September 30, 2019

Members, Board of Education:

The Comprehensive Annual Financial Report (CAFR) of the Prince George's County Public Schools (PGCPS or "the School System") for the fiscal year ended June 30, 2019, is enclosed. This report is prepared pursuant to the requirements of Section 5-109 of the Public School Laws of Maryland. It presents the results of financial operations of the School System, one of eight governmental entities which are administered, pursuant to State law, by separate boards or commissions and to which Prince George's County ("the County") provides partial fiscal support.

This fiscal relationship and the County's control over the budget process results in the School System being considered a component unit of the County for financial reporting purposes, a requirement of the Governmental Accounting Standards Board (GASB).

## **MANAGEMENT RESPONSIBILITY**

Management has established internal accounting controls designed to provide reasonable assurance that assets are properly safeguarded and accounted for and that reliable accounting information is used to prepare financial statements in accordance with generally accepted accounting principles (GAAP). The concept of reasonable assurance recognizes that the cost of a control should not exceed benefits likely to be derived, and that the valuation of costs and benefits require estimates and judgments by management.

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the School System. We believe the data is accurate in all material respects and is presented in a manner that fairly reflects the financial position and the results of operations of the School System. All disclosures necessary to enable the reader to gain maximum understanding of the School System's financial affairs have been provided.

## **AUDITOR'S OPINION**

The firm of CliftonLarsonAllen LLP has audited the 2019 financial statements. Included in the beginning of the next section is its opinion, expressed on pages 3-5. The independent auditor's report on the basic financial statements is unmodified.

Following the auditor's opinion is Management's Discussion and Analysis (MD&A), a narrative overview and analysis (see page 9) to accompany the financial statements that follow. This transmittal letter is designed to complement and should be read in conjunction with the MD&A.

CliftonLarsonAllen LLP also conducts a "Single Audit" each year to meet specific financial regulations. That audit places emphasis on internal controls and compliance requirements of federal awards. It is separately issued as a Uniform Grant Audit.

## **THE LOCAL ECONOMY**

Prince George's County, is the second largest county in the State of Maryland. It is uniquely located just minutes from downtown Washington, D.C., it's adjacent to Northern Virginia across the Potomac River, and it is less than 25 minutes from historic Annapolis and 45 minutes from the City of Baltimore's Inner Harbor.

Prince George's County is home to the largest technology/aerospace sectors, and a growing hospitality sector. Stinger Ghaffarian Technologies (SGT), Inovalon, Verizon, and MGM National Harbor Casino and Resort are the county's major private employers. Since the 2008-2009 mounting foreclosures, rising levels of unemployment, distressed commercial real estate, and slumping retail, Prince George's County's economy has been on an upswing with the increase in employment being a significant contributor. For a third consecutive year, employment has increased from 485,154 to 515,000. With a population of 914,000 Prince Georgians, which consist of 311,000 households and a median household income of \$81,240, the county continues to grow with the support of the local community and a strong recovery from the recent recession.

Prince George's County has experienced tremendous growth over the past decade. The county has several major development projects currently underway in addition to the expansion of retail and commercial office space. With its focus on economic development, such as the Greenbelt Station Town Centre, Hampton Park, Konterra, Largo Town Center/Boulevard at the Capital Centre, Natural Gas Electric Power Plants, National Harbor, New Carrollton Mixed use Development, Purple Line, Riverdale Park Station, The Shops at Iverson, South Lake, Towne Square at Suitland Federal Center, University of Maryland Capital Region Medical Center, University of Maryland Discovery District, Westphalia Town Center, and Woodmore Towne Centre, Prince George's County is on the rebound. The county continues to offer good value and greater affordability relative to the surrounding regions.

## **SCHOOL SYSTEM BUDGET AND RISK MANAGEMENT**

Serving over 134,500 students, Prince George's County Public Schools operating budget is approximately \$2.047 billion for FY 2019. Each year PGCPSS adopts a balanced budget. Development of the budget begins in the fall with public hearings and ends in late spring with Board of Education's final approval. The budget covers the period of July 1 through June 30. Funding for public education comes from federal, state and local sources. The School System uses the Student Based Budgeting (SBB) model, which helps to match resources to students' need.

### **The Operating Budget**

The FY 2019 budget continues supporting the academic achievement of all Prince George's County Public School's students. Improvements to the budget include: continued expansion of our Language Immersion programs, including French, Chinese, and Spanish; implementation of two Pathways in Technology Early College High School (P-TECH) programs at Frederick Douglass High School where students can earn a high school diploma, industry certification and an associate's degree focused on Health Information Management and Hospitality Services Management; supporting schools security safety, equipment initiatives, and providing more access to early childhood education through new full day Prekindergarten programs.

The School System's approved FY 2019 budget contained appropriations of \$2.047 billion. This reflects a \$61.5 million, or 3.1% increase over FY 2018 revised budget of \$1.986 billion. State revenue funds provide the majority of support with \$1.142 billion or 56% for FY 2019. Revenue from Prince George's County includes \$763 million or 37%; \$100 million, or 5% comes from the Federal government; and \$13 million, or .6% is from Board Sources. The budget is subdivided into State mandated categories of expenditures including Administration, Mid-level Administration, Instructional Salaries, Textbooks and Instructional Supplies, Other Instructional Costs, Special Education, Student Personnel Services, Student Health Services, Student Transportation, Operation of Plant, Maintenance of Plant, Fixed Charges, Community Services, Food Services and Capital Outlay. Budgetary Control is maintained at the various expenditure levels by the encumbrance of

estimated purchase amounts prior to release of purchase orders to vendors. Purchase orders that result in over-obligation of available balances are not released until additional appropriations are made available.

**Self-Insurance Program**

The School System is self-insured to provide coverage for the management of risk of vehicle liability, third-party injuries and property damage losses arising from utilization of the School System’s motor vehicle fleet, as well as, group life and health programs in the related Self-Insurance Fund. In addition, the School System is one of four members of the Prince George’s County Risk Management Fund (RMF). The RMF is also a self-insurance entity funded by contributions of its members calculated on an actuarial basis and provides coverage for School System loses related to workers’ compensation, general liability, property and incidents associated with environmental quality. All members retain responsibility for their respective claims. There is no risk sharing between members.

**STRATEGIC PLAN**

Prince George’s County Public Schools strategic plan, *Outstanding Academic Achievement for All Students* is guided by five Focus Areas. Each Focus Area includes underlying strategies, which will start the process of implementing instructional and operational changes throughout the system that will help us achieve our goals. The five Focus Areas and strategies are:

<p><b>Focus Area I: Academic Excellence</b>  <b>Strategy:</b> Program Monitoring, Accountability and Effectiveness</p>
<p><b>Focus Area II: High Performing Workforce</b>  <b>Strategy:</b> Compensation Restoration Task Force</p>
<p><b>Focus Area III: Safe and Supportive Environments</b>  <b>Strategy:</b> School Safety Assessment Initiative</p>
<p><b>Focus Area IV: Family and Community Engagement</b>  <b>Strategy:</b> School Safety Assessment Initiative</p>
<p><b>Focus Area V: Organizational Effectiveness</b>  <b>Strategy:</b> Central Office Restructuring</p>

During the first quarter of the school year, the CEO provided updates on the progress in the Board’s Focus Area strategies as summarized below:

- **Academic Excellence:** PGCPSS created a new Division of Accountability, which includes the following four departments: Monitoring and Accountability, Testing, Research and Evaluation, ESSA and Title I, and Strategic Planning and Resource Management. The Department of Monitoring and Accountability created a School Performance Plan (SPP), which will provide data to schools, promote school improvement planning, capture the school-based analysis and establish goals through the standardized template, and finally provide for continuous performance monitoring on progress toward meeting the school’s goals.
- **High-Performing Workforce:** The CEO created a Compensation Restoration Task Force to assess the need for restorative pay increases. The task force is composed of representatives from the school system, county government, labor partners and Board of Education members.
  - In 2018, the U.S. Department of Education awarded PGCPSS a 3 year \$25 million grant *Great Teachers, Great Leaders, Great Schools* to improve teacher hiring, placement, support and retention.
- **Safe and Supportive Environments:** The executive leadership team conducted a comprehensive safety assessment at all 207 schools and a system-wide lockdown drill. As a result of the assessment, the CEO will provide additional funding; in addition, to seeking state resources that will contribute to creating safe and supportive learning and working environments. Finally, the CEO has also allocated \$850,000 of funds redirected from the central office reorganization, to be used to conduct a system-wide air quality testing.

- **Family and Community Engagement:** This past fall, the CEO conducted a series of listening sessions throughout the county designed to engage employees, parents and community members such as Prince George’s County NAACP and the Bowie Center for the Performing Arts. The CEO and the executive leadership team will continue their sessions throughout the year that will target students, alumni and other segments of the PGCPS community.
- **Organizational Effectiveness:** At the start of the fiscal year, the CEO announced a central office executive and managerial level reorganization to redirect funds and resources to schools. By September 2018, the reorganization produced a savings of \$2.4 million.

### **Financial Reporting Award**

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the School System for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2018 (see page xiii).

This is the 13th consecutive year the school system has received this award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized CAFR. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

### **Acknowledgments**

The preparation of the Report could not have been accomplished without the skilled and dedicated services of the entire staff in the Accounting and Financial Reporting Office. The high standard to which the Report conforms reflects the professional competence of all individuals responsible for its preparation. We express our appreciation for their exemplary service.

Respectfully submitted,

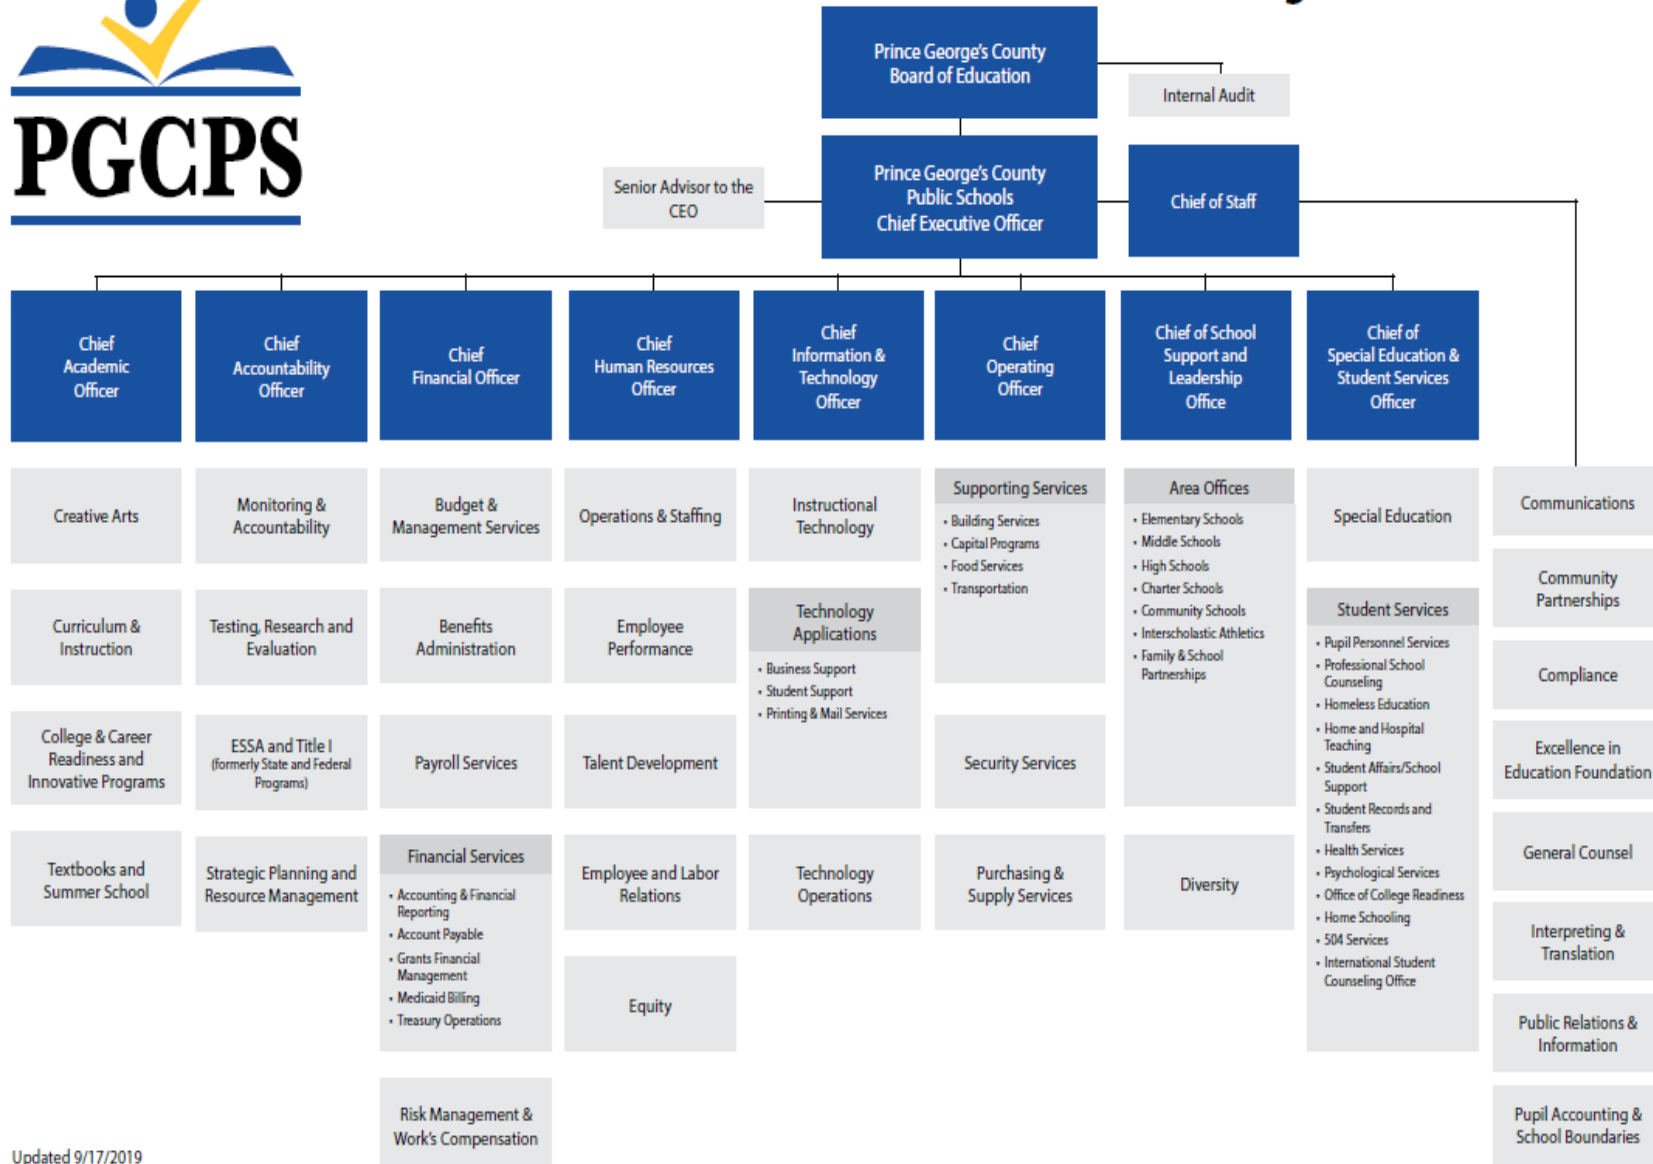

Dr. Monica E. Goldson

## INDEPENDENT AUDITORS' REPORT

Members of the Board of Education of  
Prince George's County, Maryland  
Upper Marlboro, Maryland

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Prince George's County Public Schools (the School System), a component unit of Prince George's County, Maryland, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the School System's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the School System's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School System's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the School System as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Report on Summarized Comparative Information***

We have previously audited the School System's 2018 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated September 30, 2019. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2018, is consistent, in all material respects, with the audited financial statements from which it has been derived.

