Harford County Public Schools where

Vision

Harford County is a community of learners where educating everyone takes everyone. We empower all students to contribute to a diverse, democratic, and change-oriented society. Our public schools, parents, public officials, businesses, community organizations, and citizens actively commit to educate all students to become caring, respectful, and responsible citizens.

Mission

The Mission of Harford County Public Schools is to foster a quality educational system that challenges students to develop knowledge and skills, and to inspire them to become life-long learners and good citizens.

Goals

Ensure a safe, positive learning environment for students and staff in our schools.

Accelerate student learning and eliminate the achievement gaps.

Ensure the effective use of all resources focusing on the areas of technology, fiscal and budgetary management, and community partnerships.

Understanding that all employees contribute to the learning environment, we will maintain a highly qualified workforce.

Board of Education of Harford County

The members of the Board as of June 30, 2006, their represented areas, and the year of expiration of their terms are as follows.

Jacqueline C. Haas, Ed.D., Superintendent of Schools

September 30, 2006

Members of the Board of Education:

The Public School Laws of the State of Maryland require school districts publish within three months of the close of each fiscal year a complete set of audited financial statements. This report is published to fulfill that requirement for the fiscal year ended June 30, 2006.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable rather than absolute assurance that the financial statements are free of any material misstatements.

Clifton Gunderson LLP, a firm of licensed certified public accountants, have issued an unqualified (“clean”) opinion on HCPS financial statements for the fiscal year ended June 30, 2006. The independent auditor’s report is located at the front of the financial section of this report.

Management’s discussion ad analysis (MD&A) immediately follows the independent auditor’s report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complement this letter of transmittal and should be read in conjunction with it.

All funds and accounts of the Board are included in the comprehensive annual financial report. For financial reporting purposes, HCPS has been defined as a component unit of the Harford County Government. There, HCPS is included in the comprehensive annual financial report of Harford County.

Profile of the Government

Harford County Public Schools is a fiscally dependent school system comprised of 51 schools with an actual full time equivalent (FTE) enrollment of 40,212 in fiscal year 2006 (FY06) and a projected FTE enrollment of 40,060 in fiscal year 2007 (FY07). HCPS is the 124th largest school system of the 17,402 regular school districts in the country when ranked by enrollment. This places the system in the top one percent (1%) of school districts by size. The student body was served by 5,031 faculty and staff positions for FY06.

Harford County Public Schools

Of the 51 schools in the system, 32 are elementary schools, eight are middle schools, eight are high schools, one special education school, one technical high school, and one alternative education school. A wide array of programs are offered to all students to assist in raising academic achievement, such as early reading and SAT preparation, to competitive athletics and the arts.

For the last year data is available, FY04, HCPS' per pupil expenditures were \$7,816, ranking it 24th of the 24 school districts in the state. Despite this by most measures of student achievement, HCPS consistently ranks among the top performing school districts in Maryland.

Local economy

Harford County is located in northeastern Maryland, which ranks as one of the top growth areas in the country. The economic condition and outlook of the County have substantially improved during the past decade. Since 1995 the population has increased 11.6 percent to 237,170 as of June 30, 2005, which triggered significant construction activity and growth in the tax base. During the period, enrollment in the school system has grown by 11.7 percent. Since 1992 six elementary schools and one middle school have been added to the total plant. Numerous renovations have occurred as well.

The Harford County Department of Planning and Zoning anticipates steady, but moderate, population growth over the next twenty years. New building construction grew from \$185.1 million in FY96 to \$409.6 million in FY05. Commercial construction activity accounted for 10.9 percent of all construction during the fiscal year the balance attributed to residential construction.

Property values continued to rise in Maryland and Harford County. This rise resulted in substantial increases in property tax collections by the County. In addition, income tax revenue rose as the population grows and the economy improves. As a result, the Board of Education's budget increase request from the County for FY06 of \$21.4 million was fully funded. This is an unprecedented and an historic event.

Long-term financial planning

In 2002 the state legislature enacted the Bridge to Excellence in Public Schools Act. This law initiated major changes in the state financing of local schools in an effort to achieve not only funding equity between Maryland's 24 school districts, but adequacy of funding as well. The law promised an increase in state funding to public education of \$1.3 billion over six years. Funding streams to fulfill the state's promise beyond fiscal year 2007 remain to be identified with full funding to be achieved by fiscal year 2008. This act also moved some funding from restricted grants to unrestricted, however most programs remain in place.

Alyssa D. Kauffman, a 17-year-old senior, and Amanda L. Beck, a 17-year old junior – helped save the life of their school bus driver, Karen A. Miller, who suffered a heart attack as she drove her afternoon Fallston High School run on October 28th. The two Fallston High students helped keep Mrs. Miller calm while calling for emergency help on a cell phone, staying with their driver until professional help arrived.

Harford County Public Schools

Another factor which will affect both the local economy and HCPS, in a manner yet to be determined is the results of the federal Base Realignment and Closure Commission (BRAC). Harford County is the home of Aberdeen Proving Grounds (APG) of the US Army. BRAC recommendations, which were approved by Congress, move some military positions to Virginia but move many more civilian technical jobs from New Jersey. Estimates range from 5,000 to 20,000 new jobs may result over the next five years as a result of this move. State and County work groups have been formed to determine how to best accommodate the pending housing and infrastructure needs and to predict the economic and tax impact that will arise as a result of BRAC.

Relevant financial policies

Primary funding is provided by the State of Maryland and Harford County Government. The budget is approved by the Board of Education and the Harford County Council in accordance with state laws. The Board has no authority to levy and collect taxes or increase the budget. Formal budgetary integration, including encumbrance accounting, is employed as a management control device during the year for the governmental fund types. Management is authorized to transfer funds within major categories of expenditure, as defined by statute. Transfers between categories of expenditure during the fiscal year require approval of both the Board of Education and Harford County Council.

Marianne Traske Kozlowski, a Deerfield Elementary first grade teacher (currently on leave) earned National Board Certification from the National Board of Professional Teaching Standards in the release of those successful in the rigorous teacher staff development exercise during the 2004-05 school year.

By statute in order to receive any increase in state basic school aid, each county must appropriate an amount equal to, or greater than, the prior year per pupil appropriation. Referred to as the 'maintenance of effort' calculation, it provides that if there is no enrollment growth county funding will remain the same as that of the prior year in terms of total dollars. Counties may, and often do, appropriate far in excess of the minimum amount stipulated in the law.

