### INDEPENDENT AUDITORS' REPORT

**Board Members** 

# BOARD OF EDUCATION OF TALBOT COUNTY, MARYLAND

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Board of Education of Talbot County, Maryland, a component unit of Talbot County, Maryland, as of and for the year ended June 30, 2012, which collectively comprise the Board's basic financial statements as listed in the foregoing table of contents. These financial statements are the responsibility of the Board of Education's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Board of Education of Talbot County, Maryland as of June 30, 2012, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 28, 2012, on our consideration of the Board of Education of Talbot County, Maryland's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

# BOARD OF EDUCATION OF TALBOT COUNTY, MARYLAND

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 5 through 15 and on page 38 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Board's basic financial statements. The accompanying combining nonmajor fund financial statements, schedule of general fund revenues, and schedule of agency fund cash receipts and disbursements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is also not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Mayer Hoffnan McCarr P.C. September 28, 2012

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

**Board Members** 

# BOARD OF EDUCATION OF TALBOT COUNTY, MARYLAND

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Board of Education of Talbot County, Maryland (the Board), a component unit of Talbot County, Maryland, as of and for the year ended June 30, 2012, which collectively comprise the Board's basic financial statements, and have issued our report thereon dated September 28, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

# Internal Control Over Financial Reporting

Management of the Board is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Board's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Board's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

# BOARD OF EDUCATION OF TALBOT COUNTY, MARYLAND

# **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Board's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the Board, in a separate letter dated September 28, 2012.

This report is intended solely for the information and use of the Board, its management, others within the organization, Talbot County Council, Maryland State Department of Education (the cognizant audit agency, as designated by the U.S. Department of Education), federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Maye Holdman McCan P.C. September 28, 2012 Desaston, Maryland

MANAGEMENT'S DISCUSSION AND ANALYSIS	

# MANAGEMENT'S DISCUSSION AND ANALYSIS

Year Ended June 30, 2012

This section of the Board of Education of Talbot County's annual financial report presents management's discussion and analysis of the Board's financial performance during the fiscal year that ended on June 30, 2012. Please read it in conjunction with the Board's financial statements, which immediately follow this section.

# Financial highlights

Key financial highlights for the fiscal year (FY) ended June 30, 2012 include the following:

- Net assets total \$51,763,929, a decrease of \$7,342,854, or 12.4% from the prior year.
- General Fund unassigned fund balance was \$1,633, after an assignment for encumbrances of \$649,348. The total fund balance was \$650,981, a decrease of \$611,447 from the prior year.

# Overview of the financial statements

The financial section of the annual report consists of four parts – independent auditors' reports, required supplementary information, which includes management's discussion and analysis (this section), the basic financial statements, and other supplementary information. The basic financial statements include two kinds of statements that present different views of the Board:

- The first two statements are district-wide financial statements that provide both short-term and long-term information about the Board's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the Board, reporting the Board's operations in more detail than the district-wide statements.
- The governmental funds statements tell how basic services such as regular and special education were financed in the short term as well as what remains for future spending.
- Fiduciary funds statements provide information about the financial relationships in which the Board acts solely as a *trustee or agent* for the benefit of others to whom the resources belong.

# MANAGEMENT'S DISCUSSION AND ANALYSIS

Year Ended June 30, 2012

The financial statements also include *notes* that explain some of the information in the statements and provide more detailed data. Figure 1 shows how the various parts of this annual report are arranged and relate to one another. Figure 2 summarizes the major features of the Board's financial statements, including the portion of the Board's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

Year Ended June 30, 2012

### **District-wide financial statements**

The district-wide perspective is designed to provide readers with a complete financial view of the entity known as The Board of Education of Talbot County. The financial presentation of this perspective is similar to a private sector business.

The Statement of Net Assets presents information on all of the assets and liabilities of the Board with the difference between the two reported as *net assets*. The Statement of Activities presents information showing how the Board's net assets changed during the most recent fiscal year.

All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

Over time, increases or decreases in the Board's net assets are an indicator of whether its financial position is improving or deteriorating, respectively. To assess the overall health of the Board you also need to consider additional non-financial factors such as changes in the condition of school buildings and other facilities.

The district-wide perspective is unrelated to budget and, accordingly, budget comparisons are not provided.