### ***Other Matters***

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 7 through 21, the budgetary comparison schedule for the general fund on page 62, the Schedule of Changes in the School System's Net OPEB Liability and Related Ratios and the Schedule of Investment Returns on page 63, Schedule of School System's OPEB Contributions on page 64, the schedule of the School System's proportionate share of the net pension liability on page 65, and the Schedule of School System's Pension Contributions on page 66 to be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School System's basic financial statements. The Budgetary Comparison Schedule for the Capital Projects and Special Revenue Fund, Statement of Changes in Fiduciary Net Position - School Activity Fund and Charter Schools Consolidated Financial Statements Schedules, Introductory Section, and Statistical section, as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Budgetary Comparison Schedule for the Capital Projects and Special Revenue Fund, Statement of Changes in Fiduciary Net Position – School Activity Fund and Charter Schools Consolidated Financial Statements Schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information

Members of the Board of Education of  
Prince George's County, Maryland

directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Budgetary Comparison Schedule for the Capital Projects and Special Revenue Fund, Statement of Changes in Fiduciary Net Position – School Activity Fund and Charter Schools Consolidated Financial Statements Schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical tables listed in the table of contents have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2019 on our consideration of the School System's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School System's internal control over financial reporting and compliance.

## Management's Discussion & Analysis

## MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A) AS OF JUNE 30, 2019 (unaudited)

### INTRODUCTION

This section of the Prince George's County Public Schools (the "School System") Comprehensive Annual Financial Report (CAFR) represents our discussion and analysis of the School System's operations during the year ended June 30, 2019. The objective of this Management's Discussion and Analysis (MD&A) is to serve as an overview of the School System's financial performance as a whole. Please read it in conjunction with the transmittal letter, the School System's financial statements, and notes to the basic financial statements to enhance the understanding of the School System's financial performance. This report presents financial highlights for FY 2019 and contains other supplementary information. The prior year amounts are for comparative purposes only and are not meant to purport complete comparative statements.

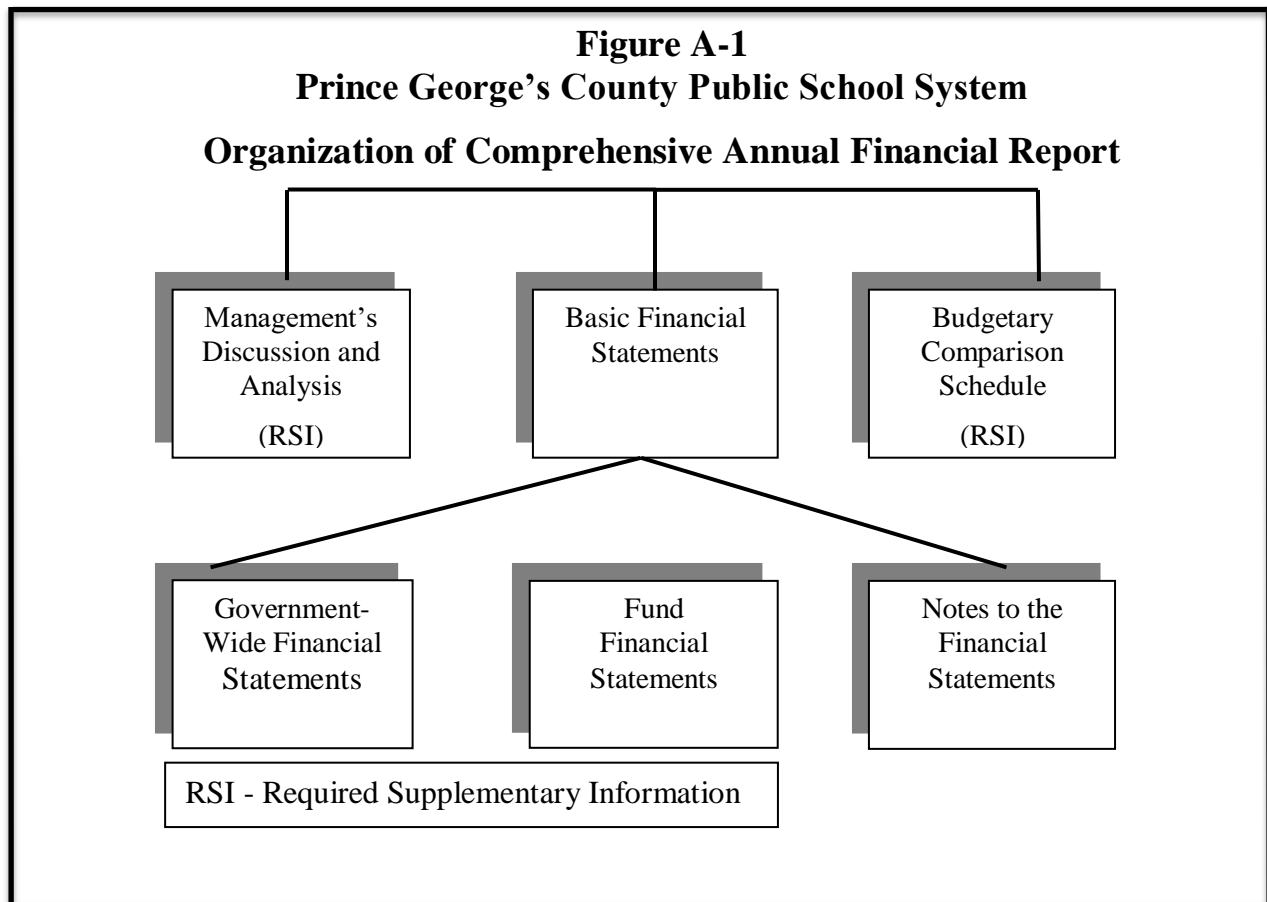

### FINANCIAL HIGHLIGHTS

- On a government-wide basis, the School System closed the fiscal year ending June 30, 2019, with a combined net deficit of \$1.148 billion, an increase of \$3.72 million or .32% in relation to the prior year. This large increase is mainly attributed to the decrease in OPEB liability to \$2.17 billion, an increase of \$8.21million.
- Total government-wide revenues were \$2.31 billion, while total government-wide expenses were \$2.31 billion. The net cost to taxpayers was \$1.91 billion, after program revenues and intergovernmental transfers (which do not cost taxpayers, i.e., grants and fees related to specific programs).
- The General Fund, which is the principal operating fund of the School System, experienced an increase in total fund balance of \$27.81 million, compared to an increase of \$38.69 million in the prior year. At year-end, total fund balance in the General Fund was \$203.10 million, versus \$175.30 million in FY 2018. This increase in fund balance results mainly from an increase in county funding.
- Outlays in the Capital Projects Fund totaled \$144.05 million. 56% was for remodeling, new buildings accounted for 16% of capital spending, and the remaining 28% of capital expenditure was for equipment and vehicles. The School System issued lease-purchase financing in the amount of \$37.9 million. Prince George's County and the State of Maryland provided an additional \$70 million and \$37.24 million, respectively. At year's end, fund balance in the capital projects fund was \$6.15 million.
- The Food and Nutrition Services (FNS) and the Before and After School Extended Learning Program (BASELP), accounted for in the Special Revenue Fund, experienced an increase in fund balance of \$5.83 million, compared to an increase of \$5.33 million in FY 2018. At year's end, the fund balance in the Special Revenue Fund was \$18.84 million, due in large measure to favorable operating results of FNS. Improved inventory management with less waste resulted in the increase of revenue by \$1.67 million. Also, Free and Reduced meals served to students increased, resulting in a federal reimbursement decrease of \$1.09 million.
- At the end of FY 2019, combined fund balance of all governmental funds rose to \$228.09 million, from \$194.29 million at June 30, 2018, a 17% increase. The Board has committed \$28.0 million of fund balance to support the FY 2021 budget. Management has also assigned 35% towards risk management and general liability, and 10% towards future one-time expenditure items. Approximately 21% of the General Fund balance (\$50.0 million) is unassigned.

## OVERVIEW OF THE BASIC FINANCIAL STATEMENTS

This discussion and analysis serves as an introduction to the School System's basic financial statements as shown in Figure A-1. The School System's basic financial statements are comprised of three parts, as noted below. Required supplementary information (RSI) requires budgetary comparison schedules to be presented along with other types of data as required by GASB pronouncements.

- 1) **Government-Wide Financial Statements** including the Statement of Net Position and the Statement of Activities which provide a broad, long-term overview of the School System's overall financial condition;
- 2) **Fund Financial Statements** including the Balance Sheet and the Statement of Revenues, Expenditures, and Changes in Fund Balances. These statements provide a greater level of detail of revenues and expenditures and focus on individual parts of the School System, while also indicating how well the School System has performed in the short term, in the most significant funds; and,
- 3) **Notes to the Basic Financial Statements** are disclosures to ensure that a complete picture is presented in the financial statements. Figure A-2 summarizes the major features of the School System's financial statements, including the portion of the School System's activities they cover and the types of information contained therein.

**Figure A-2  
Major Features of the Government-Wide and Fund Financial Statements**

	Government-Wide Financial Statements	Fund Financial Statements

<b>Scope</b>	Entire School System (except fiduciary funds).	The activities of the School System that are not proprietary or fiduciary.	Activities of the School System that operate similar to a commercial enterprise.	Instances in which the School System administers resources on behalf of someone else, such as the School Activity Fund (SAF) or the OPEB Trust Fund.
<b>Required financial statements</b>	<ul style="list-style-type: none"> <li>• Statement of Net Position</li> <li>• Statement of Activities</li> </ul>	<ul style="list-style-type: none"> <li>• Balance Sheet</li> <li>• Statement of Revenues, Expenditures, and Changes in Fund Balances</li> </ul>	<ul style="list-style-type: none"> <li>• Statement of Net Position</li> <li>• Statement of Revenues, Expenses, and Changes in Net Position</li> <li>• Statement of Cash Flows</li> </ul>	<ul style="list-style-type: none"> <li>• Statement of Fiduciary Net Position</li> <li>• Statement of Changes in Fiduciary Net Position</li> </ul>
<b>Basis of accounting and measurement focus</b>	Full accrual basis of accounting and economic resources measurement focus.	Modified accrual basis of accounting and current financial resources measurement focus.	Full accrual basis of accounting and economic resources measurement focus.	Full accrual basis of accounting.
<b>Type of asset/deferred outflows of resources/liability/deferred inflows of resources information</b>	All assets, deferred outflows of resources, liabilities and deferred inflows of resources, both financial and capital, short-term and long-term.	Generally, assets and deferred outflows of resources expected to be used up and liabilities and deferred inflows of resources that come due during the year or soon thereafter; no capital assets or long-term liabilities included.	All assets and liabilities, both financial and capital, short-term and long-term.	All assets and liabilities, both short-term and long-term; the School System's fiduciary funds do not contain capital assets, although they can.
<b>Type of inflow/outflow information</b>	All revenues and expenses during the year, regardless of when cash is received or paid.	Revenues for which cash is received during or soon after the end of the year; expenditures when goods and services have been received and the related liabilities are due and payable.	All revenues and expenses during the year, regardless of when cash is received or paid.	All additions and deductions during the year, regardless of when cash is received or paid. Agency funds only report assets and liabilities and do not have a measurement focus.

## GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements report information about the School System as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the School System's assets, liabilities, deferred outflows and deferred inflows of resources. All of the current year's revenues and expenses are included in the Statement of Activities regardless of when cash is received or paid.

The government-wide statements report the School System's net position and how they have changed over the past year. Net position – the difference between assets, deferred outflows of resources versus liabilities and deferred inflows of resources – is one way to measure the School System's financial health.

- Over time, the increases or decreases in the School System's net position are an indicator of whether its financial position is improving or deteriorating.
- To assess the School System's overall health, additional non-financial factors such as the County's economic condition, changes to the property tax base, and the condition of school buildings and other facilities must be considered.

In the government-wide financial statements, the School System's activities are reported under the single category of governmental activities. All of the School System's basic services are included in the governmental activities, such as regular and special education, transportation, and administration. County appropriations funded by property taxes and other fees, as well as State formula aid, are used to additionally finance most of these activities. The School System charges premiums to employees to help defray costs of the health and dental care benefits programs, but most of this cost is borne by the School System. While the Self-Insurance Fund, an internal service fund, is used for reporting, these activities are considered governmental activities and are consolidated with the School System's other governmental activities in government-wide financial statements.

## FUND FINANCIAL STATEMENTS

The fund financial statements provide more detailed information about the funds of the School System, focusing on its most significant or "major" funds – not the School System as a whole.

As reflected in Figure A-2, the School System has three types of funds:

- **Governmental:** Most of the School System's basic services are included in governmental funds which generally focus on (1) cash and other financial assets that can be readily converted to cash flowing in and out; and (2) the balances left at the end of the year that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the School System's programs. The School System's governmental funds are the General Fund, the Capital Projects Fund, and the Special Revenue Fund.
- **Proprietary:** The School System uses an internal service fund (a category of proprietary funds) to report activities relating to health and dental benefit programs and vehicle insurance. The Self-Insurance Fund is the School System's only proprietary fund.
- **Fiduciary:** The School System is the trustee, or *fiduciary*, for assets that belong to students and teachers, accounted for in the School Activity Fund, as well as a Trust to fund future retiree health benefits, accounted for in the OPEB Trust Fund. The School System is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The School System excludes these activities from the government-wide financial statements because it cannot use these assets to finance its operations.