Capital projects are funded by Harford County Government and the State of Maryland. The Board of Education has no authority to issue general obligation debt. Funds are budgeted and appropriated on both a project and annual basis. Capital projects funds do not lapse at the end of each year and may be expended until completion of the project. Budget transfers between projects require the approval of both the Board of Education and the Harford County Council.

Major initiatives

A major renovation of North Harford High School is currently underway and expected to be completed for the opening of the 2007 school year. During this time the school remains open and classes conducted as the construction is phased. A new middle/high school is being constructed, Patterson Mill Middle/High School, and is expected to open for the 2007 school year as well. Two more replacement high school projects are in the design stage, Bel Air High School and Edgewood High School. Construction is expected to begin in 2007 for both. Additionally the County is currently involved in site acquisition for a new elementary school in the Bel Air area.

Harford County Public Schools

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Harford County Public Schools for its comprehensive annual financial report for the fiscal year ended June 30, 2005. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Fifteen-year-old Fallston High School sophomore **Courtney Kalisz** won the 200 meter butterfly event in the United States Spring National Championships swim meet held in Seattle, Washington on April 1. Ms. Kalisz currently has the second fastest time in her specialty and is aiming for a berth on the 2008 U.S. Olympic team.

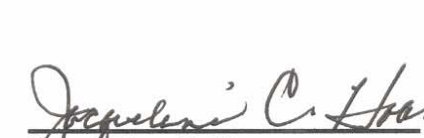

In addition, HCPS also received the GFOA's Distinguished Budget Presentation Award for its annual budget document for the Year Beginning July 1, 2005. In order to qualify for the Distinguished Budget Presentation Award, the budget document was judged to be proficient in several categories, including as a policy document, a financial plan, an operations guide, and a communications device.

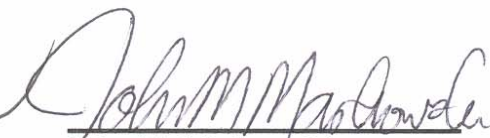

Kimberly C. "Kimmie" Meissner, who won the World Figure Skating Championship in Calgary, Canada in March, was honored by the Maryland State Board of Education on April 25th as the Board named her a Maryland *Pride* recipient as an outstanding example of a public school student. The 16-year-old Fallston High School junior is an "A/B" student despite her grueling practice/performance schedule that has her on the road or practicing for up to seven hours each day.

The preparation of this report would not have been possible without the services of the entire staff of the Finance Department, Office of Internal Audit, and Clifton Gunderson LLP. Many other offices in the system contributed to provide data for this report, including the students whose art work is published throughout the document. Our appreciation is extended to all who assisted in the timely closing of the school system's financial records and in the preparation of this report. Credit must also be given to the Superintendent and Board of Education for their unfailing

support for maintaining the highest standards of professionalism in the management of HCPS' finances.

Sincerely,

Jacqueline C. Haas

Independent Auditor's Report

Members of The Board of
Education of Harford County
Bel Air, Maryland

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Harford County Public Schools, a component unit of Harford County, Maryland, as of and for the year ended June 30, 2006, which collectively comprise the Harford County Public Schools' basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Harford County Public Schools' management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Harford County Public Schools as of June 30, 2006, and the respective changes in financial position thereof and the respective budgetary comparison for the general fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 31, 2006, on our consideration of the Harford County Public Schools' internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis on pages 15 - 25 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Harford County Public Schools' basic financial statements. The accompanying food service fund statement of revenues, expenditures and changes in fund balance compared to budget, school construction fund statement of expenditures by project, and school funds statement of increases, decreases and fund balances are presented for purposes of additional analysis and are not a required part of the basic financial statements. These statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The introductory section and statistical tables listed in the table of contents have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and, accordingly, we express no opinion on them.

Clifton Gunderson LLP

Baltimore, Maryland
August 31, 2006

Harford County Public Schools

Management's Discussion and Analysis (MD&A) *June 30, 2006*

Our discussion and analysis of Harford County Public Schools' financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2006. Please read it in conjunction with the financial statements.

Management's Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments issued June 1999. Certain comparative information between the current and prior fiscal years is required to be presented in the MD&A.

The goal of MD&A is for the District's financial managers to present an objective and easily readable analysis of the District's financial activities based on currently known facts, decisions, or conditions.

Financial Highlights

Net assets of the District grew by \$48.5 million during the fiscal year driven by additions in fixed assets and the results of operations for the fiscal year.

The unrestricted General Fund budget was increased by \$387,000, or one-hundredths of a percent (0.01%), during the year from the originally adopted budget.

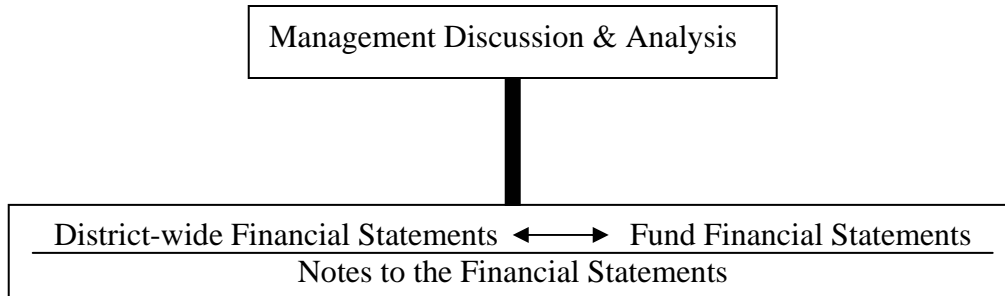

The General Fund unrestricted, undesignated fund balance on a budgetary basis increased from \$2,065,077 to \$4,727,463, a total of \$2,662,386.

The unrestricted General Fund actual revenues exceeded the amended budget by \$1,161,247 or thirty-four hundredths of a percent (0.34%), and expenditures were \$3,916,583, or one and fifteen hundredths of a percent (1.15%), under the amended budget.

Harford County Public Schools

Management's Discussion and Analysis (MD&A)
June 30, 2006

Basic Financial Statements

The illustration above represents the minimum requirements for the basic external financial statements.

District-wide financial statements. In addition to the MD&A, the District-wide Financial Statements are the other primary addition to financial reporting under GASB Statement No. 34. The District-wide perspective is designed to provide readers with a complete financial view of the entity known as Harford County Public Schools. The financial presentation of this perspective is similar to a private sector business.

