**HB197 – Youth Wellness Leadership Pilot Program**  
**A three Year Pilot Program – October 1, 2015 – Sept 30, 2018**  
**HB197 END OF FISCAL YEAR REPORT**  
**Wednesday, June 29, 2016 (Revised)**

To: Department of Legislative Affairs  
Office of Policy Analysis  
Maryland Legislative Affairs

From: Reverend Gail A. Addison  
President/CEO  
End Time Harvest Ministries

End Time Harvest Ministries (ETHM), Inc. is submitting its HB197- Youth Wellness Leadership Pilot Program report, due June 30, 2016, to the Department of Legislative Services (attached) as required. Rev. Gail A. Addison, ETHM President/CEO, the Director of the Youth Wellness Leadership Institute (YWLI) at Bladensburg High School (BHS) is the developer of the YWLI's programs designed to be replicated at other Prince George's County Public Schools (PGCPS). Since the inception of the YWLI Model program, ETHM has been able to prove its postulate that by linking students' performance to health improves their academic and career outcomes. Annually since 2010, ETHM continually demonstrates that its student suspension rate is 5% and below, dropout rate is zero, and GPA range is 2.5-to above a 4.0.

**Program model**

ETHM staff began collaborating with the school in November and December 2015. The staff began its 6-phase implementation process in April 2016. The 6 pilot program implementation phases are: 1) Recruitment of students; 2) Screening/Interviewing students & parents; 3) Plenary program orientation for students and parents; 4) Job Skills Workshop attended by students and parents; 5) Summer Camp Orientation for employers, students and parents (includes job placements); and 6) Summer job employment.

**Program criteria**

1. Students must have a 2.0 GPA
2. Students must want to participate
3. Students must have very few tardies and absences
4. Parent support and participation is a must
5. Students must attend Bladensburg High School
6. Program must have the Principal's and staff's support and participation

**Program status**

Since April 2016, ETHM has:

Screened:	35
Interviewed students/parents:	18
Enrolled students	25
Employed students in summer Jobs:	21
Terminated students from program:	2

**ETHM's progress:**

- 1) Has not hired a qualified staff person who will receive OJT to run the YWLI "Pilot" Program (expansion project). Enrolled 25 BHS 9<sup>th</sup> graders into ETHM's Youth Wellness Leadership Institute "Pilot" Program by June 2016.
- 2) Conducted a day-long Job Skills Workshop for students (with their parents) in June 2016.
- 3) Placed students in paid summer internships with various Port Towns and PGC businesses during ETHM 2016 Jobs-For-Youth Summer Camp Program.
- 4) Reported HB197 Progress to Maryland Legislative Affairs by June 30, 2016.
- 5) Will complete its summer internship program by August 30, 2016.
- 6) Will provide its completed report with program evaluation for the 1<sup>st</sup> year program by September 30, 2016.

**FY 2016 Pilot Program Budget=\$55,000**

Student internship stipends	\$25,200.00
Staff salaries	\$24,680.14
Program Evaluation (contract)	\$ 3,000.00
Facilities Use (Bladensburg Cafeteria)	\$ 601.00
Supplies	\$ 441.00
Printing	\$ 648.00
Food for 2 student/parent workshops	\$ 480.00
<b>Total Expenses</b>	<b>\$ 55,050.14</b>

\$5.00/hour x 6 hours/day=\$30.00/day x 5 days/wk=\$150 x 6 weeks =\$900 x 25 students=\$22,500

\$7.00/hour 6 hours/ day=\$42.00/days 5 days/ wk= \$210x 6 weeks =\$1260 x 20 students=\$25,200 (ETHM rate used)

**Job Skills Workshop Outcomes:** 9<sup>th</sup> grade YWLI "Pilot" Program (expansion component) participants gained the following employability skills while enhancing their literacy skills by the end of the Job Skills Workshop:

- 1) Professionalism: Making Healthy Choices & Maintaining a Positive Attitude
- 2) Grooming & Proper Attire (Practicing Good Hygiene & Job Safety)
- 3) Résumé Writing & Job Application Completion
- 4) Interviewing Techniques
- 5) Work Telephone Etiquette

Literacy enhancement skills--Students will improve the following skills:

1. Communications: Oral, reading & writing
2. Critical and creative thinking
3. Decision making and Problem solving
4. Conflict management
5. Organization & Planning

**Program Outcomes: At the end of the summer camp, students will:**

1. Write about their Wellness Ambassadors Environmental Health Summer Camp experience (tell their story)
2. Make Oral awards presentations to their employers and verbally tell about the impact of the summer camp on them during the awards ceremony.