**FINANCIAL ANALYSIS OF THE SCHOOL SYSTEM AS A WHOLE  
THE GOVERNMENT-WIDE FINANCIAL STATEMENTS**

The Statement of Net Position and the Statement of Activities provide the financial status and operating results of the Prince George’s County Public School System as a whole.

The financial analysis and figures in this section (Figures A-3 through A-7) provide a summary of the net position and changes in the net position of governmental activities at June 30, 2019 and 2018.

**Net Position** - The School System’s combined net position decreased relative to FY 2018 by .32%. This represents an increase in net position of \$3.72 million. Figure A-3 below provides a summarized comparative breakdown of the School System’s combined net position at June 30, 2019 and 2018.

**Changes in net position** - The School System’s total revenues were \$2.31 billion (compared to \$2.25 billion in FY 2018), while total expenses were \$2.31 billion (compared to \$2.28 billion in FY 2018). See Figures A-4 through A-6 for the distribution of revenues and expenses.

The School System’s expenses are primarily related to instructing, caring for (pupil and nutrition services), and transporting students. The School System’s central administrative activities accounted for 3.49% of total costs, while administration at the school level accounted for 7.83% of total costs. The most significant factors influencing instructional and related costs, which represent 74.70% of costs, were: full-time salaries, part-time wages, transportation, health care costs, and non-public placements for students with disabilities. Schedule A-4, on the following page, shows a breakdown of year-to-year cost changes by function for periods under review.

**Figure A-5: Sources of Revenue for Fiscal Year 2019**

**Figure A-6: Classification of Expenses for Fiscal Year 2019**

**GOVERNMENTAL ACTIVITIES**

Revenues for the School System's governmental activities increased by 2.91%, and total expenses increased by 1.26% (see Exhibit II on page 25). The increase in net position of \$3.72 million in FY 2019, was \$763.64 million less than the increase of \$767.36 million experienced in FY 2018.

Figure A-7 and Exhibit II (page 25) presents the cost of the School System's major functions and each function's net cost (total cost less fees generated by the functions and intergovernmental aid provided for specific programs). The net cost shows the financial burden placed on the County's taxpayers by each of these functions.

- The cost of all governmental activities in FY 2019 was \$2.30 billion.
- The proportion of these costs financed by users of PGCPs programs through charges for services such as tuition/fees and food sales increased only slightly to \$17.74 million in FY19 up from 17.64 million in FY18.
- Operating grants and contributions from Federal and State governments for certain programs totaled \$277.36 million, an increase of .05% or \$.3 million from the previous year.
- Total capital grants increased to \$106.30 million in FY 2019, a 3.87% increase from the previous year's \$102.34 million. This increase is mainly due to the costs of systemic replacement projects for aged buildings. These type of projects allows for the replacement of mechanical, electrical, and structural systems within buildings, which are necessary in order to maintain the efficiency of school facilities. County funding decreased by 13.7%; State funding increased by 66.7%.
- Most of the School System's net costs, \$1.91 billion, were financed by County and State taxpayers. Revenues provided to support these expenditures included \$763.98 million from County appropriations, \$1.139 billion from State appropriations, and \$9.1 million from investment earnings.

**Figure A-7**

## FINANCIAL ANALYSIS OF THE SCHOOL SYSTEM'S FUNDS

The School System's financial performance is also reflected in its governmental funds, particularly the General Fund. At year end, the combined fund balance for governmental funds was \$228.09 million, which is 17.40% or \$33.80 million more than the FY 2018 combined fund balance of \$194.29 million.

Revenue in the General Fund was more than expenditures in FY 2019 by \$27.81 million. On a GAAP basis, General Fund expenditures of \$2.10 billion was less than revenues of \$2.12 billion by \$28 million, equivalent to 1.0% of revenue. The General Fund balance increased by 15.86%, from \$175.30 million to \$203.10 million.

Capital Projects expenditures, comprising both school construction and lease purchase outlays, amounted to \$144.05 million in FY 2019. This was financed by State, County and lease purchase financing, all based on reimbursable expenses.

Performance of the Special Revenue Fund slightly increased in FY 2019. Total food service revenue increased by \$.91million or 1.18%, led by a 1.88% increase in Federal revenue to \$58.88 million. Food and Nutrition Service (FNS) expenses increased by \$.36 million or 0.05%. BASELP was also able to keep expenses lower than revenue. Schedule B-2 on page 71 contains detailed expenditure data for both programs in the Special Revenue Fund.

Operating revenues of the School System's Self-Insurance Fund decreased by \$692.80 thousands or .3%, to \$208.26 million. Operating expenses increased by 12.05% to \$238.06 million. Claims expense grew by 11.58% to \$218.33 million during the year. The net position at year's end decreased by \$28.54 million, or 96.29% to \$1.10 million. Management continues to implement policies geared towards reigning in health care costs.

### General Fund Budgetary Highlights

The General Fund operates under a legally adopted annual budget. The budget is subdivided into State mandated categories of expenditures through appropriation to one or more of 15 different categories. The legal level of

budgetary control is at the category level. The Board of Education may approve changes to the budget recommended by the School System’s Administration by transferring funds within categories, but transfers between categories must be requested from and approved by the County Council. Schedule A.1 under the Required Supplementary Information section provides a comparison of budget to actual data. Note 15 of the Financial Statements provide additional information on budgetary comparisons.

The approved FY 2019 budget was \$2.05 billion, including \$28 million use of fund balance. This was an increase of \$61.50 million over FY 2018. Actual revenue of \$2.01 billion (budgetary basis) was \$36.69 million less than anticipated. However, since expenditures were \$64.77 million less than budget, an excess of revenue over expenditure of \$28.08 million resulted. None of the prior year fund balance was actually utilized.

At the meeting of the Prince George’s County Board of Education held on June 20, 2019, a resolution was passed to adopt the FY 2021 Annual Operating Budget in the amount of \$2,183,122,900 – which represents a 135.39 million increase over the previous year. The budget anticipates an increase in revenue from the County and the State, in addition to the use of \$28.0 million in existing fund balance.

## CAPITAL ASSETS AND DEBT ADMINISTRATION

### Capital Assets

By the end of FY 2019, the School System owned \$1.41 billion, net of accumulated depreciation, in a broad range of capital assets, including school buildings, computers and other equipment, school buses and other vehicles, as well as heavy machinery and equipment (See Figure A-8). This amount represents a net increase of \$34.15 million, or 2.48%, in relation to the prior year. More detailed information about the School System’s capital assets can be found in Note 5 to the financial statements. Total depreciation expense for the year was \$80.16 million. Additions of depreciable assets in FY 2019 amounted to \$120.41 million, compared to \$195.99 million in the previous year, an increase of \$75.78 million or 38.56%. There was also a decrease in construction-in-progress, from \$60.5 million in FY 2018 to \$54.6 million in FY 2019. Although there is still a significant amount in this account, this is reflective of our vigorous efforts of implementing new construction, systemic replacements, and renovation projects.

**Figure A-8**  
**Capital Assets**  
**June 30, 2019 and 2018**  
**(net of depreciation, in millions of dollars)**

	<b>Governmental Activities</b>		<b>Percentage</b>
	<b>2019</b>	<b>2018</b>	<b>Change</b>
			<b>2018-2019</b>
Land	\$26.12	\$25.97	0.58%
Construction-in-Progress	54.55	60.45	-9.76%
Buildings	1,234.10	1,194.65	3.30%
Equipment and Vehicles	97.20	96.76	0.45%
<b>Total</b>	<b>\$ 1,411.97</b>	<b>\$ 1,377.83</b>	<b>2.48%</b>

The six-year Capital Improvement Program (CIP) Budget covering FY 2019 – FY 2024 includes funding for school construction and renovation projects in FY 2019 as follows:

- \$48.58 million for limited renovations of one specialty school, one middle school and one high school annex; as well as, the renovation of one specialty center;
- \$22.20 million towards the replacement of two elementary schools, five middle schools, one international school, one high school; and;
- \$89.64 million for American Disability Act (ADA) upgrades, kitchen and food service upgrades, lead remediation, security upgrades, major renovation and repair projects, and various systemic replacements.

## LONG TERM DEBT OBLIGATIONS

At year-end, the School System had \$2.53 billion in long-term obligations outstanding as shown in Figure A-9 on the following page. About 85.43 percent of this debt represents the OPEB liability, which rose by \$82.05 billion in FY 2019 to \$2168.79 billion, 3.93% more than the amount owed in FY 2018. Long-term financing for acquisition of school buses and other capital equipment account for 4.27% of this debt; the School System’s pension obligation accounts for another 7.22%; while 2.62% represent obligations for accumulated unpaid leave for the System’s staff, and 0.05% represent other miscellaneous long-term debt.

The County government carries \$681 million in general obligation bond debt (rated AAA by Standard & Poor’s, Moody’s and Fitch) outstanding for the financing of school construction and renovation projects on behalf of the school system. No new general obligation bonds were issued for educational-related capital projects in FY 2019. For more detailed information about the School System’s long-term obligations, see Note 6 to the financial statements and Schedules 7 and 8 in the Statistical Section.

**Figure A-9**  
**Outstanding Long-Term Obligations**  
**June 30, 2019 and 2018**  
**(in millions of dollars)**

	<u>June 30, 2019</u>	<u>June 30, 2018</u>	<b>Percentage Change 2018 - 2019</b>
Accumulated Unpaid Leave	\$ 66.18	\$ 67.74	-2.29%
Lease / Purchase Agreements	107.98	113.76	-5.08%
Net OPEB Liability	2,168.79	2,086.74	3.93%
Net Pension Liability	182.50	176.46	3.42%
<b>Total</b>	<b><u>\$ 2,525.46</u></b>	<b><u>\$ 2,444.70</u></b>	<b><u>3.30%</u></b>

During FY 2019, the School System entered into a new lease/purchase agreement amounting to \$37,923,500 at 3.37% with maturity in 2023.

The School System participates in a self-insured Risk Management Fund (the “Fund”) administered by the County to cover workers’ compensation, property, general liability, and environmental claims. The School System contributes to the Fund based on actual claims experience and actuarially estimated future claims; it also retains the risk for its claims activity. Annually the County engages an actuary to estimate the School System’s liability for pending and potential claims at fiscal year-end. A current review by the fund’s actuary has indicated there is no shortfall in FY 2019 for the School System’s portion of the fund.

## FACTORS BEARING ON THE SCHOOL SYSTEM'S FUTURE

At the time these financial statements were prepared and audited, the School System was aware of several factors that could affect its financial position in the future.

**County School funding** - The County has provided funding in recent years to the School System above the Maintenance of Effort threshold despite its continuing economic challenges. However, the recent funding is below amounts requested. Adjusting the district's strategic plan to accommodate lowered funding amounts, while improving academic performance will prove to be a major challenge.

**State Education spending** - Maryland continues to trim discretionary state spending to address the continuing structural deficit. The School System relies on the State for nearly 57% of its financial support. As part of the Bridge to Excellence in Public Schools Act, which enacted the recommendation of the Thornton Commission, requires a study to update the State's school finance formula. In June 2016, the Commission on Innovation and Excellence in Education formed (Chapter 702, Acts of 2016). The Commission is to review and assess current education financing formulas and accountability measures, and how each local school system is spending its funds, including the increased State funds provided through the Bridge to Excellence in Public Schools Act (Chapter 288, Acts of 2002). Moreover, the Commission will review the Study on Adequacy of Funding for Education in the State of Maryland, required by the Bridge to Excellence in Public Schools Act. Further, the Commission will consider how the federal Every Student Succeeds Act of 2015 (P. L. 114-95) will affect primary and secondary education in Maryland, and how best to prepare students to compete in the workforce and the global economy. Based on its review and assessment, the Commission will make recommendations for legislative and policy initiatives to increase the availability of innovative educational opportunities, and make adequate and equitable the funding for State public education. The recommendations of the Commission may impact state education funding to the school system.

**Health Care law forcing a rethinking of benefits.** The 40% excise tax on high-cost employer-sponsored health plans, also known as the "Cadillac tax" mandated by the Affordable Care Act, could adversely affect health care provided to employees and retirees by the School System. While management has begun several initiatives to address this development, ahead of full implementation in 2022 (delayed effective January 22, 2018), including annual dependent audits to trim costs and an ongoing review of benefits program to lessen the impact of the excise tax. Our proactive approach is to continue to review and make necessary adjustments to ensure that the rising healthcare costs will not affect our financial position in the near term.

**Pension funding gap adds another twist to rising long-term liabilities.** The new pension reporting requirements mandated by the Government Accounting Standards Board (GASB) have resulted in negative equity in the government-wide statement of net assets. This is not due to any operational mishap, rather, largely due to the ever expanding OPEB liability.

**Every Student Succeeds Act of 2015 (ESSA).** The Every Student Succeeds Act (ESSA), signed into law in December 2015 by the Obama Administration reauthorizes the 50-year-old Elementary and Secondary Education Act (ESEA), the nation's national education law and longstanding commitment to equal educational opportunities for all students includes flexible federal block grant programs issued to States through federal entitlement grants (Title I, Title II, and most recently Title IV) to provide school districts with resources to students that are economically disadvantaged with high academic needs; institute program activities that support college and career readiness; and develop evidence-based educational interventions that results in accountability and positive change in academic achievement.

Funding estimates are projected to progressively increase slightly to support and sustain targeted needs across all student populations within our school district. ESSA continues to build and expand key educational opportunities made possible by the efforts of educators, parents, and communities providing a firm, well-rounded educational foundation that leads to positive student outcomes.

---

***Pending legal settlements.*** Based on recent events within the School System, it is anticipated that legal settlements and associated legal expenses may continue to rise through the year 2022. Efforts are in place to mitigate the losses. However, potential exposure at this time is uncertain.

**CONTACTING THE SCHOOL SYSTEM’S FINANCIAL MANAGEMENT**

This financial report is designed to provide the citizens of Prince George’s County, taxpayers, customers, and creditors with a general overview of the finances of the School System, and to demonstrate the School System’s accountability for the resources it receives. If you have any questions about this report or need additional financial information, contact the Office of the Chief Financial Officer, Prince George’s County Public Schools, 14201 School Lane, Upper Marlboro, Maryland 20772; Telephone 301-952-6000.