The *statement of net assets* presents information on all of the assets and liabilities of the District with the difference between the two reported as *net assets*. The *statement of activities* presents information showing how the District's net assets changed during the most recent fiscal year.

These statements measure the change in total economic resources during the period utilizing the accrual basis of accounting. This means that any change in net assets is reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (like earned but unused employees leave), or for which cash has already been expended (depreciation of buildings and equipment already purchased).

The District-wide perspective is unrelated to budget and accordingly, budget comparisons are not provided.

Fund financial statements. A fund is a group of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. Harford County Public Schools uses fund accounting to ensure and demonstrate compliance with finance-related requirements. The District's funds are in two categories, governmental funds and fiduciary funds. Harford County Public Schools does not operate any enterprise activities that are reported as proprietary funds.

The measurement focus of these statements is current financial resources; therefore the emphasis is placed on the cash flows of the organization within the reporting period or near future.

Harford County Public Schools

Management's Discussion and Analysis (MD&A) *June 30, 2006*

Accordingly, the modified accrual basis of accounting that measures these cash flows is used. In the case of Harford County Public Schools, open encumbrances are excluded from expenditures and the State of Maryland's contribution to the teacher's retirement system is added to revenue and expenditures.

Fund Financial Statements are also unrelated to budget and accordingly, budget comparisons are not provided in the presentation.

Budgetary presentation of individual fund financial information utilizing the current financial resources measurement focus and the budgetary basis of accounting is presented as part of the Fund Financial Statements as well. In these statements, available cash flows of the District itself are measured as well as the commitment to acquire goods or services with that cash. Open encumbrances at year-end are included in the expenditures.

This is the legal basis upon which the budget is adopted so budget comparisons are provided. GASB Statement Number 34 requires that we present the original adopted budget as well as the final budget and discuss the changes between them.

	District-wide Statements	Fund Statements	Budgetary Fund Statements
Measurement Focus	Economic Resources	Current Financial Resources	Current Financial Resources
Basis of Accounting	Accrual	Modified Accrual	Cash and Commitments
Budget	No	No	Yes

The table above presents the differences in the presentation of the basic financial statements.

Fiduciary responsibility – Scholarship and School Activity Funds (Exhibit 8). The District is the trustee, or fiduciary, for its scholarship and student activity funds. These funds are reported as a separate Agency Fund. We exclude these activities from Harford County Public Schools' other financial statements because the assets cannot be used to finance the District's activities. We are responsible for ensuring that the assets reported in the Scholarship and School Activity Funds are used for their intended purpose.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the district-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information immediately following the notes to the financial statements.

Harford County Public Schools

Management's Discussion and Analysis (MD&A) June 30, 2006

District-wide Financial Analysis

Net assets may serve over time as a useful indicator of a district's financial position. In the case of HCPS, assets exceeded liabilities by \$264 million at the close of the fiscal year.

By far the largest portion of the district's net assets reflects the investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. These capital assets are used to provide services to the students and citizens of Harford County and are not available for future spending. Although the district's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. Minimal debt for assets is carried by the district. As previously explained, we are fiscally dependent and nearly all capital debt is carried by the County and State governments.

	<u>June 30, 2006</u>	<u>June 30, 2005</u>	<u>\$ Change</u>	<u>% Changes</u>
Assets				
Current and other assets	\$ 39,808,659	\$ 28,027,929	\$ 11,780,730	42.03%
Capital assets	<u>276,447,691</u>	<u>226,930,915</u>	<u>49,516,776</u>	<u>21.82%</u>
Total assets	<u>316,256,350</u>	<u>254,958,844</u>	<u>61,297,506</u>	<u>24.04%</u>
Liabilities				
Current and other liabilities	16,671,466	13,873,496	2,797,970	20.17%
Long-term liabilities	<u>35,582,929</u>	<u>25,557,012</u>	<u>10,025,917</u>	<u>39.23%</u>
Total liabilities	<u>52,254,395</u>	<u>39,430,508</u>	<u>12,823,887</u>	<u>32.52%</u>
Net assets				
Capital assets	265,089,048	224,455,835	40,633,213	18.10%
Restricted assets	2,976,197	3,005,682	(29,485)	(0.98)%
Unrestricted	<u>(4,063,290)</u>	<u>(11,933,181)</u>	<u>7,869,891</u>	<u>(65.95)%</u>
Total net assets	<u>\$ 264,001,955</u>	<u>\$ 215,528,336</u>	<u>\$ 48,473,619</u>	<u>22.49%</u>

The District's net assets increased by over \$48 million during the fiscal year ending June 30, 2006, as illustrated in the above table and Exhibit 2. The growth is attributed to increased capital assets and the results of operations for the year.

The unrestricted deficit at June 30, 2006 of \$4.1 million is the result of combining the fund balance from the General Fund (Exhibit 3) with the compensated absences long-term liabilities. We are committed by employee agreements to pay employees at retirement twenty-five percent (25%) of their earned but unused sick leave. For administrators the limit is 250 days, all others are up to 200 days, plus any earned and unused vacation. The long-term portion is the amount we expect to pay beyond June 30, 2006. Slightly over \$21.2 million is attributed to sick leave and \$3.3 million to vacation leave liabilities. Historically this liability was funded on a "pay as you go" basis from available current financial resources. This method is expected to continue.

Harford County Public Schools

Management's Discussion and Analysis (MD&A)

June 30, 2006

The remaining \$11.1 million long-term liability balance represents our obligations under the capital lease for the construction of a new administration building.

Results of operations for the District as a whole are presented in Exhibit 2, the Statement of Activities. Approximately \$404 million in expenses are reported. To the extent possible revenue directly attributed to the function or program is reported against the appropriate expense. Included in such revenues are charges for services and grants. \$258.8 million in expenses were paid using other general revenue sources not specifically attributed to a function or program.

The Food Service program is designed to be self-funded. Notice on the Statement of Activities that it is only one of two programs that ended the year with a surplus not requiring other general revenues.