# **Fund financial statements**

The fund financial statements provide more detailed information about the Board's *funds* – focusing on its most significant or "major" funds – not the Board as a whole. Funds are accounting devices the Board uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by State law.
- The Board establishes other funds to control and manage money for particular purposes or to show that it is properly using certain revenues (e.g., federal and state grants).
- The Board has two kinds of funds:
  - Governmental funds Most of the Board's basic services are included in governmental funds, which generally focus on (1) cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the Board's programs. Because this information does not encompass the additional long-term focus of the district-wide statements, we provide additional information reconciling governmental funds statements with the district-wide statements.
  - ➤ Fiduciary funds The Board is the trustee, or agent, for assets that belong to others, such as the Mid-Shore Special Education Consortium. The Student Activities Fund is also accounted for as a fiduciary fund. The Board is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. We exclude these activities from the district-wide financial statements because the Board cannot use these assets to finance its operations.

# Financial analysis of the board as a whole - continued

Changes in net assets – The Board's total revenues were \$58,570,252 for the year ended June 30, 2012. (See Table 2). The county appropriation and state aid accounted for approximately 69% of total revenue for the year. Another 28% came from program revenues, and the remainder from investment earnings and other sources. The total cost of all programs and services was \$65,875,752. The Board's expenses are predominantly related to providing direct educational services to students (56%). The purely administrative activities of the Board accounted for 1% of total expenses. Total expenses surpassed revenues, decreasing net assets \$7,342,854 from last year.

# Financial analysis of the board as a whole - continued

Governmental activities – The decrease in net assets for governmental activities was \$7,342,854 in 2012.

### MANAGEMENT'S DISCUSSION AND ANALYSIS

Year Ended June 30, 2012

# Financial analysis of the board's funds

The financial performance of the Board as a whole is reflected in its governmental funds. As the Board completed the year, its governmental funds reported a *combined* fund balance of \$901,635, a decrease of \$574,047 from last year's ending fund balance.

Revenues for the Board's governmental funds were \$58,570,252, a decrease of \$1,326,129 from fiscal year 2011. Total expenditures were \$59,106,945 for the year, a decrease of \$856,313 from the prior year.

**General Fund** – The General Fund includes the primary operations of the Board in providing educational services to students from pre-kindergarten through grade 12, including pupil transportation activities, and maintenance and operations of all school facilities. See Table 3 for a summary of General Fund revenues and expenditures.

**Restricted Grants** – These funds are used to account for grants from federal, state, and local sources. Grants provide a major source of revenue for specific educational programs not funded by the General Fund. Programs include initiatives for special education students and students from families who are socially and economically deprived. Table 4 reflects the increases (decreases) in grant funds by source over the prior year.

**Capital projects fund** – The Board has no legal authority to borrow funds for construction. All funds for school construction come from either the transfer of bond proceeds from Talbot County selling capital bonds or from state aid through the Maryland Public School Construction Program (PSCP). During FY 2012, the Board received county proceeds of \$1,669,459 and state funding of \$138,827.

Fiduciary funds - The following funds are accounted for as fiduciary funds:

- (1) <u>Mid-Shore Special Education Consortium</u>: A five (5) county consortium serving Caroline, Dorchester, Kent, Queen Anne's and Talbot County students with disabilities.
- (2) <u>School Activities Accounts</u>: During fiscal year 2012, the Board's nine schools collected revenues and incurred expenditures for various student activities (see Table 5). The Board contracts with an independent Certified Public Accountant to perform an audit of these agency funds on an annual basis. Please refer to the separately issued audited financial statements for the School Activities Fund for specific details.

### MANAGEMENT'S DISCUSSION AND ANALYSIS

Year Ended June 30, 2012

### General fund budgetary highlights

The actual General Fund revenues were under budget by \$93,626. Actual expenditures and encumbrances were under budget by \$95,259.

# Capital assets and debt administration

Capital assets – By the end of fiscal year 2012, the Board had invested \$115 million in a broad range of capital assets, including land, school buildings, athletic facilities, furniture and equipment. (More detailed information about capital assets can be found in Note 4 to the financial statements). Total depreciation expense for the year was approximately \$4 million.

**Long-term liabilities** – At year-end, the Board had \$15,086,216 in long-term debt. This amount consists of the following:

- \$466,931 due to Maryland State Retirement and Pension System.
- \$279,444 in notes payable.
- \$13,987,425 in Net OPEB obligation.
- \$352,416 in accrued compensated absences.
- See Notes 7 and 9 for more details.

# Factors impacting the school system

The Master Plan for Talbot County Public Schools, required under the Act, provides a five-year action plan to guide the school system in preparing students to be contributing members of a democratic society. The plan directs the use of current and new state, federal and local funds to eliminate achievement gaps among subgroups of students and to challenge each student to higher academic levels. The plan organizes and aligns research-based practices, instructional services, professional development and resource distribution to guide Talbot County Public Schools. Budgets are linked to master plan strategies.