EXHIBIT III

**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET  
TO THE STATEMENT OF NET POSITION  
June 30, 2019  
(With Comparative Totals for 2018)**

	<u>2019</u>	<u>2018</u>
Fund balance - total governmental funds	\$ 228,089,060	\$ 194,290,481
<p>Amounts reported for governmental activities in the statement of net position are different because:</p>		
<p>Capital assets used in governmental activities are not financial resources, and therefore, are not reported in the funds statement of financial position. The cost of these assets is \$2,480,136,482 and the accumulated depreciation is \$1,068,157,149.</p>		
	1,411,979,333	1,377,832,281
<p>Long-term liabilities are generally not due and payable in the current period, and therefore, are not reported in the governmental funds statement of financial position. Long-term liabilities at year end consist of:</p>		
Lease Purchase Agreements	(107,981,932)	(113,758,750)
Accumulated Unpaid Leave	(64,894,578)	(64,951,152)
Net OPEB Liability	(2,168,794,000)	(2,086,741,000)
Net Pension Liability	(182,498,397)	(176,458,036)
<p>Accrued interest is reported when due and payable in the funds and is reported when incurred in the governmental activities.</p>		
	(2,031,402)	(1,969,100)
<p>Deferred inflows of resources related to OPEB.</p>		
	(288,493,000)	(336,023,000)
<p>Deferred outflows of resources related to pensions.</p>		
	48,536,007	50,212,616
<p>Deferred inflows of resources related to pensions.</p>		
	(23,850,536)	(24,638,687)
<p>Internal service funds are used by management to charge the cost of certain activities, such as insurance, to individual funds. The net position of the internal service fund is reported with governmental activities.</p>		
	1,098,548	29,641,757
Net position of governmental activities	<u>\$ (1,148,840,897)</u>	<u>\$ (1,152,562,590)</u>

The accompanying notes are an integral part of these financial statements.

EXHIBIT V

**RECONCILIATION OF GOVERNMENTAL FUNDS STATEMENT OF REVENUES,  
EXPENDITURES, AND CHANGES IN FUND BALANCE TO THE STATEMENT OF ACTIVITIES**

**For the Year Ended June 30, 2019**

**(With Comparative Totals for 2018)**

	<b>2019</b>	<b>2018</b>
Net change in fund balance - total governmental funds	\$ 33,798,579	\$ 49,881,849
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over the estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded non-capitalized items.	114,665,829	100,443,174
Total amount of current year depreciation expense	(80,007,823)	(76,607,000)
Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long term obligations in the statement of net position.	(37,923,500)	(36,197,300)
Repayment of capital leases and lease purchase agreement outstanding principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.	43,700,318	44,938,279
OPEB costs reported in the statement of activities do not require the use of current financial resources and are not reported as expenditures in governmental funds.	(34,523,000)	693,046,770
Governmental funds report pension contributions as expenditures. However, in the statement of activities, the cost of pension benefits earned net of employer contributions is reported as pension expense.	(6,928,819)	(6,731,897)
Some expenses reported in the Statement of Activities that do not provide current financial resources and therefore, are not reported as expenditures in the governmental funds.	(62,302)	255,145
Governmental funds only report liabilities for accrued unpaid leave related to employees who terminated at fiscal year end. However, in the statement of activities, all amounts due for accrued unpaid leave is reported as a liability. This is the amount by which the change in accrued unpaid leave reported in the governmental fund, exceeds the change in accrued unpaid leave reported in the statement of activities.	56,574	1,222,958
Internal service funds are used by management to charge the cost of certain activities, such as insurance, to individual funds. The internal service fund is reported with governmental activities in the statement of activities; therefore, the net revenue is included in net position.	(28,543,209)	(2,851,846)
Gain (loss) on sale of equipment not included on the governmental funds	(510,954)	(39,917)
Change in net position of governmental activities	\$ 3,721,693	\$ 767,360,215

The accompanying notes are an integral part of these financial statements.

## NOTES TO THE FINANCIAL STATEMENTS AS OF JUNE 30, 2019

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Prince George's County Public Schools (the School System) have been prepared in conformity with generally accepted accounting principles (GAAP) applicable to state and local governmental entities as promulgated by the Governmental Accounting Standards Board (GASB).

#### A. REPORTING ENTITY

The Board of Education of Prince George's County, Maryland (the "Board") is an elected body corporate and politic established under Maryland law to provide public education to children residing within Prince George's County, Maryland (the "County"). The Board is composed of 14 members: nine elected by district to serve four-year terms; 3 appointed by the County Executive; one appointed by the County Council and one student member (with limited voted privileges) elected annually by the Prince George's Regional Association of Student Governments. The County Executive appoints the Chair from among all members and the Vice Chair from the Board's elected members. The current Board consists of members elected in 2016 and 2018 while the first appointed members took office in June 2013 (with a few reappointments and new appointments) as a result of Maryland General Assembly HB1107, *The Prince George's County School System Academic Revitalization and Management Effectiveness Initiative*. This bill also repealed the provision for special elections to fill Board vacancies. Instead, the County Executive appoints a replacement for any vacant seat held by an elected member, for any remainder of the term.

The primary sources of funding for the School System are from County, State, and Federal sources. The Board determines educational policy. The County Executive appoints a Chief Executive Officer who reports to him/her and is responsible for administering and guiding the School System.

The School System is considered a component unit of the County for financial reporting purposes based on the following criteria: (1) the County Council of Prince George's County, Maryland (the "County Council"), is responsible for approving the School System's budget and establishing spending limitations; (2) the County Council is responsible for levying and collecting taxes and distributing the funds to the School System; and (3) the School System is not authorized to incur bonded indebtedness; however, the County can and does issue bonds in support of school construction renovations and capital projects. There are no component units combined with the School System for financial statement purposes.

#### B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (GWFS), the Statement of Net Position and the Statement of Activities, report information on all of the non-fiduciary activities of the School System. The effect of interfund activity has been removed from these financial statements.

The Statement of Activities demonstrates the degree to which direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Intergovernmental revenues and other items not properly included among program revenues are reported instead as general revenues. This statement recognizes that Governments, unlike businesses, do not ordinarily provide services as a means to an end (i.e., profit), but rather as an end in themselves. As such, the goal is to isolate and focus attention on the cost of services that the government entity needs to finance from its own resources; hence use of the "net program expense" format to reflect this unique governmental perspective.

The School System employs “fund accounting” to account for its financial activities. This is a method of accounting whereby resources and expenditures are grouped according to the purpose for which they are to be used. Separate self-balancing accounts are maintained for carrying on specific activities or attaining certain objectives in accordance with regulations, restrictions, or limitations. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the fiduciary funds are excluded from the government-wide financial statements. Activities of the funds established by the School System are described below.

### **Governmental Funds**

- **General Fund:** The General Fund accounts for all financial transactions in support of the educational process, which are not recorded in other funds.
- **Capital Projects Fund:** The Capital Projects Fund accounts for all financial transactions relating to (1) school construction or major renovation of buildings and facilities; (2) purchase and installation of related equipment; and (3) other purchases of fixed assets not accounted for in other funds.
- **Special Revenue Fund:** The Special Revenue Fund accounts for financial transactions related to school breakfast, lunch, snacks and supper, child and adult nutrition care programs, as well as the Before & After School Extended Learning (BASELP) program. The Food and Nutrition Services (FNS) fund is dependent upon Federal and State subsidies to supplement and support breakfast, lunch and snack programs. Federal subsidies are the sole support of the child and adult nutrition care programs, including the at-risk supper program. BASELP, on the other hand, is self-supporting and receives no subsidies from the Board of Education.

### **Proprietary Fund**

*Proprietary funds* distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services, and producing and delivering goods in connection with a proprietary fund’s principal ongoing operation. It records revenue when earned and expenses when liabilities are incurred. A type of proprietary fund is an internal service fund, which is an accounting device used to accumulate and allocate costs internally among PGCPs’ functions.

- **Self-Insurance Fund:** The Self-Insurance Fund is an internal service fund. It accounts for activities relating to funding the School System’s vehicle liability, group life, and health insurance programs. This Fund’s services are provided exclusively to the School System and are distinguishable from activities provided by other funds. The principal operating revenues for the internal service fund are premium contributions. Operating expenses for the Internal Service Fund include claim payments. All other revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The School System reports the General Fund, Capital Projects Fund, and the Self-Insurance Fund as major.

### **Fiduciary Funds**

PGCPs is a trustee, or fiduciary, for assets that belong to others. It is responsible for ensuring that assets reported in these funds are used only for their intended purposes and by those whom the assets belong.

- **School Activity Fund:** Each individual school maintains a School Activity Fund, also referred to as a Student Activity Fund (SAF), to account for cash resources of the various clubs, organizations, and annual School System provided cash allotments. The SAF is an agency fund.

- **OPEB Trust:** The Other Post-Employment Benefits (OPEB) Trust, established in June 2009, is used to prefund health and welfare benefits that it provides to School System retirees and their dependents. The assets of the Trust are invested in a pooled, irrevocable investment trust administered by the Maryland Association of Boards of Education (MABE).

### C. BASIS OF ACCOUNTING AND MEASUREMENT FOCUS

**Government-wide Financial Statements (GWFS)** - The government-wide financial statements (i.e., Statement of Net Position and Statement of Activities) are reported using the economic resources measurement focus and the accrual basis of accounting. Under this method of accounting, revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from grants and intergovernmental revenue transactions are recognized in the period in which all applicable eligibility requirements are met. Fiduciary activities are not included in the GWFS; they are reported only in the Statement of Fiduciary Net Position.

**Fund Financial Statements: Governmental funds** - The governmental fund financial statements are reported using the current financial resources measurement focus and modified accrual basis of accounting. Under this method of accounting, revenues and other governmental fund financial resources are recognized in the accounting period in which they become susceptible to accrual – that is, when they become both measurable and available to finance expenditures of the fiscal period. The primary revenue sources susceptible to accrual under the modified accrual basis are intergovernmental payments from the County, State, and Federal Government. Such revenues are recognized in the period in which all applicable eligibility requirements have been met and the resources are available. All governmental fund revenues are considered available if the revenues are collected within 90 days after year-end. Commitments such as purchase orders and contracts are not recorded as expenditures until a liability is incurred for goods received or services rendered. However, these outstanding commitments, if any, are assigned in the fund balances of the respective funds.

**Fund Financial Statements: Proprietary and Fiduciary funds** - The Self-Insurance Fund (proprietary), OPEB Trust, and School Activity Funds (fiduciary) are maintained on the full accrual basis of accounting. Under this method of accounting, revenues are recognized when earned and expenses are recorded when incurred.

### D. ASSETS, LIABILITIES, DEFERRED INFLOWS, DEFERRED OUTFLOWS AND NET POSITION

**Cash, Investments, and Deposits** - The School System’s cash and investment management program includes expediting the receipt of revenue and prudently investing all available cash. The School System uses a “pooled” cash system to manage its cash and investments. This simplifies cash management and helps the School System maximize the return on its investments. Under this system, cash from all of the School System’s funds is combined or “pooled” into a single investment account. The pooled cash is invested and transferred to the bank account as needed to cover payments. Interest earned on the investments is distributed to the respective funds on a pro-rata basis. The amounts shown on the balance sheet represent the fund’s share of pooled cash net of any outstanding obligations as of June 30, 2019.

**Accounts Receivable** - Revenues accounted for, but not yet collected in FY 2019 are identified as accounts receivable, and due from amounts in the governmental activities statement of net position. This totals \$108,605,546 less an allowance for uncollectible accounts of \$1,934,936 for a net amount of \$106,670,610. The allowance for each receivable type is based on the nature of the account. The District of Columbia allowance is the amount of disputed invoices; State, Federal and wage overpayments are based on percentages of the June 30, 2019 balances; and other miscellaneous receivables allowance is the amount that is 61 days or older.

**Inventory** - Inventory of the General Fund consists of expendable supplies on hand, are recorded as expenditures as consumed, and are priced at the latest invoice cost, which approximates the first-in, first-out cost basis. Inventories of the Special Revenue Fund are recorded as expenditures when acquired, with the balance on hand recorded on the basis of cost for purchased items and fair value for commodities donated by the Federal government. Inventories are part of non-spendable fund balance under GASB 54.

**Capital Assets** - Land, buildings, site improvements, construction-in-progress, vehicles and equipment individually costing \$5,000 or more and with an estimated useful life in excess of one year, are classified as capital assets. Capital assets are recorded at historical cost when the value is known and at estimated historical cost when the actual acquisition cost is not known. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value. Capital assets (net of their salvage value) are depreciated using the straight-line depreciation method over the following estimated useful lives:

<u>Asset</u>	<u>Years</u>
Buildings	
- Permanent	50
- Temporaries	25
- Site Improvements	20
Vehicles	5-15
Equipment	5-25

**Compensated Absences** – Employees of the School System earn annual leave at various rates depending on the bargaining unit that represents them and their length of service. Unused annual vacation may be accrued up to 30 days, depending on the union. All accrued annual leave is payable upon separation from employment up to the stated maximum. Unused annual leave in excess of that which an individual can carry over may be converted to sick leave up to a maximum of 10 days each year, provided it was accumulated for reasons beyond the employee’s control and it was not convenient to grant the employee use of such annual leave. Sick leave earned may be accumulated year to year without limit. Employees with a minimum of 12 years of service receive 30% of vested, accumulated sick leave up to a maximum of 102 days or 30 days of accumulated annual leave (depending on bargaining unit), whichever is greater. Earned leave is recognized as expenditure in the governmental funds upon employee termination. The higher of unpaid earned annual leave or qualified sick leave is recorded as a long-term liability in the government-wide financial statements at fiscal year-end. The current portion of the compensated absences balance of the governmental funds is shown separately from the long term liability balance of compensated absences in the Statement of Net Position.

**Deferred Outflows/Inflows of Resources** – A deferred outflow of resources represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expenditure) until the future period. The School System recognizes deferred outflows for changes in actuarial assumptions that are being amortized over a five-year period and contributions made subsequent to the measurement date related to pensions. A deferred inflow of resources represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until the future period. The School System recognizes deferred inflows for the difference between the projected and actual investment earnings related to pensions.