	Total Cost of Services	Net Cost of Services	% Net Cost to Total
Instruction	\$283,120,457	\$167,844,399	64.86%
Pupil personnel	1,776,542	1,693,433	0.66%
Health services	3,486,624	3,451,354	1.33%
Pupil transportation	23,233,927	13,295,654	5.14%
Operation and maintenance of plant	39,583,633	35,922,726	13.88%
Food services	12,228,731	(431,571)	(0.17)%
All others	<u>40,837,968</u>	<u>36,990,906</u>	<u>14.30%</u>
Total	<u>\$404,267,882</u>	<u>\$258,766,901</u>	<u>100.00%</u>

Above is a table summarizing the district-wide cost of services for each program or function. About 86% of the net costs of services are directly related to students' instruction and welfare. Of the remaining 14%, all but about 4% is used for the direct administration of schools and instructional support. It is important to note that in this report format, costs for employee benefits and depreciation on fixed assets are allocated to the appropriate program or function.

District revenues increased by 17.1% from the prior year, as shown on the table below. This increase is attributable to local, state aid, and grant increases. The District is fiscally dependent on local and state aid to fund its daily operations. State aid is largely formula driven based on student population and wealth. Local revenue, provided by the Harford County Government, is dependent upon the economic condition of the County. However, the education statute requires a minimum level of funding equal to the prior year's per pupil contribution times the current year projected enrollment. Most the operating and capital grant funding is from the State and County governments as well.

Expenses grew at nearly 14%. The bulk of the growth occurred in the instruction category reflecting continued wage and benefit cost increases and the addition of new teaching positions in the district.

June 30, 2006

Fund Performance

Funds are self-balancing sets of accounts used by the District to control and manage money for particular purposes. As pointed out earlier, fund information is presented in two ways to satisfy two specific purposes.

Exhibit 3 is the Balance Sheet for the District's governmental funds and Exhibit 5 presents those same funds' results of operations. It should be noted that the Undesignated Fund Balance deficit for the Capital Projects Fund of \$34,370,606 is offset by encumbrance reserves.

General Fund - Unrestricted (Exhibit 7)

Below is an explanatory list of additions made to the original budget during the fiscal year.

VoIP Telephone System	\$ 180,000
500 KW Generator	207,000
Inclusion Helpers	400,000
Non-public placements	250,000
Interim assistant principals	75,000
Textbooks and instructional materials	605,000
Automated External Defibrillators	20,000
Gasoline and diesel fuel	<u>400,000</u>
Total budget increase	<u>\$ 2,137,000</u>

A schedule of changes between the original and final budgets for the year ending June 30, 2006 support the list presented above. These additions were largely funded by adjustments to wage and benefits accounts throughout the budget.

It is critical for the reader to understand that local and state revenues account for 98% of the total General Fund unrestricted revenue. Both are stable and highly predictable.

Of significance because it reversed the trend for the past few years, earnings on investments exceeded budget by nearly three and three-quarter times.

Harford County Public Schools

Management's Discussion and Analysis (MD&A) *June 30, 2006*

Capital Asset and Debt Administration (See Note 1)

At June 30, 2006 the District had over \$372 million invested in a broad range of capital assets including land, buildings and improvements, furniture, vehicles and other equipment. Capital assets increased by nearly \$56 million from the same time last year, excluding the effect of depreciation, as shown in the table below. This increase is primarily attributed to the construction of Patterson Mill Middle/High School and North Harford High School. Both projects are expected to be completed for the 2007-08 school year opening.

	<u>June 30, 2006</u>	<u>June 30, 2005</u>	<u>\$ Change</u>	<u>% Changes</u>
Construction in progress	\$ 70,341,885	\$ 33,011,312	\$ 37,330,573	113.08%
School properties	283,407,608	267,875,827	15,531,781	5.80%
Furniture, fixtures and equipment	<u>18,017,979</u>	<u>14,942,625</u>	<u>3,075,354</u>	<u>20.58%</u>
Total capital assets	<u>\$371,767,472</u>	<u>\$315,829,764</u>	<u>\$ 55,937,708</u>	<u>17.71%</u>

School Districts in Maryland are in the uncommon position, as they are fully fiscally dependent on the state and county governments, of owning assets but not the debt associated with those facilities. Accordingly, the District carries no bond rating and has no debt policy.

Future Issues

Significant legislation by the federal and state governments has impacted public education in Maryland. The federal "No Child Left Behind" act requires that the all students meet standards and that each school and sub-group of students show adequate yearly progress. In addition it requires that teachers be highly qualified in their content areas.

Maryland enacted the "Bridge to Excellence" statute which requires that each school district adopt a master plan. This plan is to be reviewed by the County governments, and then submitted to the Maryland State Department of Education for approval. A component of the plan is the fiscal impact of each new initiative contained in the plan.

In FY07 Harford County's first Charter School will open. Housed in the Center for Educational Opportunity and sharing that space with our Alternative Education School and Professional Development Center, the Charter School will begin with 30 students and is expected to expand to 75 students for the 2007-08 school year. Per pupil funding for Charter Schools in Maryland is being litigated in matters relating to in-kind services provided by the local school district such as special education, student health, and transportation services.

Harford County Public Schools continue to cope with overcrowding in many of the secondary schools. In addition, many of the buildings are in need of renovation. Funding for capital projects is jointly shared by the State and County. Traditionally, projects receive preliminary

Harford County Public Schools

Management's Discussion and Analysis (MD&A)

June 30, 2006

approval from the State. Given the critical situation the County agreed to forward fund a new middle/high school at Patterson Mill, scheduled to open for the 2007-08 school year. Additionally a need for a new elementary school has been identified and a location is being sought.

The Governmental Accounting Standards Board (GASB) has issued Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, which addresses how state and local governments should account for and report their costs and obligations related to postemployment healthcare and other nonpension benefits. Collectively, these benefits are commonly referred to as *other postemployment benefits*, or *OPEB*.

The statement generally requires that state and local governmental employers account for and report the annual cost of OPEB and the outstanding obligations and commitments related to OPEB in essentially the same manner as they currently do for pensions. Annual OPEB cost for most employers will be based on actuarially determined amounts that, if paid on an ongoing basis, generally would provide sufficient resources to pay benefits as they come due. The provisions of Statement 45 may be applied prospectively and do not require governments to fund their OPEB plans. An employer may establish its OPEB liability at zero as of the beginning of the initial year of implementation; however, the unfunded actuarial liability is required to be amortized over future periods.

We are required to implement Statement 45 the earlier of FY08 or when implemented by the primary government. We have contracted with an actuary to provide information necessary to establish a beginning liability as of July 1, 2006. Information provided by the actuary will be shared with the Board to determine if policy changes related to retiree benefits are in order and should the County decide to early implement.