The State Bridge to Excellence in Public Schools and the Federal No Child Left Behind Acts established certain requirements for public school systems. These requirements include, but are not limited to: all students in core academic subjects are taught by "highly qualified" teachers, all students must reach proficiency levels on state assessments by 2014, all economically disadvantaged children must have access to a pre-kindergarten program, new certification and assessment requirements for paraprofessionals, and extensive tracking and reporting requirements. All of these requirements have significant potential cost impacts associated with them.

### MANAGEMENT'S DISCUSSION AND ANALYSIS

Year Ended June 30, 2012

# Factors impacting the school system - continued

Beginning with fiscal year 2009, the system was required to adhere to the standard issued by the Government Accounting Standards Board (GASB) for reporting other post employment benefits (OPEB) known as GASB 45. GASB 45 stipulates standards for the measurement, recognition, and display of OPEB expenses and related liabilities and assets, note disclosures and required supplementary information in the financial reports of state and local governmental employers. GASB 45 requires the measurement and disclosure of actuarial accrued liabilities and funded status. Under GASB 45, the Board is not only reporting OPEB expense, but the associated accrued financial obligations. Funding of the obligation is optional. The Board is also required to disclose the funded status of the benefits as of the most recent valuation and to present as Required Supplementary Information (RSI) multi-year trend information about funding progress.

# Contacting the board's financial management

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the Board's finances and to demonstrate the Board's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Finance Office, Talbot County Board of Education, 12 Magnolia Street, P.O. Box 1029, Easton, Maryland 21601.

# (1) Summary of significant accounting policies

The Board of Education of Talbot County, Maryland (the Board) is a component unit of Talbot County, Maryland by virtue of the County's responsibility for levying taxes and its budgetary control over the Board of Education. Accordingly, the financial statements of the Board are included in the financial statements of Talbot County, Maryland.

The accounting policies of the Board of Education of Talbot County conform to generally accepted accounting principles (GAAP) for governmental units. The following is a summary of the significant policies employed by the Board:

Government-wide and fund financial statements – The statement of net assets and the statement of activities report information on all of the non-fiduciary activities of the Board of Education of Talbot County as a whole. For the most part, the effect of interfund activity has been removed from these statements. The activities of the General Fund (Unrestricted Current Expense Fund), Special Revenue Funds (Restricted Current Expense and Food Service Funds), and Capital Projects Fund (School Construction Fund) have been presented as governmental activities in the government-wide financial statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are specifically associated with a service, program, or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational requirements of a particular program. Local appropriations, state and federal aid, and other items that are not classified as program revenues are presented as general revenues of the Board.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and the non-major governmental funds are reported as separate columns in the fund financial statements.

**Measurement focus, basis of accounting and financial statement presentation** – The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Local appropriations and state and federal aid are recognized as revenues in the year for which they were approved by the provider. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

# (1) Summary of significant accounting policies – continued

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Board considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to certain compensated absences are recognized when the obligations are expected to be liquidated with expendable available resources.

Local appropriations and state and federal aid associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria have been met. Expenditure-driven grants are recognized as revenues when the qualifying expenditures have been incurred and all other grant requirements have been met.

Agency funds are custodial in nature and do not measure results of operations or have a measurement focus. Agency funds do, however, use the accrual basis of accounting.

The government reports the following funds in the financial statements:

### Major funds

General fund – All financial resources appropriated for current operating expenditures, exclusive of certain restricted funds, are accounted for in the General Fund.

Restricted grants fund – This fund is used to account for revenue sources that are legally restricted to expenditures for a specific purpose, such as federal, state, and local grants.

# Non-major funds

Food services fund – This fund is used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes (school cafeteria operations).

Capital projects fund – This fund accounts for financial resources that are restricted to construction of new buildings, additions and alterations, and acquisition of equipment. Revenue is recognized from bond issues in the year that funds are either transferred or receivable from Talbot County.

# **Fiduciary funds**

Agency Fund – This fund is used to account for the transactions of the student activities funds, which are the direct responsibility of the principal of each of the respective schools, and the Mid-Shore Special Education Consortium for which the Board acts as the processing agent for invoices.

# (1) Summary of significant accounting policies – continued

The accounting policies of the Board conform to accounting principles generally accepted in the United States of America. Accordingly, the Board applies all applicable Governmental Accounting Standards Board (GASB) pronouncements as well as the following pronouncements issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements: Statements and Interpretations of the Financial Accounting Standards Board, Accounting Principles Board Opinions, and Accounting Research Bulletins.

