## Office of the County Executive

December 31, 2022

The Honorable Nick Charles, Chair  
Prince George's County House Delegation  
House Office Building, Room 207  
6 Bladen Street  
Annapolis, Maryland 21401

Dear Chair Charles:

In accordance with Section 20-605 of the Local Government Article of the Maryland Code, I hereby submit the following report concerning Telecommunications Tax revenues received by Prince George's County in FY 2022.

Section 20-605 of the Local Government Article of the Maryland Code requires the County, by ordinance, to impose a sales and use tax on telecommunications service at a rate of not less than 5%. The State law further mandates that the net proceeds of the revenue from this tax may only be used for expenditures of the County's school system, with at least 90% of the proceeds directed to operating expenses and the remainder directed to school renovation and systemic replacement projects. An administrative fee of 1% of collections remitted to the County is shared equally between vendors and the County to cover the cost of administering the tax.

In April 2002, the County enacted CB-37-2002, which imposed an 8% tax on the gross receipts for telecommunications services in the County with an effective date of June 1, 2002. In 2015, the tax rate was increased to 9% through CB-037-2015, which took effect on July 1, 2015. The tax rate remained unchanged at 9% as of the close of FY 2022. During FY 2022, the County collected a net total of \$15,776,084 in Telecommunications Tax revenues. Of this amount, the County appropriated \$13,342,784 for school operating expenditures and \$2,433,300 for school Capital Improvement Program debt service expenses.

Thank you for the opportunity to share this information. If you have any questions, please contact Stanley A. Earley, Director, Office of Management and Budget on (301) 952-3300.

Sincerely,

Angela D. Alsobrooks  
County Executive