Contacting Harford County Public Schools' Financial Management

Our financial report is designed to provide our citizens, taxpayers, parents, and students with a general overview of the District's finances and to demonstrate its accountability for the money it receives.

If you have questions about this report or wish to request additional financial information, contact John M. Markowski, Chief Financial Officer, (410) 588-5243, or Jay G. Staab, Finance Director, (410) 588-5237, at Harford County Public Schools, 102 South Hickory Avenue, Bel Air, Maryland 21014.

Harford County Public Schools

**RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF
REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES
TO THE STATEMENT OF ACTIVITIES
JUNE 30, 2006**

Total excess of revenues over expenditures - governmental funds (Exhibit 5)	\$ 374,582
Amounts reported for governmental activities in the statement of activities are different because:	
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay (\$56,893,088) exceeds depreciation expense (\$ 7,376,313).	49,516,775
Payments (including principal and interest) on obligations under capital lease are reported in governmental funds as expenditures. However, in the statement of activities, the principal portion of the payments are treated as a reduction of the balance of the obligation under capital lease. The principal portion of payments made during the year was \$9,729.	9,729
In the statement of activities, compensated absences are measured by the amounts earned during the year. In the governmental funds, however, expenditures for compensated absences are measured by the amount of financial resources used (essentially, the amounts actually paid or expected to be paid within one year) This year, vacation and sick leave earned exceeded the amounts used by \$1,389,272.	(1,389,272)
In the statement of activities, all inventories are charged to expense as goods are used in operations (the consumption method). However, in the government funds, the value of U.S.D.A. commodities is recorded as an expenditure at the time the inventory is acquired (the purchase method) and reflected as a reservation of fund balance. The decrease in the amount of fund balance reserved for inventory during the year was \$38,195.	(38,195)
Change in net assets of governmental activities (Exhibit 2)	<u><u>\$ 48,473,619</u></u>

The accompanying notes are an integral part of these financial statements.

HARFORD COUNTY PUBLIC SCHOOLS
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
June 30, 2006

The Board of Education of Harford County (the Board) is a body politic and corporate established by the Public School Laws of Maryland. For financial reporting purposes, the Board (alternatively referred to herein as Harford County Public Schools) is a component unit of Harford County, Maryland by virtue of the County's responsibility for levying taxes and its budgetary control over the Board of Education. Accordingly, the financial statements of the Board are included in the financial statements of Harford County.

The accounting policies of Harford County Public Schools conform to generally accepted accounting principles (GAAP) for governmental units. Significant accounting policies employed by the Board are as follows.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Statement of Net Assets and the Statement of Activities report information on all of the non-fiduciary activities of Harford County Public Schools as a whole. For the most part, the effect of interfund activity has been removed from these statements. The activities of the General Fund (Current Expense Fund), Special Revenue Fund (Food Service Fund) and Capital Projects Fund (School Construction Fund) have been presented as governmental activities in the government-wide financial statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational requirements of a particular program. Local appropriations, state and federal aid and other items which are not classified as program revenues are presented as general revenues of the Board. The Board has no internal service funds and internal activity is negligible and has not been eliminated in the Statement of Activities.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. All individual governmental funds are considered to be major funds and are reported as separate columns in the fund financial statements. The Board has no proprietary funds.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Local appropriations and state and federal aid are recognized as revenues in the year for which they were approved by the provider. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

HARFORD COUNTY PUBLIC SCHOOLS
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
June 30, 2006

**MEASUREMENT FOCUS, BASIS OF ACCOUNTING
AND FINANCIAL STATEMENT PRESENTATION (CONTINUED)**

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Board considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to certain compensated absences are recognized when the obligations are expected to be liquidated with expendable available resources.

Local appropriations and state and federal aid associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria have been met. Expenditure-driven grants are recognized as revenues when the qualifying expenditures have been incurred and all other grant requirements have been met.

Interfund balances account for expenditures paid in the general fund for other funds through a common system. Reimbursements are made periodically as revenues are received.

Agency funds are custodial in nature and do not measure results of operations or have a measurement focus. Agency funds do, however, use the accrual basis of accounting.

The Board reports the following funds in the fund financial statements:

Governmental Funds

Current Expense Fund (General Fund) - The general fund is the general operating fund of the Board. It is used to account for all financial resources except those required to be accounted for in another fund. Special state and federal programs are included in the restricted portion of this fund.

Food Service Fund (Special Revenue Fund) - Special revenue funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes.

School Construction Fund (Capital Projects Fund) - Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

HARFORD COUNTY PUBLIC SCHOOLS
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
June 30, 2006

**MEASUREMENT FOCUS, BASIS OF ACCOUNTING
AND FINANCIAL STATEMENT PRESENTATION (CONTINUED)**

Fiduciary Funds

Scholarship and School Funds (Agency Fund) - Agency funds are used to account for assets held by the Board in a trustee capacity. Scholarship funds account for monies that have been donated for scholarships until awarded. The school funds account for student activities such as student clubs, yearbooks and field trips. These funds are the direct responsibility of the principals of the respective schools.

Applicability of Accounting Pronouncements

The accounting policies of Harford County Public Schools conform to accounting principles generally accepted in the United States of America. Accordingly, the Board applies all applicable Governmental Accounting Standards Board (GASB) pronouncements as well as the following pronouncements issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements: Statements and Interpretations of the Financial Accounting Standards Board, Accounting Principles Board Opinions, and Accounting Research Bulletins.

Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets, are reported as governmental activities in the government wide financial statements. Capital assets are defined by the Board as assets with an initial, individual cost of more than \$5,000. Capital assets are recorded at historical cost, or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated fair value on the date donated. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment are depreciated using the straight-line method over estimated useful lives of 20-50 years for buildings, improvements and infrastructure, and 5-20 years for equipment.

Assets which have been acquired with funds received through federal grants must be used in accordance with the terms of the grant. Federal regulations require, in some cases, that the Board must reimburse the federal government for any assets which the Board retains for its own use after the termination of the grant unless otherwise provided by the grantor.

BUDGETS AND BUDGETARY ACCOUNTING

The Board follows these procedures in establishing the budgetary data reflected in the financial statements:

HARFORD COUNTY PUBLIC SCHOOLS
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
June 30, 2006

BUDGETS AND BUDGETARY ACCOUNTING (CONTINUED)

Budgetary compliance is measured using the budgetary basis of accounting, the purpose of which is to demonstrate compliance with the legal requirements of Harford County, the State of Maryland, and special federal and state programs.