Capital assets – Capital assets are defined by the government as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment are depreciated using the straight-line method over estimated useful lives of 20-50 years for buildings, improvements, and infrastructure, and 5-20 years for equipment.

Assets that have been acquired with funds received through federal grants must be used in accordance with the terms of the grant. Federal regulations require, in some cases, that the Board must reimburse the federal government for any assets which the Board retains for its own use after the termination of the grant unless otherwise provided by the grantor.

**Cash deposits** – The Board is authorized to invest any monies in any fund or account for which they have custody or control. The types of investments are specified in accordance with Section 6-222 of the Maryland State Finance and Procurement Article.

Article 95, Section 22 of the Annotated Code of Maryland requires that deposits with financial institutions by local boards of education be fully collateralized. Full collateralization is necessary to minimize the risk of loss of a deposit in the event of the default of a financial institution. In addition, this section of the law requires that collateral be of the types specified in the State Finance and Procurement Article, Section 6-202 of the Code (i.e., direct obligations of the United States, or its agencies and/or obligations of states, counties, or municipalities).

**Budgets and budgetary accounting** – The Talbot County Public Schools operate within the following budget requirements for local educational agencies as specified by state law.

- 1. The Board must submit an annual school budget in writing to the County Council by February 15 of each year.
- 2. The County Council must approve the budget ordinance by May 31 of each year.
- 3. The budget is prepared and approved by major categories as specified in the state law.
- 4. Budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) except for the inclusion of encumbrances as expenditures. Budget comparisons presented in this report are on a non-GAAP budgetary basis.

# (1) Summary of significant accounting policies – continued

- 5. The Board may transfer funds within the major categories without recourse from the County Council. Transfers between major categories can only be made with the approval of the County Council.
- 6. Unencumbered appropriations lapse at the end of each fiscal year.

### **Budget calendar**

Approximate Date	Procedure Performed
Mid-November	Department heads and schools submit requests
Early December	Review compilation of department budget requests with Superintendent, Assistant Superintendent, and Directors and establish proposed priority listing
Early January	Board of Education public meeting to review proposed budget
Early February	Regular meeting – Board of Education for final adoption of the proposed budget. Submission of proposed budget to County Council.
Late May/June	Board public workshops on revised budget based on actual appropriation
June	Public meeting(s) to review actual budget allocations and final adoption

**Encumbrances** – Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the general fund. Encumbrances outstanding at year-end are reported as reservations of fund balances since they do not constitute expenditures or liabilities.

**Due to/from other funds** – All transactions between funds represent "due to/from other funds" caused by cash from one fund paying for expenditures or expenses of another. The Board did not incur transactions between funds that would represent lending/borrowing arrangements outstanding at the end of the fiscal year.

**Inventory** – Inventories of the Food Service Fund are stated at cost, determined on a first-in first-out (FIFO) basis. Food received from the USDA is included at values stated by the USDA, but is offset by a deferred credit until consumed.

Inventories of materials and supplies are charged to expenditures when consumed, rather than when purchased or donated.

# (1) Summary of significant accounting policies – continued

**Compensated absences** – Twelve-month employees earn annual leave at varying rates dependent upon position and length of service. Annual leave generally must be taken by June 30 each year. For support staff, up to ten days may be transferred to the next fiscal year. For administrative staff, up to 20 days may be transferred to the next fiscal year.

Employees earn sick leave at varying rates of 13 to 18 days per year depending upon position and utilization. There is no limit on the accumulation of sick leave. At termination, employees are not paid for accumulated sick leave; however, at retirement, a portion may be used as additional credited service under the retirement plan.

Expenditures in the statement of revenues and expenditures for such items are the amounts accrued during the year that normally would be liquidated with expendable available financial resources. All accrued compensated absences are recorded in the government-wide financial statements. The compensated absences liability attributable to the governmental activities will be liquidated by the general fund.

**Net assets** – Net assets represent the difference between assets and liabilities. Net assets invested in capital assets consists of capital assets, net of accumulated depreciation. Net assets are reported as restricted when there are limitations placed on their use through external restrictions imposed by grantors or laws or regulations of other governments.

Fund balances – As of June 30, 2012, fund balances of the governmental funds are classified as follows:

Nonspendable – amounts that cannot be spent either because they are not in a spendable form or because they are legally or contractually required to be maintained intact.

**Restricted** – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

**Committed** – amounts that can be used only for specific purposes determined by a formal action of the Board of Education members. The Board of Education is the highest level of decision-making authority for the entity. Commitments may be established, modified, or rescinded only through formal actions approved by the Board members.