**Pensions** – For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about fiduciary net position of the Maryland State Retirement and Pension System (MSRPS) and additions to/deductions from the System’s fiduciary net position have been determined on the same basis as they are reported by the System. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Postemployment Benefits Other Than Pensions (OPEB)** - For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Plan and additions to/deductions from the Plan’s fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Allocation of Indirect Expenses (GWFS)** - The School System reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Depreciation is considered an indirect expense and has been proportionally allocated to the functions based on their relative share of capital assets. The net pension and net OPEB liabilities have been allocated to the functions based on the share of that function's expenses to total governmental activities expenses.

**Interfund Activity/Eliminations and Reclassifications** - Interfund activity is reported as either advances or transfers. Advances or reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund, and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between funds are netted as part of the reconciliation to the government-wide financial statements. In the process of aggregating data for the Statement of Net Position and the Statement of Activities, amounts reported as interfund activity and balances in the funds were eliminated. However, interfund services provided and used are not eliminated in the process of consolidation.

**Fund Balance** - Fund balance categories are listed below. When committed, assigned, and unassigned resources are available for the same purpose, the flow assumption is to use restricted amounts before unrestricted amounts. If expenditures incurred exceed the amounts that have been restricted, committed, and assigned to a specific purpose, and results in a negative residual amount for that specific purpose, amounts assigned to other purposes in that fund are reduced to eliminate the deficit. The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds it is not appropriate to report a positive unassigned fund balance amount. In other governmental funds other than the general fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund. Authority is given to the Chief Executive Officer and Chief Financial Officer to assign fund balance for specific purposes.

*Nonspendable* – Includes fund balance amounts that cannot be spent because they are either not in spendable form or legally/contractually required to be maintained intact such as a permanent fund. Not in spendable form includes items not expected to be converted to cash, such as inventories and prepaid items.

*Restricted* – Includes amounts that are restricted to specific purposes when constraints are placed on the use of resources by constitution, external resource providers, or through enabling legislation.

*Committed* – Includes fund balance amounts that can be used only for the specific purposes determined by formal action of the Board of Education (the School System's highest level of decision-making authority) in the form of a Board Resolution. A Board Resolution is also required to modify or rescind such commitments.

*Assigned* – Includes fund balance amounts that are intended to be used by the School System for specific purposes as determined by Management. The authority to assign funds has been granted to the Superintendent and Chief Financial Officer by the Board of Education. Constraints imposed on the use of assigned amounts do not rise to the level required to be classified as either restricted or committed.

*Unassigned* – Represents the residual classification for the School System and includes all spendable amounts not contained in the four classifications described above.

**On-Behalf Payments** - Retirement benefits paid by the State, on behalf of the School System, are included in the basic financial statements as both revenue and an expenditure/expense. These on-behalf payments were \$110,120,429 in FY 2019. On-behalf payments are included in State of Maryland revenues and fixed charges in the General Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Statement of Activities.

**Budgetary Highlights** - The General Fund and the Capital Fund operate under a legally adopted annual budget as required by section 5101 of the annotated code of State of Maryland. The General Fund budget is subdivided into State mandated categories of expenditures through appropriation to one or more of 15 different categories and the Capital Fund to five categories. The legal level of budgetary control is at the category level. The Board of Education may approve changes to the budget recommended by the School System's Administration by transferring funds within categories, but transfers between categories must be requested from and approved by the County Council. A budget is not adopted by the County Council for the Special Revenue Fund supporting the Food Services and the Before & After School Programs, but expense appropriations are provided by the Board of Education. Additional disclosure is provided in Note 15.

**Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management of the School System to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingencies as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **E. NEW GASB PRONOUNCEMENTS**

The GASB issued Statement No. 84, Fiduciary Activities, which is effective for fiscal years beginning after December 15, 2018. Statement No. 84 establishes criteria for identifying fiduciary activities of all state and local governments to determine whether an activity should be reported in a fiduciary fund in the financial statements. The School System has not yet determined the effect that the adoption of GASB Statement No. 84 may have on its financial statements.

The GASB issued Statement No. 87, Leases, which is effective for fiscal years beginning after December 15, 2019. Statement No. 87 establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. In other words, most leases currently classified as operating leases will be accounted for and reported in the same manner as capital leases. The School System has not yet determined the effect that the adoption of GASB Statement No. 87 may have on its financial statements.

The GASB issued Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period, which is effective for fiscal years beginning after December 15, 2019. The objectives of this Statement are to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and to simplify accounting for interest cost incurred before the end of a construction period. Such interest cost includes all interest that was previously accounted for in accordance with the requirements of paragraphs 5-22 of Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre- November 30, 1989 FASB and AICPA Pronouncements. The School System has determined that this statement will not have a significant impact have on its financial statements.

The GASB issued Statement No. 90, Majority Equity Interests, an amendment of GASB Statements No. 14 and No. 61, which is effective for fiscal years beginning after December 15, 2018. Statement No. 90's primary objective is to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. The School System has determined that this statement will not have a significant impact have on its financial statements.

The GASB issued Statement No. 91, Conduit Debt Obligations, which is effective for fiscal years beginning after December 15, 2020. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with commitments extended by issuers, arrangements associated with conduit debt obligations, and related note disclosure. The School System has determined that this statement will not have a significant impact have on its financial statements.

## NOTE 2 - CASH DEPOSITS AND INVESTMENTS

Cash deposits and investments at June 30, 2019, are summarized as follows:

Cash in bank	\$ 3,095,056
Outstanding checks in zero balance accounts (ZBA's)	(9,553,885)
Investments	<u>364,999,621</u>
<i>School System Cash and Investments</i>	<u>358,540,792</u>
Student Activity Fund (agency funds)	\$ 14,780,337
Investment in MABE OPEB Trust	<u>125,500,731</u>
<i>Fiduciary Cash and Investments</i>	<u>140,281,068</u>
<b>TOTAL</b>	<b><u>\$ 498,821,860</u></b>

### a) Deposits

*Custodial credit risk.* This is the risk that in the event of a bank failure, the School System may not be able to recover the deposits. The Annotated Code of Maryland requires that funds on deposit with a financial institution be fully secured by deposit insurance, surety bonds, obligations of the United States or its agencies, obligations of the State of Maryland or any of its agencies, or obligations of a county, other governmental authority, or municipal corporation in the State of Maryland.

At June 30, 2019, the deposits of the School System's Student Activity Funds held in local school accounts in checking and savings accounts with commercial banks totaled \$15,560,168. Of this balance, \$867,578 was insured by federal depository insurance. The remaining \$13,912,758 was not insured by the FDIC was collateralized with securities held by the pledging financial institution's trust department or agent in PGCPS' name. The fair value of all additional collateral posted in the School System name at June 30, 2019 was \$50,930,902.

### b) Investments and Valuation

In October 2008, PGCPs joined the Maryland Association of Boards of Education (MABE) Pooled OPEB Trust (the "Trust"), becoming its sixth member. There are members to this wholly-owned instrumentality of its members. The sole contributors to the Trust are the boards of education of the following counties in addition to Prince George's: Allegany, Caroline, Cecil, Charles, Harford, Kent, St. Mary's and Washington.

The assets of the MABE Trust are managed by GYL Financial Synergies and consist of money market funds, U.S. government securities, fixed income securities, asset-backed securities, equity securities, mutual funds and exchange traded funds. At June 30, 2019 the net position of the MABE Trust was valued at \$397.28 million; the School System's interest was \$125.50 million.

The MABE OPEB Trust is audited annually by an independent CPA firm. For the year ended June 30, 2019, Cohen & Company, LTD. of Hunt Valley, Maryland performed this service. The audit report was issued August 21, 2019, a copy of which can be obtained by sending a request to the following address: Administrator of the MABE Pooled Investment Trust, 621 Ridgely Road, Suite 300, Annapolis, MD 21401-1112.

*Interest rate risk.* Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The School System manages its exposure to fair value losses arising from increasing interest rates by limiting the duration of its investment portfolio. The School System's investment policy limits its investment portfolio to maturities of less than one year and prohibits investments in derivative products. At year-end, the School System's investment holdings are in money market pool investments in the Maryland Local Government

Investment Pool (MLGIP) with a fair value of \$360,476,054 along with money market mutual funds with a fair value of \$4,523,567 – both with average maturities of less than one year. The State of Maryland Treasurer’s Office provides regulatory oversight of the investment pool, and the fair value of the School System’s position in the pool is the same as the fair value of pool shares.

*Custodial credit risk.* This is the risk that, in the event of the failure of the counterparty to a transaction, a government may not be able to recover the value of investment or collateral securities that are in the possession of an outside party. It is policy that School System securities are insured and held in the School System’s name.

*Credit risk.* Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Annotated code of Maryland authorizes the School System to invest in obligations for which the United States of America has pledged its faith and credit for the payment of principal and interest, and in obligations issued by a federal agency in accordance with an act of Congress, in repurchase agreements collateralized at not less than 102% of the principal amount by obligations of the United States of America and its agencies, in money market mutual funds operated in accordance with SEC Rule 2A-7. The School System’s interest in the MLGIP and MABE OPEB Trust are unrated.

*Concentration of credit risk.* Concentration of credit risk is the risk of loss attributed to the magnitude of a government’s investment in a single issuer. The School System’s investment policy limits the holdings in U.S. banks, savings and loan associations and broker/dealers to 30% of total investment portfolio.

The School System categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset and gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

- Level 1 – Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets;
- Level 2 – Valuations based on quoted prices for similar assets or liabilities in active markets or identical assets or liabilities in less active markets, such as dealer or broker markets; and
- Level 3 – Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable, such as pricing models, discounted cash flow models and similar techniques not based on market, exchange, dealer or broker-traded transactions.

Transactions are recorded on the trade date. Realized gains and losses are determined using the identified cost method. Any change in net unrealized gain or loss from the preceding period is reported in the statement of revenues, expenses and changes in net position. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis.

The School System had the following investments as of June 30, 2019:

	<b>Balance</b> <b>June 30, 2019</b>
<b>Investments carried at amortized cost:</b>	
Money Market Funds	\$ 4,523,567
MLGIP	<u>360,476,054</u>
Total investments at amortized cost:	<u>\$ 364,999,621</u>

	<b>Fair Value</b>	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
<b>Investments measured at the net asset value (NAV)</b>				
MABE OPEB Trust	\$ 125,500,731	N/A	Daily	Six months
Total investments	<u>\$ 490,500,352</u>			

Interest in MABE Trust- the MABE Trust is a Common trust fund which is comprised of shares or units in a commingled fund that is not publicly traded. Underlying assets in these funds include money market funds, U.S. government securities, fixed income securities, asset backed securities, equity securities, mutual funds and exchange traded fund and are valued at their Net Asset Values (“NAVs”) calculated by the Trust Administrator.

The School System may terminate its membership in the Trust and withdrawal its allocated investment balance by providing written notification to the Trust six months prior to the intended withdrawal date.

### NOTE 3 - FUNDS HELD IN ESCROW

The School System held \$14,293,822 -- including \$387,162 of interest receivable -- with an escrow agent at year end. This entire sum is due under lease purchase agreements. These amounts are maintained to fund planned lease purchase financed expenditures or lease purchase financed expenditures that have not yet been submitted for reimbursement from an existing lease purchase financing agreement. These escrowed funds are not included in amounts reported for cash and investments.

### NOTE 4 - INTERFUND TRANSACTIONS

Activity between funds that are representative of lending or borrowing arrangements, and are outstanding at the end of the fiscal year, are referred to as “due to/from” other funds. PGCPSS does not have any long-term advances or interfund loans, and all interfund activity is considered current activity. These situations arise because most grants and capital projects are reimbursed to the School System by the granting government after the Board has incurred the expenditure. The General Fund processes all activities of the Internal Service Fund. Consequently, the General Fund holds all cash and the Internal Service Fund has a corresponding receivable from the General Fund at year-end. The composition of interfund balances at June 30, 2019 follows:

	<b>Receivable Fund</b>	<b>Payable Fund</b>
General Fund	\$ 35,364,748	\$ 17,217,489
Special Revenue Fund	16,432,842	-
Capital Projects Fund	-	51,797,590
Internal Service Fund	17,217,489	-
TOTAL	<u>\$ 69,015,079</u>	<u>\$ 69,015,079</u>

## NOTE 5 - CAPITAL ASSETS

Capital asset balances and activity for the year ended June 30, 2019 are noted below.

	Balance, 6/30/2018	Additions	Deletions	Balance, 6/30/2019
<b>Non-Depreciable Assets</b>				
Land	\$ 25,968,979	\$ 151,300	\$ -	\$ 26,120,279
Construction in Progress	<u>60,451,711</u>	<u>94,519,026</u>	<u>100,417,384</u>	<u>54,553,353</u>
Total Non-Depreciable Assets	<u>\$ 86,420,690</u>	<u>\$ 94,670,326</u>	<u>\$ 100,417,384</u>	<u>\$ 80,673,632</u>
<b>Depreciable Assets</b>				
Buildings	\$ 2,072,025,815	\$ 104,141,133	\$ -	\$ 2,176,166,948
Vehicles	147,969,320	13,433,533	1,164,737	160,238,116
Equipment	<u>60,361,234</u>	<u>2,838,221</u>	<u>141,669</u>	<u>63,057,786</u>
Total Depreciable Assets	<u>\$ 2,280,356,369</u>	<u>\$ 120,412,887</u>	<u>\$ 1,306,406</u>	<u>\$ 2,399,462,850</u>
<b>Less accumulated depreciation:</b>				
Buildings	\$ 877,374,330	\$ 64,693,817	\$ -	\$ 942,068,147
Vehicles	75,777,432	11,513,461	734,038	86,556,855
Equipment	<u>35,793,016</u>	<u>3,800,545</u>	<u>61,414</u>	<u>39,532,147</u>
Depreciation	<u>\$ 988,944,778</u>	<u>\$ 80,007,823</u>	<u>\$ 795,452</u>	<u>\$ 1,068,157,149</u>
Depreciable Assets, Net	<u>1,291,411,591</u>	<u>40,405,064</u>	<u>510,954</u>	<u>1,331,305,701</u>
<b>Capital Assets, Net</b>	<u><b>\$ 1,377,832,281</b></u>	<u><b>\$ 135,075,390</b></u>	<u><b>\$ 100,928,338</b></u>	<u><b>\$ 1,411,979,333</b></u>

**School Construction Commitments** — As of June 30, 2019, the School System has expended cumulatively \$485,545,913 on uncompleted school capital projects for which the State and the County have obligated approximately \$592,837,087 in funding. There are outstanding purchase-order commitments related to school construction projects that will be funded by the State and/or County totaling \$115,196,377 at June 30, 2019. Amounts due from the State and County at June 30, 2019 were \$11,945,371 and \$49,000,768, respectively.