The budgetary basis differs from GAAP, which is used for the fund financial statements, in that encumbrances, which represent commitments to purchase goods and services, are treated as expenditures of the current period rather than as reservations of the fund balance. The other principal differences are that under the budgetary basis, certain designations of the prior year's fund balance are treated as revenue of the current period and compensated absences currently payable are not recognized as expenditures until the subsequent fiscal year. The Statement of Revenues, Expenditures and Changes in Fund Balances - Budget (non-GAAP basis) and Actual-General Fund is presented using the budgetary basis of accounting.

Operating Budget (General Fund)

- 1) In early June, budget questionnaires are distributed to principals and staff members. These questionnaires and supporting documents are due in the office of the Director of Budget at the beginning of October.
- 2) At the regular monthly meetings in October and November, the Board will establish its priorities for the operating budget.
- 3) At the regular monthly meeting in December, the Superintendent of Schools will present the recommended operating budget to the Board and the general public.
- 4) In December, the Board will hold a special meeting for the purpose of providing for a public hearing on the Superintendent's recommended operating budget.
- 5) At the regular monthly meeting in January, the Board will adopt an operating budget and submit the adopted operating budget to the County Executive.
- 6) After approval or adjustment by the County Council, the final operating budget is approved by the Board in June.
- 7) Budgets are normally adopted on a basis consistent with GAAP except for the inclusion of portions of the prior year's fund balance as revenues, the inclusion of encumbrances as expenditures and the exclusion of retirement payments made on the Board's behalf by the State of Maryland as revenues and expenditures. Budget comparisons presented are on a non-GAAP budgetary basis.

HARFORD COUNTY PUBLIC SCHOOLS
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
June 30, 2006

BUDGETS AND BUDGETARY ACCOUNTING (CONTINUED)

- 8) Transfers may be made within the major categories by the Board of Education without the approval of the County Council as budgetary control is at the category level.
- 9) Requests for transfers between major categories must be submitted to the County Council for approval or denial. No action within thirty (30) days of submission constitutes approval.

The expenditures under special state and federal programs may exceed budgeted amounts. The grants included in this category are not part of budget categories subject to the spending limitations of the operating budget. Expenditures under these programs are limited to the amounts of the respective grants.

Food Services Fund Budget (Special Revenue Fund)

The Food Service Fund Budget is not a legally adopted budget and, therefore, a budget to actual presentation is not included in the basic financial statements. The comparison with actual revenues and expenditures is presented as a supplementary schedule to these financial statements. Revenue from Federal sources in the Food Services Fund includes \$720,024 of donated commodities from the United States Department of Agriculture.

Capital Budget - School Construction Fund (Capital Projects Fund)

Annual budgetary comparisons to actual expenditures are not presented in the financial statements for the capital projects fund.

School construction is budgeted on a project basis with funds primarily provided by Harford County and the State of Maryland. State funds are approved by the State's interagency committee.

ENCUMBRANCES

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund, special revenue fund, and capital projects fund. Encumbrances outstanding at year-end are reported as reservations of fund balances since they do not constitute expenditures or liabilities.

**HARFORD COUNTY PUBLIC SCHOOLS
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
June 30, 2006**

CASH AND INVESTMENTS

A. Cash on Hand

At year end, cash on hand for petty cash and change funds was \$100.

B. Deposits

At year end, the carrying amount of the Board of Education's deposits was \$2,501,241, consisting of a cash balance of \$4,858,631 net of bank overdraft of \$2,357,390 and the corresponding bank balances were \$2,708,612. Of the bank balance, \$890,354 was covered by Federal Depository Insurance and \$1,046,406 was covered by collateral held in pledging bank's trust department in the Board of Education's name. As a result, these school funds were exposed to custodial credit risk. The Board of Education has a contractual arrangement with the bank for funds to be transferred daily from investment in a repurchase agreement to cover checks as presented.

C. Investments

At June 30, 2006, the Board of Education's investment balances by type and maturity were as follows:

The Board of Education invests in the Maryland Local Government Investment Pool (MLGIP), which is under the administration of the State Treasurer. The MLGIP was established in 1982 under Article 95 Section 22G of the Annotated Code of Maryland and is rated AAA by Standard and Poors, their highest rating for money market funds. Unit value is computed using the amortized cost method. In addition, the net asset value of the pool, marked-to-market, is calculated and maintained on a weekly basis to ensure a \$1.00 per unit constant value.

At June 30, 2006 the Board of Education's investment balances were as follows:

	Fair Value
Repurchase agreements	\$ 10,628,601
Investment in Maryland State Treasurer's Investment Pool	1,052,321
Total	\$ 11,680,922

HARFORD COUNTY PUBLIC SCHOOLS
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
June 30, 2006

CASH AND INVESTMENTS (CONTINUED)

D. Reconciliation of cash and investments as shown on the Statement of Net Assets:

Cash on hand	\$ 100
Carrying amount of deposits	143,851
Carrying amount of cash overdraft	2,357,390
Carrying amount of investments	<u>11,680,922</u>
Total cash and investments	14,182,263
Less: amounts in fiduciary funds	<u>2,500,754</u>
Total cash and investments per statement of net assets	<u>\$ 11,681,509</u>
Cash and cash equivalents	\$ 587
Investments	<u>11,680,922</u>
Total cash and investments per statement of net assets	<u>\$ 11,681,509</u>

Investment Rate Risk

Fair value fluctuates with interest rates, and increasing interest rates could cause fair value to decline below original cost. To limit the Board of Education's exposure to fair value losses arising from increasing interest rates, the Board of Education's investment policy limits the term of investment maturities except in the fiduciary funds, for which longer term maturities are allowed to match the cash flow of liabilities. The Board of Education's management believes the liquidity in the portfolio is adequate to meet cash flow requirements and to preclude the Board of Education from having to sell investments below original cost for that purpose. The investments at June 30, 2006, complied with the Board of Education's investment policy as of that date.

Investment income includes the following for the year ended June 30, 2006:

Net interest and dividends	\$ 1,065,913
Less: Restricted net investment income	<u>273,196</u>
Total net investment income per statement of activities	<u>\$ 792,717</u>

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of failure of the counter party, the Board of Education will not be able to recover all or a portion of the value of its investments or collateral securities that are in the possession of an outside party. For the Board of Education, \$10,628,601 in repurchase agreements and \$1,052,321 in the MLGIP, the underlying securities were held by a custodian in the Board of Education's name. At June 30, 2006, all of the Board of Education's investments were insured or registered, or were held by the custodian in the Board of Education's name or were invested in MLGIP. The Board's policy is that all investments must be fully collateralized.