**Assigned** – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. These amounts are designated by management.

Unassigned - all other spendable amounts.

# (1) Summary of significant accounting policies – continued

When an expenditure is incurred for which both restricted and unrestricted fund balance is available, the Board considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Board considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board has provided otherwise in its commitment or assignment actions.

On behalf payments – The Board recognizes as revenue and expenditures amounts expended on its behalf during the fiscal year for amounts paid by third parties.

**Use of estimates** – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

# (2) Interfund receivables – payables

Outstanding balances resulting from transactions between funds as of June 30, 2012 consist of the following:

	DUE FROM OTHER FUNDS	DUE TO OTHER FUNDS
General fund Restricted grants Capital projects fund	\$ 427,564 1,385,581 ————————————————————————————————————	\$ 1,385,581 - 427,564
TOTAL	<u>\$_1,813,145</u>	<u>\$ 1,813,145</u>

# (3) Deposits

At June 30, 2012, Talbot County Public Schools had deposits of \$8,314,554 with a local bank (carrying value \$7,051,486). Of the total deposits, \$4,389,555 was collateralized by securities held by the pledging financial institution's trust department or agent, but not in the Board's name. The value of the pledged securities exceeded the amount of deposits in excess of the coverage by the FDIC and an irrevocable letter of credit in the Board's name. Custodial credit risk for deposits is the risk that in the event of failure of a depository financial institution, the Board would not be able to recover collateral securities that are in the possession of the financial institution or Federal Reserve.

# (4) <u>Capital assets</u>

Capital asset activity for the year ended June 30, 2012 was as follows:

# (5) Pension plans

Plan description – The Board contributes to the State Retirement and Pension System (SRPS), a cost sharing multiple-employer defined benefit pension plan administered by the State of Maryland. SRPS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Article 73B of the Annotated Code of the State of Maryland assigns the authority to establish and amend benefit provisions to the SRPS Board of Trustees. The State of Maryland issues a publicly available financial report that includes financial statements and required supplementary information for SRPS. That report may be obtained by writing to Maryland State Retirement and Pension System, 301 West Preston Street, Baltimore, Maryland 21202.

**Funding policy** – Employees are members of either the retirement system (older plan) or the pension system (newer plan) based upon their date of hire. Members of the retirement and pension system are required to contribute 7% of compensation to the plan. The Board is required to contribute at actuarially determined rates, which are currently 15.45% of covered compensation for teachers and 13.4% for classified employees. The contribution requirements of plan members and the Board are established, and may be amended by, the SRPS Board of Trustees.

The State makes a substantial portion of the Board's annual required contributions to the Teachers systems on behalf of the Board. The State's contributions on behalf of the Board to the Teachers systems for the year ended June 30, 2012, amounted to \$3,882,631. The fiscal 2012 contributions made by the State on behalf of the Board have been included as both revenues and expenditures in the General Fund in the accompanying Statement of Activities and Statement of Revenues, Expenditures, and Changes in Fund Balances. The Board makes the entire employer required annual contributions to the Employees systems as well as those that relate to positions in the Teachers systems funded through federal and state restricted programs.

**Employer's payroll and contributions under the plans** – The employer's total payroll covered under the various state plans, and contributions paid are as follows for the three most recent fiscal years:

	2012	2011	2010
Total payroll	\$ 31,984,931	\$ 32,628,254	\$ 32,650,125
Payroll covered under the Plans	\$ 30,368,275	\$ 30,917,375	\$ 30,931,517
Contributions paid in: Board payments State on-behalf payments	\$ 815,161 \$ 3,882,631	\$ 725,295 \$ 3,756,748	\$ 572,742 \$ 3,309,785

# (5) Pension plans – continued

Funding status – As a result of a first time actuarial study of the State Retirement and Pension System of Maryland, the Talbot County Board of Education was identified as one of 23 municipal corporations not having enough assets available to fund the present value of accrued benefits for participants in the retirement system. Under the rules of House Bill 1338, the original deficit amount was determined to be \$925,482 as of June 30, 1996, to be repaid over a period of 40 years. The Board was granted relief of \$210,003 (as of June 30, 1996) by HB1348 enacted in 1997 and further relief of \$210,003 (as of June 30, 1996) by HB430 which was enacted in 1998. The fiscal year 2012 payment was \$29,331. See Note 7 for the remaining years' payment stream. The payments reflect a pattern which increases by 5% per year for the next 25 years.

