INTRODUCTION

The Department of Human Resources (DHR) is committed to the principles of fair practices and equal opportunities for all of its employees, contractors and customers. In support of that mission, the Office of Employment and Program Equity (OEPE) is responsible for administering the Minority Business Enterprise (MBE) Program and initiatives. Commitment to assisting MBEs with understanding the procurement process and doing business with DHR is accomplished in the following manner:

- Participation in outreach events that inform MBE vendors of opportunities within DHR

- Maintain voicemail message that provides MBE resource and State certification information
- Distribution of brochures regarding programs at DHR and opportunities for MBEs
- Meetings with MBE vendors to discuss programs and services within DHR
- Provide information at pre-proposal conferences encouraging MBE participation and DHR's commitment to the MBE program

The attached charts reflect the required data including the total contract appropriations for fiscal year 2013, total unique prime contractors, and the total distribution for each procurement category in addition to DHR's Minority Business Enterprise Strategic and Tactical Plan for fiscal year 2014.

EVALUATION OF FY 2013 PERFORMANCE

In FY 2013, DHR used a targeted approach to increase MBE participation. This resulted in higher MBE percentages in the following contract areas:

- IT Supplies and Equipment - 59%
- Human, Cultural, Social & Educational Services - 22%

While DHR did not meet the overall goal of 25% for FY 2013, improvements in these targeted areas reflect an increase in MBE participation.

MBE STRATEGIC AND TACTICAL PLAN FOR FY 2014

MBE Vision Statement

The Department of Human Resources is committed to the maximum utilization of minority owned and controlled businesses and aggressively markets and reaches out to those vendors that can provide the goods and services it needs. DHR will continuously strive to meet the 29% MBE goal and ensure that vendors seeking to do business with DHR are provided access to information in order to market their goods and services.

Key Goals

- Strive to meet the 29% MBE goal
- Partner with other State agencies and community organizations in outreach events to enhance MBE participation with DHR
- Identify new vendor relationships
- Ensure contract compliance and monitoring

Objectives

This strategic plan will continue to involve outreach efforts and consider internal changes in an effort to move DHR forward with a more concentrated approach in designing efforts to meet the 29% MBE goal. This plan will utilize the Local Departments of Social Services (LDSS), DHR

central administrations and community partners to strengthen the opportunities to engage Minority Businesses as contractors to meet the needs of our customers.

The Strategic Plan for FY 2014 will focus on increasing MBE participation in the following procurement areas: small procurements, maintenance, and services.

Small Procurements

Small procurements are purchases under \$25,000. In collaboration with the Governor's Office of Minority Affairs, the Department of Juvenile Services, and the Department of Health and Mental Hygiene, three objectives were identified to increase MBE participation for small procurements.

- Designate more procurements as Small Business Reserve. Many small businesses are state certified MBEs, thus, increased participation for small businesses should have a positive impact on MBE participation.
- Ensure that the agency is not double counting.
- Develop and distribute a list of State certified MBEs to agency buyers and encourage buyers to use MBEs.

The above initiative is undertaken based on the requirements of House Bill 48 (Chapter 605) of the 2013 legislative session, which excludes non-profits from MBE certification and therefore they cannot be counted toward the MBE goal. This change will have a negative impact on DHR meeting the 29% goal established for FY 2014. A timeline has been established to accomplish this objective by 2015 as required by law.

It is anticipated that an increase in MBE participation in small procurements will also increase MBEs as prime contractors on State contracts. This should have a positive impact on DHR meeting the 29% MBE goal.

Maintenance

These are short term contracts that center on building repairs and upkeep such as painting, electrical, plumbing, etc. These contracts are generally small procurements under \$25,000. In an effort to increase MBE participation and in keeping with the recommendation from the Governor's Office of Minority Affairs, DHR will distribute a list of State certified MBEs to facility maintenance personnel to assist in the selection of MBEs to work on building maintenance contracts.

DHR will work with the Department of General Services in an effort to increase MBE participation on agency specific contracts in this category of work on large procurements.

Services

The number of State certified MBEs in the area of human services is limited. According to the Maryland Department of Transportation's MBE Directory, there are 236 human service certified MBEs out of 5,850 State certified MBEs. This significantly reduces the opportunity for MBEs to participate as prime contractors. There are wrap-around services

in this area, such as consultants and professional services. These contracts will be reviewed on a case-by-case basis to set reasonable goals.

Human and cultural services contracts include group home contracts. A 5% MBE goal was established for these contracts with 25 or more beds. DHR must contend with two dynamics in this area which will negatively affect MBE participation. First, is the exclusion of non-profits as certified MBEs. Second, is DHR's Place Matters initiative which places emphasis on adoption rather than group home and foster care placements. In an effort to increase MBE participation, DHR will look at the scope-of-work of these contracts for services that indirectly relate to direct services for clients such as accounting, counseling, etc.

Strategies

- Legislative changes in prior years and in FY 2013 will be monitored to assess the impact on MBE participation. In an effort to off-set any negative impact, DHR will continue to participate in outreach programs and joint efforts with other agencies and community organizations to encourage MBEs on state contracts.
- DHR will increase monitoring of correct coding in the financial management information systems (FMIS) to ensure accuracy in reporting to meet the 29% MBE goal.
- Training for staff regarding MBE requirements, legislation and reasonable goal setting will be ongoing in FY 2014.

It is anticipated that DHR will continue to show progress in striving to meet the 29% MBE goal.

Performance Measures

- Meet the 29% MBE goal.
- Increased MBE awareness through staff training and contract monitoring.
- Distribution of information about the MBE program to internal and external customers.
- Outreach events that promote MBE.
- Review the FMIS system for correct coding.
- Setting reasonable goals on contracts on a case-by-case basis.

MONITORING

Programs are advised closely on monitoring all deliverables of the contract regarding MBE. The Office of Employment and Program Equity also provides technical assistance to the programs. Additionally, the Office of Employment and Program Equity provides technical support to businesses that express an interest in contracting with DHR regarding competing for state contracts and the process for becoming a state-certified MBE.