Reimbursement for the remaining future costs of these projects will be made as construction progresses. The School System is required by the U.S. Environmental Protection Agency to perform asbestos control, which will enable the School System meet the requirement of Federal regulations concerning asbestos in public buildings. The School System accounts for this activity by reporting all costs of dedicated abatement activity in the Capital Projects Fund. During FY 2019, actual abatement costs incurred were \$1,671,051 all of which was capitalized in the government-wide financial statements. Costs of building modification and upgrades incurred during the abatement project have been capitalized in the Statement of Net Position.

**Depreciation** — Depreciation expense is allocated as follows in the Government-Wide Financial Statements:

Administration	\$ 988,417
Mid-Level Administration	3,201,833
Instruction	55,415,658
Special Education	7,758,519
Student Health Services	552,934
Student Transportation	4,164,247
Operation of Plant	697,428
Maintenance of Plant	1,856,342
Food and Nutrition	<u>5,372,445</u>
<b>Grand Total</b>	<u><b>\$ 80,007,823</b></u>

**NOTE 6 - LONG-TERM LIABILITIES**

**Lease/Purchase Agreements** - Each year, the School System enters into lease/purchase agreements to finance expenditures for items such as buses, equipment, textbooks, and energy performance contracts. Due to the length of time required for production between ordering and receiving these items, a portion of the expenditures related to these items may occur in the fiscal year preceding the agreement. All items purchased under lease/purchase agreements are pledged as collateral under the agreements. Principal and interest payments for lease/purchase agreements are recorded as expenditures of the General Fund. Principal payments are reported as reductions of long-term obligations in the government-wide financial statements.

The School System acquires school buses, vehicles, technology and other equipment under non-cancellable capital leases that expire at various times through FY 2027. Lease payments, including interest, were \$46,110,511. Capitalized assets acquired through capital leases at June 30, 2019 are as follows:

	Governmental Activities
Vehicles & Equipment	\$ 87,816,290
Less Accumulated Depreciation	(26,791,749)
	<u>\$ 61,024,541</u>

Details of the School System’s lease/purchase agreements in place at June 30, 2019 are as follows:

Agreement Date	Interest Rate	Maturity Date (FY)	Original Principal Amount	Principal Outstanding at June 30, 2019
Jun 2007	2.47%	2020	\$ 34,623,272	\$ 3,098,518
Aug 2010	3.48%	2024	34,905,116	14,710,730
Aug 2010	2.99%	2027	35,328,488	20,444,045
Sep 2015	1.23%	2020	43,140,823	8,712,457
Nov 2016	1.21%	2021	23,392,431	9,415,231
Nov 2017	1.56%	2022	36,197,300	21,725,262
Nov 2018	3.27%	2023	37,923,500	29,875,689
		<b>TOTAL</b>	<u>\$ 245,510,930</u>	<u>\$ 107,981,932</u>

Future minimum lease payments and the net present value of these minimum lease payments are noted below.

Fiscal Year	Total
2020	39,176,871
2021	27,382,949
2022	21,847,328
2023	14,336,319
2024-2027	<u>12,969,170</u>
Total minimum lease payments	\$ 115,712,637
Less amount representing interest	<u>7,730,705</u>
PV of minimum lease payments	<u>\$ 107,981,932</u>

**Changes in Long Term Liabilities** - The following table provides a summary of changes in long-term liabilities during the year ended June 30, 2019. Unpaid leave is typically paid from the General and Special Revenue Funds, which are the funds that support payment of salaries and wages of affected employees. Payments against capital leases and lease-purchase agreements are made from the General Fund. Additional information on the net pension and OPEB liability is provided in Notes 7 and 9, respectively. The Table below is a summary of changes in long-term liabilities for the year ended June 30, 2019.

Governmental Activities	June 30, 2018 Ending Balance	Additions	Reductions	June 30, 2019 Ending Balance	Due Within One Year
Accumulated Unpaid Leave	\$ 67,739,140	\$ 3,214,876	\$ (4,769,419)	\$ 66,184,597	\$ 1,290,019
Lease / Purchase Agreements	113,758,750	37,923,500	(43,700,318)	107,981,932	36,440,912
Net OPEB Liability	2,086,741,000	82,053,000 *	-	2,168,794,000	-
Net Pension Liability	176,458,036	6,040,361 *	-	182,498,397	-
<b>Total Long Term Liabilities</b>	<u>\$ 2,444,696,926</u>	<u>\$ 129,231,737</u>	<u>\$ (48,469,737)</u>	<u>\$ 2,525,458,926</u>	<u>\$ 37,730,931</u>

## NOTE 7 – DEFINED BENEFIT PENSION PLANS

### Plan Description

The employees of the School System are covered by the Maryland State Retirement and Pension System (MSRPS), which is a cost-sharing, multi-employer defined benefit pension plan. While there are five retirement and pension systems under the MSRPS, employees of the School System are a member of either the Teachers' Retirement and Pension Systems or the Employees' Retirement and Pension Systems.

The MSRPS was established by the State Personnel and Pensions Article of the Annotated Code of Maryland to provide retirement allowances and other benefits to State employees, teachers, police, judges, legislators, and employees of participating governmental units. The Plans are administered by the State Retirement Agency. Responsibility for the MSRPS administration and operation is vested in a 15-member Board of Trustees.

The MSRPS issues a publically available comprehensive annual financial report (CAFR) that can be obtained at <http://www.sra.state.md.us>.

### Benefits Provided

The MSRPS provides retirement allowances and other benefits to State teachers and employees of participating governmental units, among others. For individuals who become members of the Teachers' Retirement and Pension Systems and the Employees' Retirement and Pension Systems on or before June 30, 2011, retirement/pension allowances are computed using both the highest three years Average Final Compensation (AFC) and the actual number of years of accumulated creditable service. For individuals who become members of the Teachers' Pension System and Employees' Pension System on or after July 1, 2011, pension allowances are computed using both the highest five years AFC and the actual number of years of accumulated creditable service. Various retirement options are available under each system which ultimately determines how a retiree's benefits allowance will be computed. Some of these options require actuarial reductions based on the retiree's and/or designated beneficiary's attained age and similar actuarial factors.

A member of either the Teachers' or Employees' Retirement System is generally eligible for full retirement benefits upon the earlier of attaining age 60 or accumulating 30 years of creditable service regardless of age. The annual retirement allowance equals 1/55 (1.81%) of the member's average final compensation (AFC) multiplied by the number of years of accumulated creditable service.

A member of either the Teachers' or Employees' Pension System on or before June 30, 2011 is eligible for full retirement benefits upon the earlier of attaining age 62, with specified years of eligibility service, or accumulating 30 years of eligibility service regardless of age. An individual who becomes a member of either the Teachers' or Employees' Pension System on or after July 1, 2011, is eligible for full retirement benefits if the members' combined age and eligibility service equals at least 90 years or if the member is at least age 65 and has accrued at least 10 years of eligibility service.

For most individuals who retired from either the Teachers' or Employees' Pension System on or before June 30, 2006, the annual pension allowance equals 1.2% of the members AFC, multiplied by the number of years of credible service accumulated prior to July 1, 1998, plus 1.4% of the members AFC, multiplied by the number of years of credible service accumulated subsequent to June 30, 1998. With certain exceptions, for individuals who are members of the Teachers' or Employees' Pension System on or after July 1, 2006, the annual pension allowance equals 1.2% of the member's AFC, multiplied by the number of years of credible service accumulated prior to July 1, 1998 plus 1.8% of the members AFC, multiplied by the number of years of credible service accumulated subsequent to June 30, 1998. Beginning in July 1, 2011, any new member of the Teachers' or Employees' Pension System shall earn an annual pension allowance equal to 1.5% of the member's AFC multiplied by the number of years of creditable service accumulated as a member of the Teachers' or Employees' Pension System.

## **Contributions**

The School System and covered members are required by State statute to contribute to the System. Members of the Teachers' Pension System and Employees' Pension System are required to contribute 7% annually. Members of the Teachers' Retirement System and Employees' Retirement System are required to contribute 5-7 percent annually, depending on the retirement option selected. The contribution requirements of MSRPS members, as well as the State and participating governmental employers are established and may be amended by the School System or Trustees for the MSRPS.

Beginning in FY2017, the School System pays the normal cost for their teachers in the Teachers Retirement and Pension System, while the State contributes on behalf of the School System the unfunded liability portion of the School System's annual required contribution to the Teachers Retirement and Pension System. For the year ended June 30, 2019 the School System's contribution was \$42,209,000. The State's contributions on behalf of the School System for the year ended June 30, 2019 was \$110,120,429. The fiscal 2019 contribution made by the State on behalf of the Board have been included as both revenues and expenditures in the general fund in the accompanying Statement of Revenues, Expenditures and Changes in Fund Balances and are also included as revenues and expenses in the Statement of Activities.

The School System's contractually required contribution rate for the Employees' Retirement and Pension Systems for the year ended June 30, 2019, was 6.75% of annual payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The School System made its share of the required contributions during the year ended June 30, 2019 of \$21,557,099 (including its share of administrative fees of \$2,950,133).

## Pension Costs

### a) Employee Retirement and Pension Systems

At June 30, 2019, the School System reported a liability of \$182,498,397 for its proportionate share of the net pension liability of the MSRPS. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The School System's proportion of the net pension liability was based on actual employer contributions billed to participating government units for the year ending June 30, 2018. The contributions were increased to adjust for differences between actuarial determined contributions and actual contributions by the State of Maryland. As of June 30, 2018, the School System's proportionate share was 0.870%, which is an increase from its proportion measured as of June 20, 2018 of .826%.

For the year ended June 30, 2019, the School System recognized pension expense of \$25,535,785 in the government-wide financial statements and reported its proportionate share of the MSRPS deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in assumptions	\$ 5,327,433	\$ -
Changes in proportion	16,477,275	9,499,174
Net difference between projected and actual earnings on pension plan investments	7,143,104	-
Differences between expected and actual experience	-	14,351,362
Changes in proportionate share of contributions	981,229	-
School System contributions subsequent to the measurement date	18,606,966	-
Total	\$ 48,536,007	\$ 23,850,536

\$18,606,966 is reported as deferred outflows of resources related to pensions resulting from the School System contributions subsequent to the measurement date will be recognized as a reduction in net pension liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future years as noted in the table on the table below:

Year Ended June 30:	Amortized Amount
2020	\$ 8,886,957
2021	4,157,539
2022	(5,495,474)
2023	(2,323,842)
2024	853,825
Thereafter	-

### b) Teachers Retirement and Pension Systems

At June 30, 2019, the School System did not report a liability related to the Teachers' Retirement and Pension Systems due to a special funding situation. The State of Maryland pays the unfunded liability for the School System and the School System pays the normal cost related to the School Systems members in the Teachers Retirement and Pension Systems. Therefore, the School System is not required to record its share of the unfunded pension liability but instead, that liability is recorded by the State of Maryland. The amount recognized by the School System as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the School System are noted in the following table.

State's proportionate share of the net pension liability	\$ 1,159,220,479
School System's proportionate share of the net pension liability	-
Total	\$ 1,159,220,479

The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

For the year ended June 30, 2019, the School System recognized pension expense of \$152,329,429 and revenue of \$110,120,429 for support provided by the State for the School System. Due to the special funding situation noted above related to the Teachers Retirement and Pension Systems, PGCPS did not report deferred outflows of resources and deferred inflows of resources related to the Teachers Retirement and Pension Systems.

### Actuarial Assumptions

The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60% general, 3.10% wage
Salary increases	3.10% to 9.10%, including inflation
Investment rate of return	7.45%

Mortality rates were based on RP-2014 Mortality Table with projected generational mortality improvements based on the MP-2014 2-fully generational mortality improvement scale.

The economic and demographic actuarial assumptions used in the June 30, 2018 valuation were adopted by the System's Board of Trustees based upon review of the System's experience study for the period 2010-2014, after completion of the June 30, 2014 valuations. Assumptions from the experience study including investment return, inflation, COLA increase, mortality rates, retirement rates, withdrawal rates, disability rates and rates of salary increase were adopted by the Board for the first use in the actuarial valuation as of June 30, 2015. As a result, an investment return assumption of 7.45% and an inflation assumption of 2.60% were used in the June 30, 2018 valuation.

The long term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-range expected rate of return by weighing the expected future real rates by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return were adopted by the School System after considering input from the MSRPS's investment consultant(s) and actuary(s). For each major asset class that is included in the MSRPS's target asset allocation, these best estimates are summarized in the following table

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long Term Expected Real Rate of Return</u>
Public Equity	37%	5.80%
Private Equity	13%	6.70%
Rate Sensitive	19%	1.10%
Credit Opportunity	9%	3.60%
Real Assets	14%	4.80%
Absolute Return	<u>8%</u>	3.20%
Total	<u>100%</u>	

The above was the System’s Board of Trustees adopted asset allocation policy and best estimate of geometric real rates for each major asset class as of June 30, 2018.

For the year ended June 30, 2018, the annual money-weighted rate of return on pension plan investments, net of plan expense was 8.08%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for changing amounts actually invested.

**Discount Rate**

The single discount rate used to measure the total pension liability was 7.45%. This single discount rate was based on the expected rate of return on pension plan investments of 7.45%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plans fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the Net Pension Liability**

Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the Board’s net pension liability, calculated using a single discount rate of 7.45%, as well as what the Board’s net pension liability would be if it were calculated using a single discount rate that is one percentage-point lower or one percentage-point higher for the Employees Retirement and Pension Systems.

	<b>1% Decrease (6.45%)</b>	<b>Current Discount Rate (7.45%)</b>	<b>1% Increase (8.45%)</b>
School System’s proportionate share of the net pension liability	\$262,860,318	\$182,498,397	\$115,803,782

Due to the special funding situation noted above related to the Teachers Retirement and Pension Systems, the School System did not record a net pension liability related to the Teachers Retirement and Pension Systems.

**Pension Plan Fiduciary Net Position**

Detailed information about the pension plan’s fiduciary net position is available in the separately-issued MSRPS financial report that includes financial statements and required supplementary information. That report may be obtained on the Internet at <http://www.sra.maryland.gov/Agency/Downloads/CAFR/>; by writing to MSRPS at 120 East Baltimore Street Baltimore, Maryland 21202; or by calling (410) 625-5555 or 1-800-492-5909.