HARFORD COUNTY PUBLIC SCHOOLS
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
June 30, 2006

DUE FROM OTHER UNITS OF GOVERNMENT AND OTHER RECEIVABLES

Due from other units of government consists primarily of amounts due for local and state appropriations under the operating budget and capital projects, and, expenditures in excess of amounts received under grant agreements. Other receivables include amounts due from other local education agencies for out of county tuition and the deposit with the Harford County Consortium for stabilization of health insurance costs.

Accounts receivable are not collateralized, but are primarily with other governmental units and related agencies. These entities rarely default on their obligations and management of the Board considers all amounts collectible at June 30, 2006. Therefore, no valuation allowance is provided against the amounts due.

INVENTORY

Inventory is valued at the lower of cost (first-in, first-out) or market. Inventory consists of expendable food and supplies held for consumption. The cost is recorded as an asset at the time individual inventory items are purchased. Inventory is charged to expenditures as the inventory is consumed, except for USDA commodities inventory which is recorded as expenditures as the inventory is acquired.

COMPENSATED ABSENCES

At June 30, 2006, annual and sick leave earned, applicable to governmental fund types, but not taken by Board of Education employees, was \$25,298,943. This amount is based on vested accumulated leave as of June 30, 2006, for personnel eligible to receive annual leave benefits at retirement. Sick leave is accrued for employees with at least ten years of service and calculated at 25% of their annual daily rate up to a maximum of 200 days. An accrual in the amount of \$818,008 was made in the general fund for the year ended June 30, 2006. This amount was an estimate of the accumulated annual and sick leave which will be paid to retirees at the beginning of the fiscal year ending June 30, 2006. Essentially all such payments to retirees are made in the first month of the new fiscal year. The remaining long-term liability for accumulated annual and sick leave earned in the amount of \$24,480,935 is reported as a long-term liability in the Government-wide financial statements. The long-term portion is not reported in the fund financial statements.

NET ASSETS

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets consist of capital assets, net of accumulated depreciation. Net assets are reported as restricted when there are limitations placed on their use through external restrictions imposed by grantors or laws or regulations of other governments.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
June 30, 2006

USE OF ESTIMATES IN PREPARING FINANCIAL STATEMENTS

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

This information is an integral part of the
accompanying financial statements.

HARFORD COUNTY PUBLIC SCHOOLS
NOTES TO FINANCIAL STATEMENTS
June 30, 2006

NOTE 1 - CAPITAL ASSETS (CONTINUED)

The Board has active school construction projects as of June 30, 2006 as follows:

	Spent-to- Date	Remaining Commitment
Project:		
Bel Air High modernization	\$ 390,633	\$ 27,476,523
North Harford High modernization	31,743,415	13,151,865
Patterson Mill – New Middle/High School	30,454,699	21,743,172
Edgewood Middle HVAC – Phase II	4,737,625	48,600
North Harford Sewer	405,000	65,000
C. Milton Wright High School Roof	16,000	910,817
Dublin Elementary High School Roof	6,500	275,249
Bel Air Middle Air Conditioning	24,615	182,045
Fallston Middle School Improvements	2,369,028	271,260
Joppatowne High Chillers	194,370	136,078
Total	\$70,341,885	\$ 64,260,609

These projects are financed primarily by capital grants from Harford County and the State of Maryland. Contracts are not entered into with contractors until such funding is obtained.

NOTE 2 - RECONCILIATION OF BUDGETARY DATA

The Statement of Revenues, Expenditures and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual - General Fund is prepared on a legally prescribed budgetary basis of accounting which differs from GAAP. The purpose of the budgetary basis of accounting is to demonstrate compliance with the legal requirements of Harford County, the State of Maryland and special federal and state programs.

The differences between the two methods are set forth below:

Revenues (non-GAAP budgetary basis) (unrestricted and restricted)	\$ 363,898,295
Fund balance at June 30, 2005 designated for current year's expenditures	(2,120,942)
Revenues adjusted by encumbrances of expenditure driven grants	23,024
Pension contributions made directly by State	16,388,211
Interest earned on rate stabilization deposit	272,909
Changes in value of rate stabilization fund	5,299,707
Revenues (GAAP basis)	\$383,761,204
Expenditures (non-GAAP budgetary basis) (unrestricted and restricted)	\$ 358,820,465
Encumbrance adjustments (net)	(706,636)
Pension contributions made directly by State	16,388,211
Expenditures (GAAP basis)	\$374,502,040

**HARFORD COUNTY PUBLIC SCHOOLS
NOTES TO FINANCIAL STATEMENTS
June 30, 2006**

NOTE 2 - RECONCILIATION OF BUDGETARY DATA (CONTINUED)

The undesignated fund balances in the current expense fund (General Fund) are reconciled as follows:

Undesignated fund balance (non-GAAP budgetary basis)	\$ 4,727,463
Cumulative effect of:	
Revenues adjusted by encumbrances of expenditure driven grants	(436,631)
Rate stabilization and MAMSI receivable	<u>8,823,793</u>
Undesignated fund balance (GAAP basis)	<u>\$13,114,625</u>

NOTE 3 - FUND BALANCES

Fund balance at June 30, 2006 designated for fiscal year 2007 consists of the following:

	General Fund	Food Services Fund
Designated Fund Balance		
Revenue for fiscal year 2007	\$ 1,848,278	\$ 340,000
Future health insurance call	<u>1,225,166</u>	<u>-</u>
Total	<u>\$ 3,073,444</u>	<u>\$ 340,000</u>

Capital Projects Fund

The School Construction Fund (Capital Projects Fund) had an undesignated fund balance deficit of \$34,370,606 at June 30, 2006. School construction is accounted for on a project basis where revenues are recognized at the same time as related expenditures. Under the budgetary basis of accounting, this results in a fund balance of zero at the end of each period.

Under GAAP, revenues are not recognized to the extent of the outstanding reserve for encumbrances causing a deficit in undesignated fund balance equal to that reserve. This situation reverses in subsequent accounting periods.

