacco tax on cigarettes. From July 1, 2020, through March 13, 2021, the tobacco tax rate for cigarettes was \$2.00 on a 20-cigarette pack, an additional 10 cent tax on each cigarette in a package of more than 20 cigarettes, and a 10 cent tax on each cigarette in a package of free sample cigarettes. If the cigarette pack had 10 or fewer cigarettes, the tax was \$1.00 for each pack. Effective March 14, 2021, the tobacco tax rate for cigarettes increased to \$3.75 for each package of 20 cigarettes and 17.5 cents for each cigarette in a package

of more than 20 cigarettes. The tax rate increased again on July 1, 2024, to \$5.00 per package of 20 cigarettes and 25 cents per cigarette in a package of more than 20.

The tax rate for OTP and cigars is assessed as a percentage of the wholesale price, which means the price for which a wholesaler buys OTP or cigars, exclusive of any discount, trade allowance, rebate, or other reduction.

From July 1, 2020, through March 13, 2021, the tax rate for OTP was 30% of the wholesale price of the tobacco products. The tobacco tax rate for cigars was 70% of the wholesale price of the cigars and the tobacco tax rate for premium cigars was 15% of the wholesale price of the premium cigars. Effective March 14, 2021, the tax rate for OTP increased to 53% of the wholesale price of the products. The tobacco tax rate for cigars remained at 70% of the wholesale price of the cigars and the tobacco tax rate for premium cigars remained at 15% of the wholesale price of the premium cigars. The tobacco tax rate for pipe tobacco is 30% of the wholesale price of the pipe tobacco. For OTP, the tax rate increased July 1, 2024, to 60% of the wholesale price of the tobacco products.

Tobacco tax revenues are used to pay for refunds and the COM's administrative costs, with the balance distributed to the General Fund of the State.

REVENUE

Total net receipts from alcoholic beverages and tobacco licenses and permit fees, and miscellaneous income for fiscal year 2025 is \$500,178,162. Compared to fiscal year 2024, fiscal year 2025 Alcoholic Beverage Tax revenues indicate the following changes: a 7.99% increase in distilled

spirits revenue; a 19.96% increase in wine revenue; and an 8.87% increase in beer revenue.

The net receipts from the sales of cigarette tax stamps in the amount of \$390,443,546 reflects an 11.99% increase from fiscal year 2024. The net receipts from Other Tobacco Products tobacco tax is \$65,401,191, an increase of 6.08% compared to fiscal year 2024.

Cigarette taxes provided the largest percentage of net receipts at 78.06%, compared to alcoholic beverages tax revenues. As a percentage of net tax revenue, distilled spirits accounted for 5.04%, wine accounted for 1.42%, and beer accounted for 1.52%. Other tobacco products tax accounted for 13.08% of the total tax revenues and Tobacco Floor Tax accounted for 0.48%.

The State also collects revenue through licensing fees issued by State and Local authorities. The Alcohol, Tobacco, and Cannabis Commission (ATCC) issues alcoholic beverages manufacturer and wholesaler licenses, as well as various permits. Local liquor boards issue alcoholic beverages retail licenses. Cigarette manufacturer and wholesaler licenses are issued by the ATCC. The Clerks of the Court issue retail licenses to sell cigarettes, OTP, and Electronic Smoking Devices (ESD) to consumers.

The alcohol and tobacco license fees included in this report consist of cigarette manufacturer, cigarette wholesaler, other tobacco products manufacturer, and other tobacco products wholesaler licenses issued by the ATCC.

Alcohol and tobacco license fees are paid to the General Fund. Cigarette license fees are to be used to administer the law and enforce the Maryland Cigarette Sales Below Cost Act.

The Board also may not approve a transfer of a Class A or Class D off-sale license outside its assessment district as of July 1, 2025, or, for licenses issued thereafter, outside the district of original issuance. **Effective Date: July 1, 2025, and expires on December 31, 2028, unless reauthorized.**

LICENSES & PERMITS

In June 2025, the ATCC implemented a new online services system available through the Maryland OneStop Portal. This new system allows users to apply for, renew, and securely submit payments for licenses and permits online, streamlining both the application process and the ATCC's fiscal accounting. This has made services more accessible for license and permit holders and has reduced the ATCC's operating costs related to printing and mailing certificates as well as the time spent on processing mailed in checks.

The revenue information below reflects the ATCC's data on processed payments for all licenses and permits issued in FY25, including online payments for permits and licenses that were issued from June 11, 2025, to June 30, 2025.

