Introduction

This report summarizes the financial status of the Community Legacy Program as of June 30, 2024, including the following information required by the Housing and Community Development Article Section 6-210(b):

- The amount and type of financial assistance encumbered and disbursed;
- The number of applications received;
- The number and location of Community Legacy areas designated; and
- The summary of quarterly reports submitted by each sponsor.

Background

The Community Legacy Program, created in 2001, assists urban neighborhoods, suburban communities and small towns that are experiencing decline and disinvestment, but which have the potential, with modest public and private investment, to once again become vibrant places for Marylanders to live, work and prosper. A strong community is indicated by proximity to town centers, major employers, educational or other institutions; partnerships with local banks, other businesses, and community organizations; and community leadership. One aim of the program is to reduce indicators of decline, such as dropping property values, population loss, decreasing income and education levels, and increasing housing and commercial vacancies.

In order to be eligible for funding, communities must develop a multi-year comprehensive revitalization strategy that is an ambitious, but achievable, response to local needs. By offering funding for diverse initiatives over time, Community Legacy helps build the momentum necessary to reverse community decline and attract private sector reinvestment.

Administration

The Community Legacy Program is administered by the Department of Housing and Community Development's (DHCD) Division of Neighborhood Revitalization (NR), with assistance from other divisions in DHCD. One competitive funding round is held annually. After applications are reviewed by NR for conformity with basic criteria, the qualified applications are assigned to review teams of staff from DHCD and other State agencies to conduct site visits and develop funding recommendations.

Sustainable Communities Act of 2010 (House Bill 475)

The 2010 Sustainable Communities Act (House Bill 475) contained several changes to the Community Legacy Program, including terminating the Community Legacy Board effective June 1, 2010. This affects Community Legacy Program approval processes as follows:

- DHCD will receive applications and consider any recommendations from a State unit or a member of the Smart Growth Subcabinet.
- The DHCD Secretary now has the authority to award financial assistance in the amount and type determined under the terms of the Community Legacy Program.

- The DHCD Secretary may consent to modifications to any awards.

In addition, effective June 1, 2010, all Community Legacy Areas and Designated Neighborhoods received interim re-designation as Sustainable Communities. This consolidated designation simplified the program for users and State and local government administrators. The transition period for the interim designation was extended in the 2012 Legislative Session by HB 1327 to December 31, 2013, during which time local governments had the opportunity to apply for continued designation.

An application procedure has been developed for local governments to request continued Sustainable Communities designation beyond the transition period. DHCD is now accepting applications for Sustainable Communities designation on a rolling basis.

Applications for Sustainable Communities designation are reviewed by an interagency panel led by the DHCD and must be approved by the Governor's Smart Growth Subcabinet. Newly approved Sustainable Communities (those that apply after June 1, 2010) will retain their designation for a period of five years.

Sustainable Communities will also include designated Transit-Oriented Development Zones (TOD) and Base Realignment and Closure Zones (BRAC). These areas automatically became Sustainable Communities effective June 1, 2010 and do not need to reapply for continued designation, although an approved plan is required to be eligible for funding.

Distribution and Allocation of Community Legacy Awards

Attachments 1 and 2 reflect the maps that show Community Legacy Awards by County, the first map for FY 2024 and the second for the period of FY 2002 through FY 2024.

In the Fiscal Year 2024, the Community Legacy Program was allocated \$6 million in capital funds, with no authorization for operating awards. **Attachment 3** provides a complete list of applications, including funded projects.

FY	TOTAL ALLOCATION	AMOUNT REQUESTED	NO. PROJECTS REQUESTED	NO. PROJECTS FUNDED
2024	\$6M	\$23.59	91	54
2023	\$8M	\$31.33M	106	65
2022	\$6M	\$17.42M	91	59
2021	\$6M	\$23.93M	126	68
2020	\$6M	\$35.26M	117	58
2019	\$8M	\$40.02M	139	79

In FY 2024, DHCD received 91 applications seeking approximately \$23.59 million for projects to support a broad range of activities aimed at boosting investments in targeted areas. The demand for the Community Legacy Program was almost four times the funds available for award.

Applicants included municipal and county governments and community development organizations.

Disbursement Status of Community Legacy Awards

The Community Legacy Program is intended to fill gaps in other public and private funding sources. As a result, Community Legacy funds are normally not the only funding source or the primary funding source. By design, Community Legacy agreements allow for the on-going nature of revitalization projects as well as the gap-financing role of Community Legacy. An overview of the disbursement status of all prior Community Legacy rounds follows. Project balances are included for both capital and operating funds by Fiscal Year.