During a special session of the Maryland General Assembly – Teacher Pension Cost – it was determined that the State and Local school boards will share the cost of teacher retirement by phasing in a requirement for school board payment of annual normal cost over a four year period in increments of 50%, 65%, 85%, and 100%. This action outlines the payment required of each school board for fiscal years 2013 through 2016 and the additional maintenance of effort payments required by each county in the same period. The additional cost for fiscal year 2013 is determined to be \$628,456.

# (6) <u>Deferred revenue</u>

Deferred revenue consists of federal and state grants and other revenues that have not been expended by June 30, 2012. Deferred revenue at June 30, 2012 consists of the following:

\$ 1.671.660

17,183

Restricted federal, Maryland and other grant programs
USDA commodities

TOTAL DEFERRED REVENUE \$ 1.688.843

# (7) Long-term liabilities

The Board is not obligated to repay principal or interest on any debt incurred for school construction. Such bonds and loans are obligations of the county and state governments. The reporting of county debt service and related revenues in the general fund is required by state laws. Annual debt service expenditures are fully offset by county and state revenues. Debt service principal and interest on bond obligations paid by Talbot County was \$3,336,001 for the year ended June 30, 2012.

# (7) <u>Long-term liabilities – continued</u>

The Board's long-term debt at June 30, 2012 consists of the following:

### Notes payable

Note payable to Bank of America; principal and interest payments of \$7,372.48 are payable monthly through September 29, 2016; interest is payable at 1.72% per annum; collateralized by school buses

\$ 362,333

Note payable to Branch Bank & Trust Co.; principal and interest payments of \$197,961.69 are payable annually through August 15, 2012; interest is payable at 3.55% per annum; collateralized by school buses

191,175

TOTAL NOTES PAYABLE

\$ 553,508

Aggregate maturities of long-term notes payable at June 30, 2012 are as follows:

Year Ended June 30,	<u>Principal</u>	<u>Interest</u>	Total
2013	\$ 274,064	<del>\$ 12,368</del>	\$ 286,432
2014	84,326	4,144	88,470

TOTAL	<u>\$ 553,508</u>	\$ 20,452	<b>\$</b> 573,959

# State retirement system

State Retirement and Pension System of Maryland (note 5, funding status); payable annually through December 2035

\$ 497,728

#### (7) <u>Long-term liabilities – continued</u>

The remaining deficit reduction payment schedule authorized by House Bill 430 is as follows:

Year EndingJune 30	_Amount
2013	\$ 30,797
2014	32,337
2015	33,953
2016	35,651
2017	37,434
2018 – 2022	217,186
2023 – 2027	277,191
2028 – 2032	353,774
2033 – 2036	<u>352,192</u>
Total principal and interest	\$ 1,370,515
Less amount representing interest	(872,787)
LIABILITY AS OF JUNE 30, 2012	\$ 497,728

The changes in long-term liabilities for the year ended June 30, 2012 are as follows:

	STATE RETIREMENTSYSTEM	COMPENSATED ABSENCES	NOTES PAYABLE	TOTAL
Balance at June 30, 2011 Increases	\$ 488,127 38,932	\$ 301,526 461,958	\$ 499,155 423,571	\$ 1,288,808 924,461
Deductions	<u>(29,331)</u>	(276,296)	<u>(369,218</u> )	<u>(674,845</u> )
Balance at June 30, 2012	<u>\$ 497,728</u>	<u>\$ 487,188</u>	<u>\$ 553,508</u>	<u>\$ 1,538,424</u>

The increase to the State Retirement System debt is related to an actuarial valuation that produced updated principal balances and was communicated to Talbot County Board of Education on November 10, 2010.

#### (8) On-behalf payments

The Board recognized the following on-behalf payments for the fiscal year ended June 30, 2012:

Pension contribution by the State of Maryland to the state retirement system for applicable employees of the Board	¢ 2 992 624
of the board	\$ 3,882,631
School nurses provided by Talbot County,	
Maryland Health Department	<u>543,348</u>
TOTAL ON-BEHALF PAYMENTS	<b>\$</b> 4,425,979

#### (9) Other postemployment benefits

**Plan description** – The Talbot County Public Schools Retiree Health Plan (Plan) is a single-employer defined benefit healthcare plan that is administered by the Talbot County Public Schools (Board) and covers retired employees of the Board and their dependents. The Plan provides for the payment of a portion or all of the health insurance premiums for eligible retired employees depending on their position that was held and length of service. The Board of Education has the authority to establish and amend benefit provisions of the Plan. The Plan does not issue a separate, publicly available report.

**Funding policy** – Premiums and other contributions for the Boards' share of the cost of the group programs may be paid, as determined by the Board, from the assets of the Board. Premium payments for some programs may require contributions by the participant as well as the Board. The frequency and amount of such contributions shall be established from time to time by the County.

