EXECUTIVE SUMMARY

Healthcare professional liability insurance (hereinafter “medical malpractice insurance”) covers doctors and other healthcare professionals for liability claims arising from the treatment and care of patients. This annual report is based on data supplied by insurer groups to the Maryland Insurance Administration (“MIA”). The continuous availability and affordability of medical malpractice insurance to practitioners in Maryland is a vital and necessary component of Maryland’s health care system.

In 2002 and 2003, rapid and substantial increase in medical malpractice insurance premiums threatened to weaken access to high-quality health care in Maryland. The General Assembly acted in 2004 and 2005 to stabilize the medical malpractice insurance market and to require the MIA to collect relevant data and report annually to the General Assembly on the state of Maryland’s medical malpractice market. This data is summarized in Exhibits A through L.

In Maryland, medical malpractice insurance is available to be purchased from admitted insurers, non-admitted (surplus lines) insurers and risk retention groups. All writers of medical malpractice insurance are licensed or authorized by the MIA to conduct business in the state. In 2017, 69 insurer groups wrote medical malpractice insurance policies in Maryland for all types of health care providers. Total medical malpractice premium collected by these insurer groups was \$291,154,629, representing an increase of 2.7% % from the prior year. Admitted insurers accounted for 56% of the total written premium, while surplus lines insurers and risk retention groups accounted for 12% and 32% respectively.

While the number of insurer groups engaged in the medical malpractice market in Maryland is substantial and has not fluctuated significantly over the past ten (10) years, the marketplace remains highly concentrated with respect to premium volume. The leading admitted insurer and the leading risk retention group account for 62.25% of the total premium volume collectively. That said, the market’s premiums remained stable over the past year as evidenced by the fact that only two (2) insurers made a rate increase filing during fiscal year 2018 (July 1, 2017 through June 30, 2018). These two (2) filings resulted in an increase of 6.5% to 195 policyholders and 4.85% to 101 policyholders. Our largest market share insurer group reduced rates by 2% (6,094 policyholders) and our second largest insurer group did not make a rate impact filing in fiscal year 2018. Thus, medical malpractice insurance premiums have again remained affordable and stable in Maryland’s market over the past year.

INTRODUCTION

Health care providers are not required by law to purchase and maintain medical malpractice insurance. Providers who elect to not purchase this coverage cannot participate in health care networks supporting preferred provider organizations, health maintenance organizations or managed care organizations.

Medical malpractice insurance premiums began to escalate in 2002 and increased substantially in 2003 and 2004. The General Assembly intervened in 2004 and 2005, including

directing the MIA to collect data and report back to the General Assembly on this critical insurance market segment annually. In response, the MIA provides this report each year, including among other metrics, information about the number of active insurers in the medical malpractice insurance market in Maryland, premium rates for selected medical specialties and data for closed medical malpractice claims.

MARYLAND'S MEDICAL MALPRACTICE INSURANCE MARKET

Admitted insurers, surplus lines insurers and risk retention groups all provide medical malpractice insurance policies to a wide variety of health care professionals in Maryland.¹ Exhibits A1 through A5 provide detailed information about these insurer groups. As in the previous year, in 2017, the top two (2) insurer groups operating in Maryland were an admitted insurer created by the General Assembly², Medical Mutual Liability Insurance Society of Maryland (MMLIS); and, MCIC Vermont (MCIC), a risk retention group organized under Vermont law operating in Maryland as a non-admitted insurer. These two insurers captured 62.25% of the market by premium volume, which was essentially unchanged from the prior fiscal year. Exhibit A1 illustrates the 2017 premium and market share data for each insurer group. Exhibit A2 lists the change in written premium for each insurer group by type of license from 2016 to 2017.

Exhibit A3 is a pie chart showing the 2017 market share of the top nine (9) admitted insurers and a pie chart of the top nine (9) insurers including surplus lines insurers and risk retention groups. Exhibit A4 shows the change in market share of the current top five (5) insurers over the period from 2000 – 2017. MMLIS' share of the market was 34%, a decrease of 2.3% from last year, which marked the insurer's lowest market share since 2003. MCIC's share of the market increased to 28.2%, nearly two (2) points higher than last year, and a new high market share level for the insurer during the eighteen (18) year period tracked. It appears that MCIC has made inroads into the market share of MMLIS over the past two (2) fiscal years, but the total market share of the top two (2) insurer groups remains stable.

MEDICAL MALPRACTICE INSURANCE PREMIUMS IN MARYLAND

In response to an increase in medical malpractice insurance premium rates between 2001 and 2005, the General Assembly created the Maryland Health Care Provider Rate Stabilization Fund ("Fund"). Insurance Article, Section 19-802 of the Annotated Code of Maryland established the Fund, effective April 1, 2005.³ The Fund subsidized medical malpractice insurance premiums paid by eligible health care providers to admitted insurers that elected to participate in the program through calendar year 2008.

Exhibit A5 shows the history of MMLIS' rate changes from 2003 through 2019. Of note is that the sole rate increase since 2009 was 4% in 2012. MMLIS' rates effective January 1,

¹ Refer to MIA's *Comparison Guide to Medical Professional Liability Insurance Rates* ("Comparison Guide") for a detailed listing of insurers and premiums across the State.