HARFORD COUNTY PUBLIC SCHOOLS
NOTES TO FINANCIAL STATEMENTS
June 30, 2006

NOTE 4 - PENSION PLANS

Plan Description

The Board's employees are covered by the Teachers Retirement System of the State of Maryland, the Teachers Pension System of the State of Maryland or The Employees Retirement System of the State of Maryland. These systems are part of the Maryland State Retirement and Pension System (the State System), and are cost-sharing multiple-employer public employee retirement systems. The State System provides pension, death and disability benefits to plan members and beneficiaries. The State of Maryland pays a substantial portion of employer contributions on behalf of the Board. The plan is administered by the State Retirement Agency (the Agency). Responsibility for the administration and operation of the State System is vested in a 12-member Board of Trustees. The State System was established by the State Personnel and Pensions Article of the Annotated Code of Maryland. The Agency issued a publicly available financial report that includes basic financial statements and required supplementary information for the State System. The report may be obtained by writing to the State Retirement and Pension System of Maryland, 120 East Baltimore Street, Baltimore, MD 21202, or by calling 410-625-5555.

The State Personnel and Pensions Article requires active members to contribute to the State System at the rate of 5% or 7% of their covered salary depending upon the retirement option selected. Harford County Public Schools is required to contribute at an actuarially determined rate. The State's contributions on behalf of the Board for the years ended June 30, 2006, 2005, and 2004 were \$16,388,211, \$16,172,006 and \$15,616,081, respectively, which were equal to the required contributions for each year. The Board's contribution for the years ended June 30, 2006, 2005 and 2004 were \$2,187,791, \$1,298,426 and \$870,419, respectively, which were equal to the required contributions for each year.

NOTE 5 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS

The Board provides medical, dental and life insurance benefits to eligible employees who retire from employment with the Harford County Public School System. The employer's contributions are financed on a pay-as-you-go basis, and the future payment of these benefits is contingent upon the annual approval of the operating budget. Details of the postemployment benefits provided are as follows:

Medical Benefits - Retirees are eligible for continued membership in one of the school system's group medical plans provided that they have at least 10 years service with the Harford County Public Schools and are under 65 years of age. The school system pays premiums for these plans limited to 90% of a specified health plan's premium. Supplemental coverage for retirees 65 years of age and older are also paid up to 90% of premiums for such coverage. The medical benefits paid by the Board for the year ended June 30, 2006 was \$8,989,634. As of June 30, 2006, 1,607 of approximately 1,701 eligible participants were receiving benefits.

HARFORD COUNTY PUBLIC SCHOOLS
NOTES TO FINANCIAL STATEMENTS
June 30, 2006

NOTE 5 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS
(CONTINUED)

Dental Benefits - The Board pays 90% of dental coverage for retirees with at least 10 years service. The dental benefits paid by the Board for the year ended June 30, 2006 was \$558,707. As of June 30, 2006, 1,502 of approximately 1,701 eligible participants were receiving benefits.

Life Insurance Benefits - The Board pays 90% of the life insurance premiums for retirees with at least 10 years of service with the amount of insurance coverage reducing from \$20,000 upon retirement to \$10,000 five years after retirement. The life insurance benefits paid by the Board for the year ended June 30, 2006 was \$45,933. As of June 30, 2006, 1,481 of approximately 1,701 eligible participants were receiving benefits.

The Board has not assessed the impact on its financial position or results of operations of implementing GASB Statement No. 45, *Accounting and Reporting by Employers for Postemployment Benefits Other Than Pensions*. This statement will require prospective recognition of the cost of these benefits as they are earned rather than as they are paid in the Government-wide and proprietary and fiduciary fund financial statements. Recognition in governmental fund financial statements will be on the modified accrual basis. The required implementation date for this statement is fiscal year 2008; however, as a component unit of Harford County, the Board would have to early implement the statement if Harford County chooses to do so. The Board has contracted an actuary to compute its unfunded actuarial liability as of July 1, 2006.

NOTE 6 - LONG-TERM LIABILITIES

Long-term liability activity for the year ended June 30, 2006 was as follows:

	Balance at July 1, 2005	Increase	Reductions	Balance at June 30, 2006	Due Within One Year
Capital lease	\$ 2,475,080	\$ 8,893,292	\$ 9,729	\$ 11,358,643	\$ 256,649
Compensating absence	<u>24,118,562</u>	<u>2,186,012</u>	<u>1,005,631</u>	<u>25,298,943</u>	<u>818,008</u>
Total Governmental Activities	<u>\$ 26,593,642</u>	<u>\$11,079,304</u>	<u>\$ 1,015,360</u>	<u>\$ 36,657,586</u>	<u>\$ 1,074,657</u>

Compensating absences have typically been liquidated by the General Fund in prior years.

The Board entered into lease agreements as lessee to construct the administration building in the amount of \$11,400,223, which was completed in January 2006. The lease agreement is for a period of twenty-five years. The asset acquired and capitalized under the capital lease is as follows:

HARFORD COUNTY PUBLIC SCHOOLS

2022 – 2026	4,119,110
2027 - 2030	<u>3,295,288</u>
Total minimum lease payments	19,771,728
Less:	
Amount representing interest	8,381,234
Unexpended amount	<u>31,851</u>
Present value of minimum lease payments	<u>\$ 11,358,643</u>

NOTE 7 - RISK MANAGEMENT

The Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Board is a member of the Maryland Association of Boards of Education Group Liability Insurance Pool and the Workmen’s Compensation Self Insurance Fund.

These pools are self insurance funds for the various member Maryland Boards of Education. The pools were organized for the purpose of minimizing the cost of insurance and related administrative expenses.

Coverage is provided up to specified limits and Harford County Public Schools pays an annual premium for the coverage provided by those pools. In addition to general liability insurance, the Group Liability Insurance Pool also provides coverage for property liability and automobile liability. Coverage above these limits is provided by third party insurance carriers. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

HARFORD COUNTY PUBLIC SCHOOLS
NOTES TO FINANCIAL STATEMENTS
June 30, 2006

NOTE 8 - CONTINGENCIES AND COMMITMENTS

The Board has also been named as defendant in several lawsuits, the outcome of which is uncertain. It is anticipated by the Board that an adverse decision on any or all of these suits would not have a material adverse effect on these financial statements.

The Board leased certain properties for offices, storage and other uses under long-term operating leases before the completion of the administration building. Expenditures for rent under operating leases amounted to approximately \$231,930 for the year ended June 30, 2006.