Plan members receiving benefits contribute a percentage of the monthly insurance premium. The Talbot County Public Schools Retiree Health Plan pays 66% of the individual premium for each insured retiree who has at least 8 years of service. Retirees with less than 8 years of service are allowed access, but must pay 100% of the published rates.

Annual OPEB cost and net OPEB obligation – The Board's annual other post employment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the Board's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the Board's net OPEB obligation to Talbot County Public Schools Retiree Health Plan:

Annual required contribution	\$ 4,292,000
Interest on net OPEB obligation	439,000
Adjustment to annual required contribution	(423,000)
Annual OPEB cost (expense)	4,308,000
Actuarial adjustment	1,750,425
Benefits paid	(1,307,000)
Increase in net OPEB obligation	4,751,425
Net OPEB obligation – beginning of year	<u>9,236,000</u>
Net OPEB obligation – end of year	<u>\$ 13,987,425</u>

#### (9) Other postemployment benefits - continued

The Board's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for fiscal year 2012 and preceding two years was as follows:

Fiscal Annual Year OPEB Ended Cost		Percentage of Annual OPEB Cost Contributed	Net OPEB <u>Obligation</u>
6/30/2010	\$ 4,467,000	5.34%	\$ 8,128,425
6/30/2011	\$ 4,039,000	29.36%	\$ 9,236,000
6/30/2012	\$ 4,308,000	30.34%	\$ 13,987,425

**Funded status and funding progress** – As of the most recent actuarial valuation date, the plan was unfunded. The actuarial accrued liability for benefits was \$50,087,000, and the actuarial value of assets was zero, resulting in an unfunded actuarial accrued liability (UAAL) of \$50,087,000. The covered payroll (annual payroll of active employees covered by the plan) was \$30,368,275, and the ratio of the UAAL to the covered payroll was 164.9 percent.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial methods and assumptions – Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the June 30, 2012 actuarial valuation, the projected unit credit cost method was used. The actuarial assumptions included a 4% investment rate of return (net of administrative expenses), which is a blended rate of the expected long-term investment returns on plan assets and on the employer's own investments calculated based on the funded level of the plan at the valuation date, a projected salary increase of 4% per year, and an annual healthcare cost trend rate of 8% initially, reduced by decrements to an ultimate rate of 4.9%. The actuarial value of assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period. The UAAL is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at June 30, 2012 was 27 years.

#### (10) Budget reconciliation

The accompanying Schedule of Revenues, Expenditures and Encumbrances – Budget and Actual has been prepared on a legally prescribed budgetary basis of accounting which differs from generally accepted accounting principles (GAAP). The purpose of the budgetary basis of accounting is to demonstrate compliance with the legal requirements of Talbot County and the State of Maryland. The difference between the two methods is set forth below.

	GENERAL FUND	RESTRICTED GRANTS FUND
REVENUES		
Budgetary basis	\$ 43,422,247	\$ 4,059,744
Net encumbrance adjustment	-	(328,929)
Debt service paid by Talbot County, MD	3,336,001	-
State and County – on behalf payments	<u>4,425,979</u>	
Modified Accrual Basis	<u>\$ 51,184,227</u>	<u>\$ 3,730,815</u>
EXPENDITURES		
Budgetary basis	\$ 43,420,614	\$ 4,059,744
Net encumbrance adjustment	575,726	(328,929)
Debt service paid by Talbot County, MD	3,336,001	-
State and County – on behalf payments	4,425,979	
Modified Accrual Basis	<u>\$ 51,758,320</u>	<u>\$ 3,730,815</u>

#### (11) Risk management

General insurance – The Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Effective July 1, 1992, the Board joined the Maryland Association of Boards of Education Group Insurance and Workers Compensation Pools (MABE) which provide casualty and property insurance, and workers compensation coverage. MABE operates as authorized by Section 482B of Article 84A of the Annotated Code of Maryland. The Board pays an annual premium to MABE for its insurance coverage. The agreement for formation of MABE provides that it will be self-sustaining through member premiums and will reinsure through commercial companies as specified in the agreement. As of June 30, 2012, MABE had total fund equity of approximately \$17 million. It is believed that there are no outstanding claims in excess of the equity.

MABE publishes its own audited financial report based on a June 30 year-end. This report may be obtained from Maryland Association of Boards of Education Group Insurance Pool, 621 Ridgely Avenue, Suite 300, Annapolis, Maryland 21401.