Direct Delivery Permit Summary

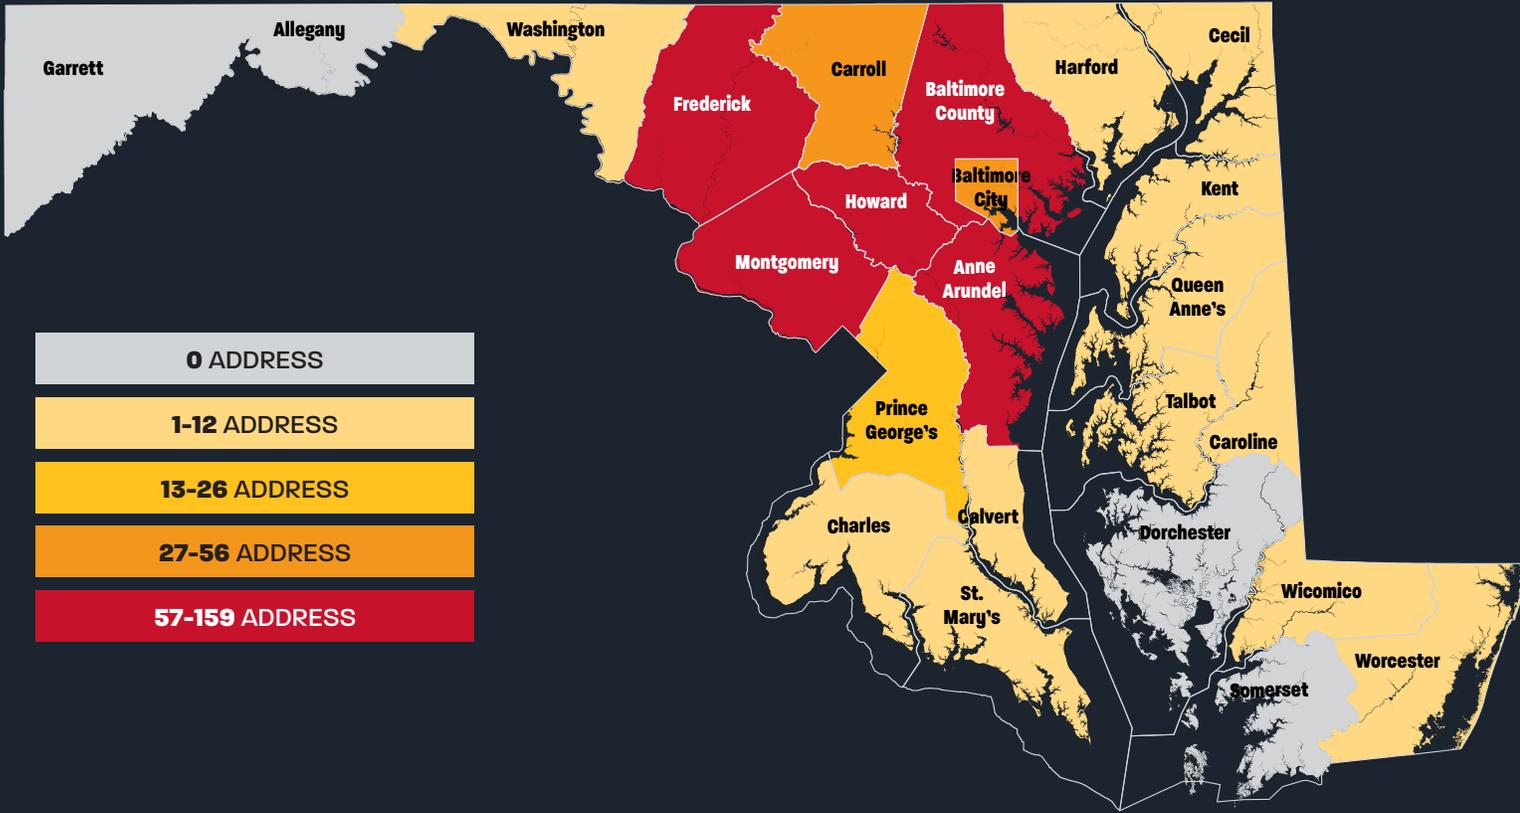

On March 5, 2020, Maryland declared a state of emergency and catastrophic health emergency to control and prevent the spread of the COVID-19 pandemic. Temporary emergency measures were enacted that, in part, allowed alcohol manufacturers to sell and deliver their products directly to consumers for off-premises consumption. The Alcoholic Beverages – Manufacturer’s Licenses and Off-Site Permits Act of 2021 established the expiration date of these temporary measures as June 30, 2024.

The Alcoholic Beverages – Breweries, Wineries, and Distilleries – Direct Delivery Act was signed into law in May 2024. This act created a regulatory framework for a Direct Delivery (DD) annual permit that authorizes licensed manufacturers to sell and, using their employees, deliver their own products directly to consumers in Maryland. Direct Delivery permits were first issued in fiscal year 2025.

Permit holders must be aware of and follow limits on the amount of alcohol that can be delivered to an individual address each calendar year. The limit for wine is no more than the equivalent of 18 standard 9-liter cases, including products shipped by the

winery under a Direct Wine Shipper’s permit. The limit for distilled spirits is no more than the equivalent of 24 standard 750 mL bottles, including spirits-based RTDs, regardless of packaging format. The limit for beer is no more than 3,456 ounces, or 288 12-ounce cans, including hard cider and mead.

Direct Delivery permits were issued to 13 manufacturers in FY25. This first fiscal year of active permits saw a total of 1,255 local deliveries of wine and distilled spirits made to 765 addresses throughout Maryland. Of these 765 addresses, 283 (≈37%) received multiple orders from the same permit holder, accounting for 61% of all deliveries. This shows that many recipients have a high level of commitment to their chosen manufacturer. Over 50% of all deliveries were made in Frederick, Howard, and Montgomery counties. There were no deliveries made in Allegany, Dorchester, Garrett, and Somerset counties. The total amount of wine delivered to consumers equaled 4,170 standard 750 mL bottles and the total amount of distilled spirits delivered to consumers amounted to approximately 1,355 standard 750 mL bottles. No beer was delivered under a Direct Delivery permit in FY25.
