Gentlemen:

In compliance with Tax-General Article 10-804.1(e), the Comptroller's Office has compiled the accompanying Corporate Statistics of Income Report. This report contains detailed information on Maryland's corporation income tax base. The information is a tabulation of all tax year 2008 corporate returns processed as of December 6, 2010. Because some corporations file on a fiscal year basis rather than a calendar year basis, and prior year returns are often amended (due to net operating loss carrybacks, audits, credits, etc.), this report may not be directly comparable to reports issued last year.

I am pleased to submit to you this fourth report, which contains information for Tax Year 2008.

Cordially yours,

A handwritten signature in black ink, appearing to read "Peter Franchot". The signature is fluid and cursive, with a long horizontal stroke at the end.

Peter Franchot
Comptroller

Corporate Statistics of Income Accompanying Notes

- Includes returns processed as of December 6, 2010.
- Because some corporations file on a fiscal year basis rather than a calendar year basis, and prior year returns are often amended (due to net operating loss carrybacks, audits, credits, etc.), this report may not be directly comparable to reports issued last year.
- Taxable corporations include those with positive Maryland Modified Income.
- Several tables include formatting modifications intended to prevent disclosure of pertinent taxpayer information. Modifications include:
 - In tables broken out by Maryland Modified Income, the symbol "}" indicates that multiple rows have been joined. The aggregated figure is centered between the joined rows.
 - In tables broken out by Federal Business Activity Code, the symbol "(D)" indicates that field has been joined with the Missing or Misreported data.
- Except for Tables 2, 6, 7, and 9, fields below the Share of Total heading represent the allocation of corporations with taxable income.
- Federal Business Activity Codes are based on the 2002 North American Industry Classification System (NAICS).
- Figures in parenthesis are negative amounts.
- Totals in comparable tables may not sum due to rounding.
- Net Operating Loss adjustments may be carried back two years or forward twenty.