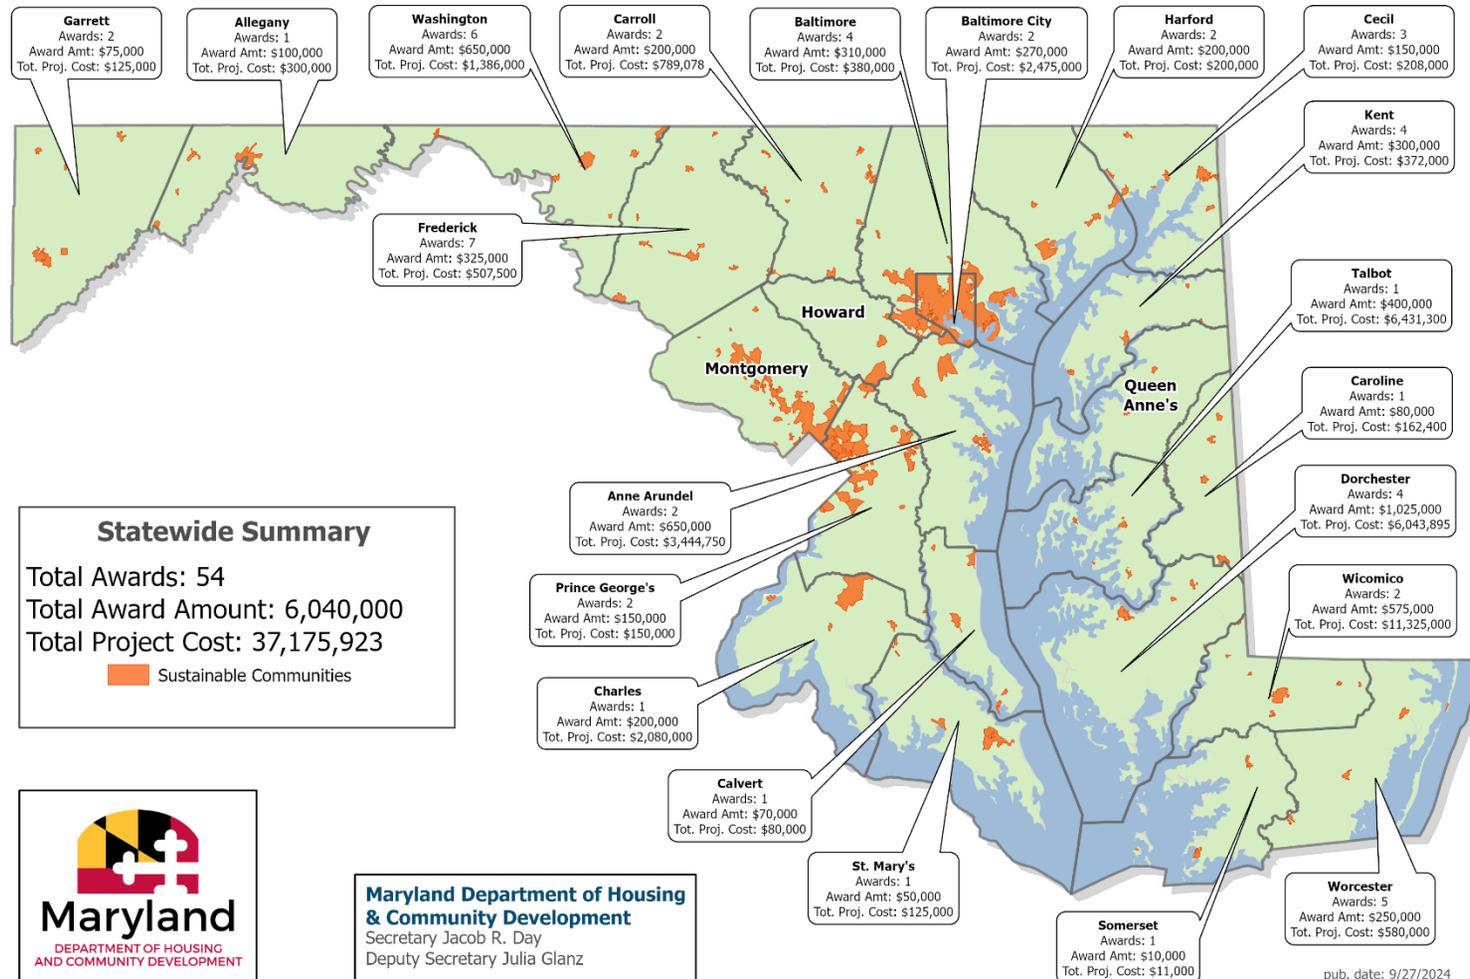

As illustrated in the chart below and detailed in **Attachment 4**, about 99 percent of the Community Legacy capital funds awarded from FY 2019 through FY 2021 have been disbursed. When calculating Community Legacy capital funds awarded from FY 2019 through FY 2023, about 95 percent have been fully disbursed. Agreements for FY 2024 were executed towards the end of the fiscal year and the disbursements do not demonstrate much progress as of June 30 as a result. Moreover, 100 percent of funds awarded in every other prior fiscal year have been fully expended.