**NOTE 8 – OTHER FRINGE BENEFITS**

**Tax Sheltered Annuity (TSA)/403(b) Plan** - The School System offers its eligible employees the opportunity to establish personal retirement accounts and defer a portion of their income into these accounts in accordance with Section 403(b) of the Internal Revenue Code. All employees who regularly work are eligible to participate in this program. Participation is voluntary and the School System makes no contributions to these plans.

**Post-Retirement Benefits** - In addition to providing pension benefits, the School System presently provides certain health care and life insurance benefits for retired employees. Employees eligible for pension/retirement benefits under the MSRPS plans are eligible for certain health benefits upon retirement if 1) enrolled at their retirement date; and 2) they have been employed with the School System for 12 continuous years immediately before retirement. Employees who are eligible for pension/retirement benefits and retire while employed by the School System may also be eligible for life insurance benefits if they were hired after September 1979, and have

twelve years of continuous service with the School System immediately prior to retirement. The life insurance benefit for retirees is 100% employer paid; participant contributions for health benefits are based on the rates established for active employees. Life insurance coverage for eligible retirees reduces upon retirement on a scheduled basis. MSRPS establishes the benefit provisions and contribution requirements. The cost of retiree health care and life insurance benefits is recognized as an expense as premium costs are incurred and claims paid on a pay-as-you-go basis, rather than when employee services are provided.

**NOTE 9 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS**

**Plan Description** - The School System administers a single-employer defined benefit health care plan (the “Plan”). The School System provides health care coverage for employees and retirees. In June 2008, the School System created the Retiree Benefit Trust of the Board of Education of Prince George’s County (the “Trust Fund”) in order to arrange for the establishment of a reserve to pay health benefits for future retirees, their spouses and dependents, and surviving spouses and dependents. Initially a single employer Trust Fund, the School System decided to share its investment risks with other school systems in Maryland by participating in an agent multiple-employer OPEB investment trust.

**Plan Membership.** As of July 1, 2017, the beginning of the fiscal year, membership consisted of the following:

	<u>Medical</u>	<u>Prescription Drugs</u>
Actives	17,648	17,648
Retirees	7,342	7,211

**Benefits Provided** - The plan provides healthcare and vision benefits for retirees and their dependents. Benefits are provided through a third-party insurer, and the full cost of benefits is covered by the plan. The plan grants the Board the authority to establish and amend the benefit term.

**Contributions** - The contribution requirements of plan members and the School System are established and may be amended by the School System. The required contribution is based on projected pay-as-you-go (PAYGO) financing requirements, with an additional amount to prefund benefits as determined annually by the School System. For fiscal year 2019, the School System contributed \$15 million to the OPEB Trust Fund. In addition, it paid \$62.87 million towards retiree health care costs, including administrative costs. Retirees contributed an additional \$11.90 million. The participant contributions for health benefits are based on the rates established for active employees.

**Investment Policy** - The Trust does not have a formal investment policy.

**Concentration.** The entire portfolio of investments of the Trust are invested in the MABE Pooled OPEB Trust.

**Rate of Return.** For the year ended June 30, 2019, the annual money-weighted rate of return on investments, net of investment expense, was 7.49%. The money weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

**Net OPEB Liability of the Plan.** The components of the net OPEB liability of the Plan at June 30, 2019 were as follows (in thousands):

Total OPEB Liability	\$2,294,295
Plan fiduciary Net Position	(\$125,501)
Net OPEB Liability	\$2,168,794
Plan Fiduciary Net Position as a Percentage of the Total OPEB Liability	5.47%

**Actuarial Assumptions.** The total OPEB liability was determined by an actuarial valuation as of July 1, 2019, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50% general,
Salary increases	3.00%
Investment rate of return	6.5%, net of OPEB plan investment expense, incl. inflation
Healthcare cost trend rates	4.50% to 13.21%
Mortality Rates	

Healthy and Disabled RP-2014 Blue Collar Mortality Table fully generational, projected using Scale MP-2014. Disabled mortality is assumed to be RP-2014 Disabled Mortality Table, with males rates set forward 2 years and females rates set forward 3 years

### Asset Allocation

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the OPEB plan's target asset allocation as of June 30, 2019 are summarized in the following table:

<u>Asset Class</u>	<u>Expected Real Rate of Return</u>	<u>Allocation</u>
Domestic Equity (Large Cap)	6.30%	37.80%
Domestic Equity (Small Cap)	6.80%	22.80%
Global Equities – Developed & Emerging	7.30%	0.50%
Cash	2.60%	9.40%
U.S. Fixed Income	3.50%	18.80%
Long Duration Credit Bonds	4.20%	8.40%
Long Duration Government Bonds	3.10%	0.10%
Non-US Developed Bond (Partially Hedged)	2.90%	1.80%
Multi-Asset Credit	6.60%	0.50%

**Discount rate.** The discount rate used to measure the total OPEB liability was 5.64%. This is comprised of the average yield for 20 year tax exempt general obligation. The long term expected return on assets based on the above asset portfolio is 6.50%. The projection of cash flows used to determine the discount rate assumed plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the actuarially determined contribution rates. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer

contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on these assumptions, the OPEB Fund's fiduciary net position was projected to not be available for all projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on OPEB Plan investments was not applied to all periods of projected benefit payments to determine the total OPEB liability.

**Changes in the Net OPEB Liability.** Shown below are details regarding the Total OPEB Liability, Plan Fiduciary Net Position, and Net OPEB Liability for the Measurement Period from June 30, 2018 to June 30, 2019:

	Increase (Decrease) in thousands		
	Total OPEB (a)	Plan Fiduciary Net	
		OPEB Liability (b)	Net Position Liability (c) = (a) - (b)
Balance Recognized at 6/30/2018	2,189,884	103,143	2,086,741
Changes Recognized for the Fiscal Year:			
Service Cost	70,449	N/A	70,449
Interest on the Total OPEB Liability	124,952	N/A	124,952
Changes of Benefit Terms	0	N/A	0
Differences Between Expected and Actual Experience	0	N/A	0
Changes of Assumptions	0	N/A	0
Benefit Payments	(90,990)	(90,990)	0
Contributions From the Employer	N/A	105,990	(105,990)
Net Investment Income	N/A	7,379	(7,379)
Administrative Expense	N/A	(21)	21
Net Changes	104,411	22,358	82,053
Balance Recognized at 6/30/2019	2,294,295	125,501	2,168,794

**Sensitivity of the net OPEB liability to changes in the discount rate.** The following presents the Net OPEB liability of the Plan, as well as what the Plan's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

	Current Discount		
	1% Decrease (4.64%)	Rate (5.64%)	1% Increase (6.64%)
Net OPEB Liability	\$2,562,535	\$2,168,794	\$1,852,928

**Sensitivity of the net OPEB liability to changes in the healthcare cost trend rates -** The following presents the Net OPEB liability of the Plan, as well as what the Plan's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease (Varied decreasing to 3.50%)	Trend Rate (4.50%)	1% Increase (Varied increasing to 5.50%)
	Net OPEB Liability	\$1,796,094	\$2,168,794

**Deferred Outflows/Inflows**

For the year ended June 30, 2019, the School System recognized OPEB expense of \$140,513,000. At June 30, 2019 the School System reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources (in thousands):

	<u>Deferred Outflows</u>	<u>Deferred Inflows</u>
Difference Between Actual and Expected Experience	\$ -	\$ (252,436)
Net Difference Between Expected and Actual Earnings on OPEB Plan Investments	-	(330)
Assumption Changes	-	(35,727)
<b>Total</b>	<u>\$ -</u>	<u>\$ (288,493)</u>

Amounts recognized in the deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in the OPEB expense as follows (in thousands);

**Year End June 30:**

2020	\$ (47,726)
2021	\$ (47,726)
2022	\$ (47,726)
2023	\$ (47,671)
2024	\$ (47,631)
Total Thereafter	\$ (50,013)

**NOTE 10 - SPECIAL REVENUE FUND**

The total assigned value of commodities donated by the U.S. Department of Agriculture was \$4,620,072 for fiscal year 2019. The donated commodities are reflected in the accompanying Statement of Revenues, Expenditures, and Changes in Fund Balances. The value of items not yet consumed is separately included in both inventory and unearned revenue, and amounted to \$2,188,815 at June 30, 2019.

**NOTE 11 - RISK MANAGEMENT**

The School System is self-insured for workers' compensation, property, general liability, and environmental claims, point-of-service group health insurance and vehicle claim liabilities.

**County's Risk Management Fund** - The School System participates in a self-insured Risk Management Fund (the "Fund") administered by the County to cover workers' compensation, property, general liability, and environmental claims. Members of the fund include the County, the School System, Prince George's Community College, and the Prince George's County Library System. Property coverage for catastrophic loss, boiler coverage, faithful performance bonds for the CEO and Assistant Treasurer and the honesty blanket bond for all employees is provided by commercial insurance carriers. In FY 2019, there were no significant changes in policy coverage limits or in the self-insurance cap by major categories of risk. The School System retains the risk for its claims activity. The School System makes contributions to the Fund based on actual claims experience and actuarially estimated future claims. Annually, the County engages an actuary to estimate the School System's liability for

pending and potential claims at fiscal year-end. A current review by the fund's actuary has indicated a shortfall in FY 2019 for the School System's portion of the fund in the amount of \$1,227,404. As a result, a liability for pending claims for this amount has been accrued in the financial statements at June 30, 2019, which will be paid in FY 2020.

**Group Health** - School System employees may participate in the School System's Self Insured point-of-service program or the stand-alone health maintenance organization program. The School System has agreements with commercial insurance carriers to provide third party administration services for the self-insured group health, vision, prescription, and dental programs for School System employees. Premiums are charged to the self-insurance fund and employees for their respective share of the cost in amounts, which are planned to match estimated claims and administrative costs of providing this program. The third party administrator, for a fee based on claims and participation, performs processing of claims and other administrative matters. Administrative costs, such as printing, legal services, and clerical support are borne by the Fund.

**Vehicles** - The auto component of the Self-Insurance Fund covers the School System's liability for bodily injury to others and damage to the property of others resulting from the operation of School System owned, leased, and rented vehicles. The School System has a fee-based agreement with a third party administrator to process and resolve auto liability claims. The third party administrator bills the School System on a monthly basis for their services and the fees are paid directly out of the auto component of the Self-Insurance Fund.

**Unpaid Claims** - The liability for unpaid claims represents claims, that are reported but not paid; and claims incurred but not reported (IBNR) based on the actuarial valuation supplied by the third party administrator. The table below shows the changes in the aggregate liabilities for claims from 2018 to 2019.

**Prince George's County Public Schools**  
**LIABILITY FOR UNPAID CLAIMS**  
**FY 2018 - FY2019**

	<u>Life</u>	<u>Vehicle</u>	<u>Health</u>	<u>Total</u>
Incurred Claims - FY-18	\$ 9,736,552	\$ 1,503,665	\$ 286,706,080	\$ 297,946,297
Less Claim Payments - FY-18	(9,736,552)	(886,354)	(268,552,744)	(279,175,650)
Reserves for Unpaid Claims, 6/30/18	<u>\$ -</u>	<u>\$ 617,311</u>	<u>\$ 18,153,336</u>	<u>\$ 18,770,647</u>
Incurred Claims - FY-19	\$ 10,461,880	\$ 1,439,367	\$ 270,911,627	\$ 282,812,874
Less Claim Payments - FY-19	(10,461,880)	(1,011,407)	(248,580,330)	(260,053,617)
Reserves For Unpaid Claims, 6/30/19	<u>\$ -</u>	<u>\$ 427,960</u>	<u>\$ 22,331,297</u>	<u>\$ 22,759,257</u>

Unpaid Claims, due within one year, at June 30, 2019 amount to \$22,759,257. There were no settlements that exceeded the self-insured limits for both the Vehicle and Group Life and Health Programs for each of the past two fiscal years. The School System does not carry stop-loss insurance for either health or life.

**NOTE 12 – OPERATING LEASES**

The School System has long-term commitments as lessee under non-cancelable operating leases for office copiers and printing equipment. Rent expenditures incurred in FY 2019 amounted to \$6,031,388. The lease contains the following minimum lease payments.

<u>Fiscal Year</u>	<u>Minimum Payment</u>
2020	\$4,156,596
2021	\$3,156,596
2022	\$3,156,596
2023	\$3,156,596

**NOTE 13 – ENCUMBRANCES**

Encumbrance accounting is used for budgetary purposes in the governmental and proprietary funds. Encumbrances (purchase orders and contracts awarded for which goods and services have not been received at year-end), and other commitments for the expenditure of funds are recorded in order to preserve that portion of the appropriation. In the governmental funds for GAAP purposes, outstanding encumbrances payable are reported as an assignment of fund balance because they do not constitute expenditures or liabilities. In the proprietary funds, encumbrances are eliminated for GAAP financial statement presentation since neither goods nor services have been provided. For GAAP purposes, all encumbrances are charged to expenditures/expenses in the period in which goods or services are received.

Amounts reported as encumbrances are classified as restricted, committed or assigned depending on the constraints and approval in place at year end. Encumbrances outstanding at year end are reported as assignments of fund balance in the General Fund and do not constitute expenditures or liabilities because the obligation will be honored during the subsequent year. These general fund encumbrances by function, including internal requisitions, at June 30, 2019 consist of the following:

Plant Maintenance and Operations	\$ 5,106,661
Administration and Mid-Level Administration	959,256
Textbooks and Other Instructional Costs	5,194,530
Student Transportation, Health & Personnel Services	1,513,535
Special Education	2,096,788
Capital Outlay	100,000
Fixed Charges	9,998
Total Encumbrances	<u>\$ 14,980,768</u>

**NOTE 14 – CHARTER SCHOOL FINANCES**

Charter schools are separate legal entities with independent boards created by Maryland Statute and are authorized to operate in each county by the sponsoring district. The school system has determined that Charter Schools do not qualify as part of the reporting entity, as the School System is not financially accountable for the charter schools. In addition, the School System does not have the ability to access the economic or organization resources received or held by a charter school. Expenditures for Charter Schools amounted to \$71.56 million in FY 2019. This includes salaries and benefits paid directly to teachers and administrators. Charter schools are also paid a quarterly appropriation (discretionary support) equivalent to their per pupil allotment less payment of salary and benefits.

The table on the following page provides data on charter schools funding. Consolidated financial statements (unaudited) are contained in Schedule B.4 of this report, found on page 73.