This is a collaborative effort:

1. BHS referred HB197 students to ETHM
2. Mayor Sadara Barrow (Colmar Manor), Mayor Tracy Gant (Edmonston), Senator Victor Ramirez, Delegate Diana Fennell, and PGC Councilmember Andrea Harrison's COS, (District 5), and Delegate Jimmy Tarlau referred employers to ETHM and took our traditional Wellness Ambassadors Jobs-For-Youth Picture with the summer interns and staff.

### **Roles & Responsibilities:**

- |   |   |
|---|---|
| Maryland's 47 <sup>th</sup> Legislative Team: | Provides ongoing advocacy for HB197 by ensuring that: <ol style="list-style-type: none"><li>1) funding is committed to the HB197 at the beginning of each subsequent fiscal year</li><li>2) partnerships are engaged and other resources are in place to provide the best education possible for this Pilot program</li></ol> |
| PGCPS-BOE                                     | <ol style="list-style-type: none"><li>1) Program HB197 oversight and annual funding as agreed to by all parties</li><li>2) A separate PGCPS-BOE MOU was executed specifically for the Pilot program</li></ol>   |
| ETHM  | <ol style="list-style-type: none"><li>1) Fully implement and direct the HB197 "Pilot" Program</li><li>2) Annually report program outcomes to BOE and the Maryland Legislative Affairs</li></ol>   |
| Port Towns & County Leaders                   | <ol style="list-style-type: none"><li>1) Establish an advisory committee to ensure that appropriate community sectors and other resources are provided</li><li>2) Port Towns &amp; PG County businesses are engaged and are committed to providing summer internships for HB197 program</li></ol>                             |

## Wellness Ambassadors Environmental Health Summer Camp Program Theme: **Connecting Storm Water Management to Health**

### 2016 PROGRAM DESCRIPTION

Six-weeks: Monday, June 27 – Friday, August 5, 2016

This summer, End Time Harvest Ministries (ETHM) is expanding last year's Wellness Ambassadors (WA) 6-week Summer Camp Program by continuing to connect storm water management to health. Fifty (50) Bladensburg High School (BHS) students are participating in the day-long Friday WA Environmental Health Friday workshops. Additionally, these students are working as summer interns with Port Towns and other county businesses to further their environmental health knowledge and to sharpen their employability skills. ETHM's two major outcomes are that interns will (1) be able to propose storm water solutions, and (2) expand their storm water management advocacy role.

ETHM's holistic approach to health and wellness is being expanded by strategically connecting storm water management to our Port Towns community's revitalization work in various municipal and business venues. Through youth leadership, ETHM is connecting our Port Towns Community Health Partnership's (PTCHP) healthy eating active living (HEAL) work to the county's storm water management initiative, (i.e., *Howard and Sergio are removing a tree stump (above) at the historic Bostwick House during their internships with AWS, and Fawziyah and Gerardo are measuring a storm drain (right) in the Town of Edmonston.* The Anacostia River is one of our most important Port Towns assets. Therefore, our Wellness Ambassadors' HEAL advocacy work includes sound storm water management practices and behaviors. This strategy promotes healthy lifestyles and overall well-being for Prince George's County residents. Creating a coordinated, holistic, and sustainable approach for solving our county's health and water runoff problems through youth leadership is the SMART (Specific, Measurable, Achievable, Results-focused, Timely) thing to do. This strategy builds ECO friendly communities that will benefit our Port Towns municipalities, residents' homes, senior citizens dwellings, schools, businesses and places of faith while dealing with health and water runoff countywide problems.