² See Chapter 544, Section 1, Laws of Maryland, 1975.

³ The Fund consists primarily of revenues generated by annual premium tax imposed on health maintenance organizations and managed care organizations pursuant to § 6-102 of the Insurance Article.

2018 dropped 2% and its most recent rate filing, effective January 1, 2019, reflects a decrease of 4.4%. The premium rates of MMLIS, the State's largest writer of medical malpractice insurance by premium volume, have remained stable since 2006.

Medical malpractice insurance premiums vary by specialty, policy limits and practice location. Exhibits B through G provide premium rate comparisons for eighteen (18) different specialties utilizing a base premium for policy limits of \$1MM per incident / \$3MM annual aggregate for the years 2015 – 2018. Although the premium rates may differ among companies within a specialty, these Exhibits indicate stability in medical malpractice insurance premiums during this time period.

Exhibits B through G also highlight the differences in premiums among insurers. To assist providers in comparing medical malpractice insurance premiums, the MIA publishes the *Comparison Guide to Maryland Medical Professional Liability Insurance Rates* (“*Comparison Guide*”) on an annual basis. The *Comparison Guide* is available on the MIA's website (www.insurance.maryland.gov) using the following link:

<http://www.insurance.maryland.gov/Consumer/Documents/publications/medicalliabilityrateguide.pdf>

The *Comparison Guide* compares general pricing among the major admitted insurers, surplus lines insurers and risk retention groups offering medical malpractice insurance in Maryland.

By law, medical malpractice insurers are required to offer policies with high deductible options of \$25,000, \$50,000 and \$100,000.⁴ Exhibits H and I illustrate that high deductible options are not popular among providers. Although policies having a deductible of less than \$25,000 are sold, liability insurance policies, including medical malpractice insurance policies, are routinely issued with no deductible.

CLOSED CLAIMS

One factor affecting medical malpractice insurance premium rates is the number of claims filed, also known as claim frequency. Admitted insurers are required to submit certain closed claim information on a quarterly basis to the MIA. A claim is a demand for compensation arising from the alleged malpractice of a health care provider or facility. Exhibit J summarizes the closed claim data provided to the MIA by insurer and Exhibit K summarizes the data by specialty.

Between 2009⁵ and 2013 closed claims generally increased among all insurer types (admitted, non-admitted and risk retention groups). The number of closed claims hit a peak for admitted insurers 2013 at 957. The number of closed claims hit a peak for non-admitted

⁴ Insurance Article, § 19-114 of the Annotated Code of Maryland.

⁵ In 2005, the MIA used one form of on-line reporting, but that tool became unworkable. Since 2009, the data has been collected using a different tool that enables the MIA to access and query the data more easily. This change in systems may have resulted in a change in data collection.

insurers in 2012 at 425. The closed claim totals for 2017 were - 38% and -27%these peak totals for admitted insurers and non-admitted insurers respectively.).

Exhibit L summarizes the number of lawsuits filed by jurisdiction and venue. The number of lawsuits peaked in 2013 and decreased by 41% in 2014 and again by 7% in 2015. In 2016, the number of lawsuits rose by 2% (22 lawsuits). For 2017, the number of lawsuits increased by 8 %, but remains 30% below the peak year of 2014.

CONCLUSION

The MIA continues to monitor concentration, availability and affordability trends for the key medical malpractice insurance market in Maryland. The market continues to be relatively stable but remains concentrated with 62% of the written premium acquired by two (2) insurers. Premium rates were stable or decreasing again this year across the market as a whole and within the two (2) largest market share insurers. The five (5) insurers that entered the market in 2015 – 2016 acquired a collective market share of 1.09% and there are five (5) insurers that entered the market in 2016 - 2017.

The stable rate environment and the continuing availability of coverage in the Maryland market are positive indicators for health care providers. Likewise, the closed claim and filed lawsuit numbers remain substantially below peak levels of 2012 – 2013. This should encourage potential risk bearers that have previously declined to enter or expand their presence in the Maryland market during the previous times of less stability to take advantage of growth opportunities within the State.

The four carriers listed above are the four of the five largest carriers based on 2016 market share. This does not imply that they are the top 4 of 5 carriers for the entire time period shown above.

MMLIS - Medical Mutual Group

MCIC - MCIC RRG Vermont

Doctors - The Doctors Company

MedPro - Medical Protective Insurance Company (member of the Berkshire/Hathaway Group)

PRAIC - ProAssurance Group

Industry and MMLIS Written Premiums (in Millions) from 2003 to 2017
Includes Surplus Lines and RRG's

Change in Written Premium from the Prior Year for the Industry and MMLIS

Other License type includes carriers that no longer write medical professional liability and license type cannot, as of the last year of writing business, be determined. This also includes carriers that were in runoff or with license suspended/revoked.

The above reflects the effective rate change per year. All rate changes are effective on January 1st of each year. For ease of viewing, we have limited the exhibit to the period from 2003 to the present. Data for years 1996 through 2002 can be found in last year's Annual Report.

Notes for Rate Comparison Charts (Exhibits B through G)

The company names have been abbreviated on the charts for readability purposes.

Name on Charts	Full Company Name	Exhibits