#### (11) Risk management – continued

**Health insurance** – Effective with the 1996 fiscal year, the Board joined together with the Eastern Shore of Maryland Boards of Education to form the Eastern Shore of Maryland Education Consortium Health Insurance Alliance, a public entity risk pool currently operating as a common risk management and insurance program for health insurance coverage. Currently, only five counties are participating in the alliance for their health insurance coverage.

The agreement for formation of the alliance provides that the pool will be self-sustaining through member premiums. These funds have been invested in the PNC Local Government Investment Pool.

The pooling agreement allows for the pool, which is administered by Carefirst Blue Cross/Blue Shield of Maryland, to make additional assessments to make the pool self-sustaining. As of the date of this report, it is believed that there are no outstanding claims in excess of the equity of the trust.

#### (12) Commitments

**Operating leases** – At June 30, 2012, the Board had paid off all obligations under two operating leases for laptop computers. Total rent expense under these leases for fiscal year 2012 was \$209,000.

#### (13) Subsequent events

On August 22, 2012, the Board passed a resolution to approve a lease purchase of one school bus over five years with a \$10 buy out at the end of the lease term. The total cost of the lease, including interest, is \$114,282, which is payable in sixty equal monthly installments of \$2,009.

# INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

**Board Members** 

#### BOARD OF EDUCATION OF TALBOT COUNTY, MARYLAND

#### Compliance

We have audited the compliance of the Board of Education of Talbot County, Maryland (the Board) with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012. The Board's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the Board's management. Our responsibility is to express an opinion on the Board's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Board's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Board's compliance with those requirements.

In our opinion, the Board complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012.

#### BOARD OF EDUCATION OF TALBOT COUNTY, MARYLAND

#### **Internal Control Over Compliance**

The management of the Board is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Board's internal control over compliance with requirements that could have a direct and material effect on a major federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance, and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control over compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board, management, others within the organization, Maryland State Department of Education, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.

Mayer Stoffnan McCarr P.C. September 28, 2012

Easton, Maryland

TOTAL FEDERAL AWARDS

#### (1) Scope of audit pursuant to OMB Circular A-133

All federal award programs operated by the Board of Education of Talbot County, Maryland are included in the scope of the OMB Circular A-133 audit. The single audit was conducted in accordance with the provisions of OMB Circular A-133, the OMB <u>Compliance Supplement</u>, and amendments by the Maryland State Department of Education. Compliance testing of all requirements, as described in the Compliance Supplement and Maryland State Department of Education amendments, was performed for the following major federal award programs.

		Fiscai Year 2012
Program Description	CFDA Number	Expenditures
Special Education Cluster	84.027, 84.173, 84.391 & 84.392	\$1,606,794
Race to the Top	84.395	\$ 106,167

The Maryland State Department of Education has been designated as the cognizant audit agency for the OMB Circular A-133 audit.

#### (2) Fiscal year audited

Single audit testing procedures were performed for program transactions occurring during the fiscal year ended June 30, 2012. Single audit testing has previously been performed on transactions occurring during the fiscal year ended June 30, 2011.

#### (3) Summary of significant accounting policies

Basis of presentation – The accompanying Schedule of Expenditures of Federal Awards includes all federal grants of the Board which had financial activity during the fiscal year or accrued (deferred) grant revenue at June 30, 2012. This schedule has been prepared in accordance with accounting principles generally accepted in the United States of America.

**Accrued and deferred reimbursement** – V arious reimbursement procedures are used for federal awards received by the Board. Consequently, timing differences between expenditures and program reimbursements can exist at the beginning and ending of the fiscal year. Accrued balances at year-end represent an excess of reimbursable expenditures to date. Generally, accrued or deferred balances caused by differences in the timing of cash receipts and expenditures will be reversed in the remaining grant period or subsequent fiscal year.

#### (3) Funding sources

All programs reported in the schedule of expenditures of federal awards were passed through by the Maryland State Department of Education.

#### (5) Findings of noncompliance

The potential reimbursement effects of any questioned costs/reimbursements relate to costs/receipts which were inappropriately charged/credited to federal award programs. The ultimate disposition of these findings rests with the cognizant agency.

#### (6) Revenue reconciliation

The following is a reconciliation of revenue recognized in the 2012 Schedule of Expenditures of Federal Awards with the revenue recognized in the 2012 basic financial statements.

Restricted current expense fund -	
U.S. government revenue	\$ 2,827,991
Food service fund -	
U.S. government revenue	988,070
Agency fund - Mid-Shore Special	
Education Consortium	<u>385,000</u>

REVENUE RECOGNIZED ON
SCHEDULE OF EXPENDITURES
OF FEDERAL AWARDS
\$ 4,201,061