**End Time Harvest Ministries**  
**Wellness Ambassadors Environmental Health Summer Camp Program**  
**Theme: Connecting Storm Water Management to Health**

**PROGRAM OUTCOMES AND EVALUATION**

Fifty (50) End Time Harvest Ministries (ETHM) Pathways to Career Success and Port Towns Youth Council (PTYC) students of Bladensburg High School (BHS) are working as summer interns in Port Towns and county municipalities and businesses to further their environmental health education while working as Port Towns Wellness Ambassadors (WA). An integral part of ETHM's Wellness Ambassadors Environmental Health Summer Camp is ETHM's Jobs-For-Youth Program that provides Wellness Ambassador interns employment with 20 Port Towns and other businesses, (i.e., Alley Cat Rescue (Hyattsville), Anacostia Watershed Society (AWS), Bladensburg Elementary, Bladensburg High, Bladensburg Waterfront Park, Community Forklift, PGC Dept of Public Works and Transportation, ECO City Farms, Emerson House, Edge Medical Care, P.C. (Riverdale), Fort Lincoln Medical Center, IHOP at Colmar Manor, Joe's Movement Emporium, Rogers Heights Elementary, Town of Bladensburg, Three Brothers Italian Restaurant, Town of Colmar Manor, Town of Cottage City, Town of Edmonston,). Working with these businesses, most WA interns are acquiring health and storm water management knowledge and skills while work at their respective work sites. Businesses have hired student interns, ages 14-18, who will receive stipends from ETHM. Listed below are ETHM's summer camp program objectives and outcomes:

**Program Objectives/Outcomes**

1. Students will gain knowledge of their advocacy role as Wellness Ambassadors.
2. Students will gain environmental health knowledge by working with Port Towns municipalities and other businesses.
3. Students will propose solutions to water runoff and pooling problems by proposing storm water management solutions.
4. Students will learn how to teach others how to assess their fitness and how this leads to building healthy PGC communities.

**Program Evaluation**

Summer interns evaluations will focus on the knowledge they acquired during their work site assignments and day-long experiential learning workshops.

1. Students learned to be Wellness Ambassador advocates.
2. Students gained environmental health knowledge by working with Port Towns municipalities and other businesses.
3. Students proposed water runoff and storm water pooling solutions.
4. Students learned to teach others how to assess their fitness and how this leads to building healthy PGC communities.

## **COURSE DESCRIPTIONS**

**June 27 – August 5, 2016**

### **Nutrition and your Health, June 27-August 5**

**Instructors:** ECO City Farms

Through hands-on work, ETHM interns will acquire skills and knowledge about a sustainable food system through urban farming, composting, nutrition education, and healthy living at ECO City Farms. They will help design the new community youth garden at Port Towns & Rogers Heights Elementary, cook (and eat) delicious food, and find their own voices through photography, poetry and art. Through field trips, they will explore food and health in Prince George's County (PGC). Experienced urban farmers, artists, nutritionists and environmentalists will teach the youth about sustainability, local food production, healthy cooking and eating and storm water management.

### **Storm Water Management and your Health, July 1–29, 9am-12pm**

**Instructor:** \*AWS educators

Throughout the summer camp, interns will engage in a five session 3-hour (9am-12pm) Friday Watersheds 101 course--Intro to Watersheds and storm water runoff didactic and interactive experiential learning sessions (below) conducted by AWS education professionals.

Thu, June 30      Location: ECO City Farms (Bladensburg), 6100 Emerson Street, Bladensburg, MD 20710

Fri, July 1      Location: Colmar Manor Community Center, 3701 Lawrence Street, Colmar Manor, MD 20722

Session 1 content: The Enviroscope model

### **Fit 2 be Well, July 1, Fri, 1-3:00pm**

**Instructors:** Wellness Ambassador coaches

Session content: This refresher course will help youth Wellness Ambassadors to sharpen their physical fitness teaching skills. Student-instructors will build on their body fat assessment and heart rate (HR) measurements skills by providing students with fitness tools that will empower Port Towns residents and customers to live physically active lives. Ambassadors will achieve the primary goal of these physical activity sessions--to help students-learn to lead others in physical activity that maximizes stamina, strength, flexibility, speed and agility.

### **Storm Water Management and your Health, Fri, July 8, 9-12:00pm**

**Instructors:** AWS educators

Location: Bostwick House, 3901 48th St. in Bladensburg, MD 20710 (Access property from Annapolis Rd, Kenilworth Ave, and Quincy St. There is a fence around the property with one, large gate that will be open. Enter the property at this gate and proceed up the driveway up the hill)

Session 2 content: Native Plants, Rain Barrels, Cisterns, observing examples of storm water management practices and helping to work in our native plant nursery (weeding, watering, native plants that will later be used in storm water management projects). This will be a great hands-on day where interns will see some of the things they learned about in the first session.