School Name	# of Students	Discretionary Support	Direct Pmt of Salaries/Benefits	In-Kind Payments*	TOTAL FUNDING
Chesapeake Math & IT - North	1,618	9,297,062	8,823,335	-	18,120,397
Chesapeake Math & IT - South	1,183	7,235,106	6,041,416	-	13,276,522
College Park Academy	659	3,944,033	3,495,743	-	7,439,776
Excel Academy	424	1,380,767	3,510,501	-	4,891,268
Imagine - Andrews	469	2,654,736	2,751,460	-	5,406,196
Imagine - Leeland	487	2,738,855	2,928,820	-	5,667,675
Imagine - Lincoln	444	2,267,279	2,940,108	55	5,207,442
Imagine - Morningside	414	1,501,086	3,200,307	-	4,701,393
Turning Point Academy	593	2,359,262	4,488,823	1,893	6,849,978
Total	6,291	\$ 33,378,186	\$ 38,180,513	\$ 1,948	\$ 71,560,647

\* Represents offsets for rental of buildings, in-house printing, telephone centrex, postage & delivery

**NOTE 15 - BUDGETARY COMPARISON**

The General Fund operates under a legally adopted, annual budget. The legal level of budgetary control is at the function level. State law requires that transfers between functions be approved by the County Council and does not allow expenditure overages by function. The School System may reassign funds within each function without County Council approval. All unexpended or unencumbered appropriations terminate at year-end and are not available for use in subsequent periods. For the year ended June 30, 2019, the General Fund had an overall favorable budget to actual variance in expenditures and encumbrances of \$59.19 million as noted below.

General Fund Variance Analysis (amounts presented in millions of dollars)

<u>Function</u>	<u>Approved Budget</u>	<u>Actual Results</u>	<u>Variance</u>
Administration	\$ 65.71	\$ 60.13	\$ 5.58
Mid-level Administration	129.82	125.40	4.42
Instructional Salaries	690.22	679.20	11.02
Instructional Textbooks & Supplies	20.15	18.73	1.42
Instructional Other	97.70	94.66	3.04
Special Education	285.71	285.71	-
Student Personnel Services	22.67	20.44	2.23
Student Health Services	19.42	17.47	1.95
Student Transportation	111.88	107.83	4.05
Operation of Plant	132.65	126.44	6.21
Maintenance of Plant	48.42	47.30	1.12
Fixed Charges	417.49	401.99	15.50
Food and Nutrition	1.22	-	1.22
Community Services	4.32	3.14	1.18
Capital Outlay	0.35	0.10	0.25
Totals	<u>\$ 2,047.73</u>	<u>\$ 1,988.54</u>	<u>\$ 59.19</u>

The School System’s legal budget for the General Fund is prepared using the encumbrance method of accounting. Under this method, commitments such as purchase orders and portions of contracts that are to be funded with current year appropriations are recorded as expenditures, in addition to expenditures made or accrued. When the actual expenditure takes place, the accounts are adjusted for any difference between the actual expenditure and the commitment previously recorded. As a result, there is a reconciling difference between the total actual expenditures reported in Schedule A.1 under budgetary (encumbrance) accounting and those reported in Exhibit V under generally accepted accounting principles. Under the encumbrance method, expenditures of the General Fund for budget purposes indicated in Schedule A.1 were \$.27 million more than those reported under generally accepted accounting principles.

Expenditures in Exhibit V are reported by object, which refers to the item purchased or the service obtained. In addition, on-behalf payments and the non-current portions of the School System’s lease obligations are not budgeted and are, therefore, reconciling items between Exhibit V and Schedule A.1.

The School System’s **Capital Project Fund** utilizes multi-year budgeting by means of a six-year Capital Improvement Program (CIP) to enhance long-range planning and improve program evaluation. This strategic approach to resource allocation requires that a current year’s budget is legally approved while the five outlying years are in a proposed status. The annual CIP budget is approved and established with budgetary control at the project level and is categorized by descriptive program levels (see Schedule B.1 on page 69 - 70). Unexpended or unencumbered appropriations are carried forward to subsequent periods and made available for use through the completion of the project.

The primary sources of funding for the capital projects budget are the State of Maryland and Prince George’s County. State budgeted amounts may initially be reflected as preliminary, being subject to contractor award and determination of contract value, at which time final budget award is made and records are adjusted accordingly. All funding sources for the capital budget operate on a reimbursable basis, and traditionally, revenue and expenses are equal at year end.

A budget is not adopted by the County Council for the **Special Revenue Fund** supporting the Food and Nutrition Services and Before & After Care Programs. As a result, budgetary comparison information is not required for the Special Revenue Fund. However, we have included a comparison of expenditures against budget (see Schedule B.2 on page 80).

**NOTE 16 – FUND BALANCE POLICY AND REPORTING**

The Board of Education has not adopted a minimum fund balance policy. However, the School System has established a process of applying expenditures against committed amounts first, followed by assigned amounts, and then unassigned amounts. The School System considers restricted amounts to have been spent when expenditures are incurred for which both restricted and unrestricted net position is available. The Board of Education committed use of \$28.0 million prior year fund balance in its June 20, 2019 meeting. The composition of total fund balance is shown in the following table.

COMPOSITION OF TOTAL FUND BALANCE

	General Fund	Capital Projects Fund	Special Revenue Fund	Total
<b>Nonspendable:</b>				
Inventories	\$ 4,341,450	\$ -	\$ 329,877	\$ 4,671,327
Prepaid Items	688,681			688,681
<b>Total Nonspendable</b>	<b>5,030,131</b>	<b>-</b>	<b>329,877</b>	<b>5,360,008</b>
<b>Restricted:</b>				
For Capital Projects	-	6,148,202	-	6,148,202
For Community Services	-	-	5,302,341	5,302,341
<b>Total Restricted</b>	<b>-</b>	<b>6,148,202</b>	<b>5,302,341</b>	<b>11,450,543</b>
<b>Committed:</b>				
Use in FY 2020 Operating Budget	28,000,000	-	-	28,000,000
<b>Total Committed</b>	<b>28,000,000</b>	<b>-</b>	<b>-</b>	<b>28,000,000</b>
<b>Assigned to:</b>				
Risk Management and General Liability	80,000,000	-	-	80,000,000
Future One-time Expenditure Items	25,000,000	-	-	25,000,000
Food and Nutrition Services	-	-	13,204,378	13,204,378
Special Projects Funds	57,604	-	-	57,604
	105,057,604	-	13,204,378	118,261,982
Encumbrances	14,980,768	-	-	14,980,768
<b>Total Assigned</b>	<b>120,038,372</b>	<b>-</b>	<b>13,204,378</b>	<b>133,242,750</b>
Unassigned	50,035,759	-	-	50,035,759
<b>TOTAL FUND BALANCE</b>	<b>\$ 203,104,262</b>	<b>\$ 6,148,202</b>	<b>\$ 18,836,596</b>	<b>\$ 228,089,060</b>

**NOTE 17 - CONTINGENCIES**

In the normal course of operations, the School System is party to certain claims and litigation. The School System, through its participation in the County’s Risk Management Fund and its own Self-Insurance Fund for vehicular actions, is statutorily responsible for satisfying awards of damages against its members, officials, employees, student teachers or volunteers when such awards are based upon acts or omissions taken within the scope of their duties/employment subject to the statutory limitation of liability of \$100,000 per occurrence.

PGCPS also engages in various school construction projects, and in the normal course of these projects is party to certain claims and litigation. Litigation and claims related to these construction contracts is not covered by the Risk Management Fund and is not subject to the \$100,000 statutory limitation of liability.

No contingency has been recorded for asbestos or lead abatement related to capital projects. The amount of any such liability is uncertain and thus recognized as uncovered and identified in a pollution remediation obligation.

However, this activity is accounted for in multi-year budgets, typically under system replacements, lead remediation, asbestos ceiling tile or major repairs - AHERA (Asbestos Hazard Emergency Response Act) Projects.

---

As a result of work being performed in schools where asbestos may be present, containment, removal and cleanup of any material that presents an imminent threat to health and safety of students, staff and visitors may be necessary. School System management, in consultation with legal counsel, has reviewed all pending litigation and has determined that as of June 30, 2019, no additional accrual is required in the government-wide and fund financial statements besides those amounts recorded for claims liability.

## Required Supplementary Information

SCHEDULE A.1

Prince George's County Public Schools

**SCHEDULE OF CHANGES IN THE NET OPEB LIABILITY AND RELATED RATIOS**

	<u>2019</u>	<u>2018</u>
<b>Total OPEB Liability</b>		
Service Cost	\$ 70,449,000	\$ 94,598,000
Interest Cost	124,952,230	170,540,404
Changes of Benefit Terms	-	(800,420,000)
Differences Between Expected and Actual Experiences	-	(335,886,000)
Changes of Assumptions	-	(47,537,000)
Benefit Payments	<u>(90,990,000)</u>	<u>(89,286,000)</u>
Net Changes in Total OPEB Liability	104,411,230	(1,007,990,596)
Total OPEB Liability, Beginning	<u>2,189,883,501</u>	<u>3,197,874,097</u>
Total OPEB Liability, Ending	<u><u>2,294,294,731</u></u>	<u><u>2,189,883,501</u></u>
 <b>Plan Fiduciary Net Position</b>		
Contributions - Employer	\$ 105,990,000	\$ 104,286,000
Contributions - Member	-	-
Net Investment Income	7,379,280	6,100,000
Benefit Payments	(90,990,000)	(89,286,000)
Administrative Expense	(21,050)	(20,826)
Other	<u>-</u>	<u>-</u>
Net Change in Plan Fiduciary Net Position	22,358,230	21,079,174
Plan Fiduciary Net Position, Beginning	<u>103,142,501</u>	<u>82,063,327</u>
Plan Fiduciary Net Position, Ending	<u><u>125,500,731</u></u>	<u><u>103,142,501</u></u>
Net OPEB Liability, Ending	<u><u>2,168,794,000</u></u>	<u><u>2,086,741,000</u></u>
Net Position as a Percentage of OPEB Liability	5.79%	4.94%
Covered Payroll	\$ 1,141,149,000	\$ 1,107,912,000
Net OPEB Liability as a Percentage of Payroll	190.05%	188.35%

**Investment Return Schedule:**

Annual Money-Weighted Rate of Return, Net of Investment Expense	7.49%	7.41%
---	-------	-------

Prince George's County Public Schools  
**SCHEDULE OF BOARD CONTRIBUTIONS**  
*OPEB*

	2019	2018
Actuarially determined contribution	\$ 90,990,000	\$ 89,286,000
Contributions in relation to the actuarially determined contribution	105,990,000	104,286,000
Contribution deficiency (excess)	\$ (15,000,000)	\$ (15,000,000)
Board's covered payroll	\$ 1,141,419,000	\$ 1,107,912,000
Contributions as a percentage of covered payroll	9.29%	9.41%

Notes to Schedule:

Valuation Date: Because the contribution policy of Prince George's County Public Schools is to contribute amounts as they become due together with an additional cash amount at the end of the fiscal year provided the total cash contribution does not exceed a certain amount, currently assumed to be \$194,000,000, the actuarially determined contribution shown above has been set equal to the benefit payments that were paid during the applicable measurement period.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method	N/A
Asset Valuation Method	N/A
Salary Increases	N/A
Investment Rate of Return	N/A
Retirement Age	N/A
Mortality	N/A

Prince George's County Public Schools • [www.pgcps.org](http://www.pgcps.org)

## STATISTICAL SECTION NARRATIVE AND TABLE OF CONTENTS

### OVERVIEW

This section of the School System's Comprehensive Annual Financial Report (CAFR) presents detailed data as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information say about the School System's overall financial health. As the content below shows, this section provides additional information; it does not change what the Statistical Section is – supplementary information that is not subject to audit. Unless otherwise noted, the financial information in this section is derived from the School System's annual financial reports for the relevant years.

### CONTENT

Data contained in the Statistical Section of a CAFR typically covers five areas: financial trends, revenue capacity, debt capacity, demographic information, and operating information.

#### *Financial Trends*

These schedules contain trend information to help the reader understand how the School System's financial performance and well-being has changed over time. All schedules are presented for ten years, unless information is not available for the entire decade.

	<u>PAGE</u>
Schedule 1 Net Position by Component - Last Ten Fiscal Years	77
Schedule 2 Expenses, Program Revenue, and Net (Expenses)/Revenue - Last Ten Fiscal Years	78
Schedule 3 General Revenues and Total Change in Fund Balance - Last Ten Fiscal Years	79
Schedule 4 Fund Balances: Governmental Funds - Last Ten Fiscal Years	80
Schedule 5 Changes in Fund Balance, Governmental Funds - Last Ten Fiscal Years	81

#### *Revenue Capacity*

This schedule has information on the School System's largest own-source revenue, its Food Service Program.

Schedule 6 Data on Largest Own-Source Revenue: Food & Nutrition Services - Last Ten Fiscal Years	82
--	----

#### *Debt Capacity*

These schedules present information to help the reader assess the affordability of the School System's outstanding debt and ability to absorb additional debt in the future:

Schedule 7 Outstanding Debt - Last Ten Fiscal Years	83
Schedule 8 Overlapping Governmental Activities Debt as of June 30, 2019	84

#### *Demographic Information*

These schedules offer demographic and economic indicators to help readers understand the environment of Prince George's County, in which the School System's financial activities take place. Schedules included are:

Schedule 9 Assessed Value and Estimated Actual Value of Taxable Property - Last Ten Fiscal Years	85
Schedule 10 Principal Employers, 2018 and Eight Years Prior	86
Schedule 11 Demographic and Economic Statistics - Last Ten Calendar Years	87

#### *Operating Data*

These schedules offer operating data to help understand how the information in the School System's financial report relates to the services it provides and the activities it performs. Schedules included are:

Schedule 12 Full-Time Equivalent School System Employees by Function - Last Ten Fiscal Years	88
Schedule 13 Operating Statistics - Last Ten Fiscal Years	89
Schedule 14 Teacher Base Salaries - Last Ten Fiscal Years	90
Schedule 15 School Building Information - Last Ten School Years	91

<sup>1</sup> Real property figures are based on a "triennial assessment" process. Under this method, only one-third of the properties in the county are reassessed each year. Any increase in value is phased-in over a three-year period in equal increments. Therefore, assessed values only reflect the phased-in amounts, while the estimated actual values indicate the full amount of the reassessment based on the latest physical inspection.

<sup>2</sup> Assessed Value and Estimated Actual Values are equal.

<sup>3</sup> Prior to fiscal year 2002, real property had been assessed at 40% of phased-in market value. Effective FY 2002, real property is assessed at 100% of phased-in market value. Personal Property had already been assessed at 100% of market value. The County tax rate is a weighted average of the unincorporated area and incorporated area rates.