### **Fit 2 be Well, Jul 8, Fri, 1-3:00pm**

**Instructors:** Wellness Ambassador coaches

Location: Colmar Manor Community Center

Session content: Wellness Ambassadors will test each other to see how well each one can demonstrate their ability to correctly do each physical fitness activity, and how well they can communicate/teach others how to use the fitness tools they learned to empower Port Towns residents and others to live physically active lives.

### **Storm Water Management and your Health, Fri, July 15, 9-12:00pm**

**Instructors:** AWS educators

Location: Colmar Manor Community Center

Session 3 content: Storm water Runoff, Solutions to Storm water runoff. Interns will perform a site audit of the Colmar Manor Community Center to observe areas where storm water is an issue and discuss ideas for projects that could be implemented.

## **COURSE DESCRIPTIONS Continued**

**How Technology Can be Used to Understand the Impact of Environmental Changes on Humans, Fri, Jul 15, 1-3:00pm**

Location: Colmar Manor Community Center

**Instructor:** Gloria Washington, Ed.D  
Howard University, Assoc. Professor,

Session content: In this course, students will learn an overview of biometric and affective computing techniques that can be used to interpret human emotions often influenced by a person's outside environment. Students will engage in group activities focusing on how the environment can cause the six basic emotions (i.e. happiness, sadness, fear, disgust, surprise, and anger) to occur and swing back and forth. Then students will learn about existing technologies that make judgments about what people are feeling. At the end of the session, each group will give an overview of a technology of the future they would be interested in helping create based off what they learned in class.

**Storm Water Management and your Health, Fri July 22 9am- Noon**

Location: Colmar Manor Community Center

**Instructors:** AWS educators

Session 4 content: Talking Trash (how does trash get into our waterways, what can we do about it), Site Design of Storm Water Management projects

**Pontoon Guided Tour to ECO interns , Thu, July 22, 1-3pm**

Location: Bladensburg Waterfront Park (BWP), 4601 Annapolis Road, Bladensburg, MD

**Instructors:** AWS educators

**The Impact of Storm Water Runoff on Prince George's County**

Fri, July 22, 1-3pm

Location: Colmar Manor Community Center

**Instructor:** Mr. Darrell B. Mobley, Director  
Dept of Public Works & Transportation  
Prince George's County

Session content: Mr. Mobley and his team will provide a great educational learning experience for interns to understand PGC storm water problems and its impact county residents' wellbeing. Wellness Ambassadors will gain a greater appreciation for the health and safety advocacy roll they are playing to help resolve our county's rain runoff problems.

**Storm Water Management and your Health, Fri, July 29, 9am-Noon**

Location: Bladensburg Waterfront Park (BWP), 4601 Annapolis Road, Bladensburg, MD (Parents bring their children to BWP)

**Instructors:** AWS educators

Session 5 content: Interns will take a Pontoon Boat guided tour of the Anacostia River, which will provide them with the opportunity to get on the river to see how storm water impacts our local waterways. This will be a guided tour.

**Environmental Impacts on Nutrition & Community Health, Fri, July 29, 1-3:00pm**

Location: Colmar Manor Community Center

**Instructor:** Chimene Castor, Ed.D

Session content: Discuss the double health threat from malnutrition, and that obesity suggests reasons why this might occur among a single group of people. Discuss ecological footprint and describe ways to reduce one's own ecological footprint.

**Summer Camp review, Jul 29, Fri 2:00-3:00pm**

Location: Colmar Manor Community Center

**Instructors:** ETHM Team

Session content:

1. Take connecting storm water manage to health post test.
2. Write about (tell their story) how ETHM's summer camp experiences have impacted their lives.
3. Have interns to orally share their summer camp experiences.

**Summer Camp closing event: Employers Appreciation Celebration**

Location: Colmar Manor Community Center, August 5, Fri, 8:30-11:00am

**ETHM Organization & Summer interns**

Wellness Ambassadors will present appreciation awards to their respective employers for the opportunity to acquire more knowledge about their organization, work ethic, health and safety, and storm water management. (Parents must attend with their children in order to receive their pay checks next week).

**\*Ariel Trahan and Vaughn Perry** are the AWS Environmental Health Education team professionals for ETHM's 2016 Wellness Ambassadors Environmental Health Summer Camp Program--Theme: Connecting Storm Water Management to Health.

**Contact us during business hours at (301) 220-4333, (301) 887-6700 or visit our website [www.ethm.org](http://www.ethm.org)**
