# Child Welfare Performance Indicators Report Maryland Department of Human Services Social Services Administration 

December 2019

December 1, 2019
The Honorable Thomas V. Mike Miller, Jr.
President of Senate
State House, H-107
100 State Circle
Annapolis, MD 21401
The Honorable Adrienne A. Jones
Speaker of the House
State House, H101
100 State Circle
Annapolis, MD 21401

## RE: Child Welfare Performance Indicators Report - MSAR \#10542

Completed Pursuant to Family Law Article §5-1312
Dear President Miller and Speaker Jones:
The Department of Human Services (DHS) is required to submit to the Maryland General Assembly as well as the Department of Legislative Services the Child Welfare Performance Indicators report. This requirement is in accordance with Family Law Article §5-1312 and stated under Senate Bill 567 (Ch. 366, Acts of 2015).

If you should require additional information please contact the Office of Government Affairs at 410-767-8966.

Sincerely,

Lourdes R. Padilla
Secretary

## Acknowledgements

This report was prepared by staff at the Department of Human Services, Social Services Administration (DHR/SSA) in partnership with faculty and staff at the University of Maryland, School of Social Work's Ruth H. Young Center for Families \& Children (RYC). Terry V. Shaw and Nicholas Kolupanowich developed the performance indicators found in this report in partnership with David Ayer and Hilary Laskey.

## Legislative Charge

Legislative Charge: Senate Bill 567, 2015 Regular Session

Senate Bill 567 (cross-filed with House Bill 643) was signed into law in 2015. This bill requires the Department of Human Services, Social Services Administration (DHS/SSA) to provide a report to the General Assembly by December $1^{\text {st }}$ of each year. The following eleven questions are required, as part of the legislation and each question needs to be broken out by jurisdiction, race, gender and age.
(1) The number of child abuse and neglect reports, alternative responses, investigative responses, and findings for completed investigations;
(2) The number of children receiving in-home services;
(3) The number of new out-of-home placements by placement type;
(4) The number of exits from the child welfare system by exit type;
(5) The number of exits to reunification and reentries within 12 months after exit;
(6) The number of exits to reunification and reentries within 24 months after exit;
(7) The stability of out-of-home placements, including the number of placement changes;
(8) The stability of school placements;
(9) The number who graduate from high school;
(10) The number who qualify for a Maryland high school diploma by examination; and (11) The number who receive tuition waivers

The first seven items listed above are questions that can be measured using data and information available from the Maryland Department of Human Services, Social Services Administration (DHS/SSA). Questions 8 through 11 require data sharing between agencies. Question 8 and 9 requires data from the Maryland State Department of Education (MSDE) question 10 requires data from the Maryland Department of Labor, Licensing and Regulation (MDL), and question 11 requires data from the Maryland Higher Education Commission (MHEC).

This report is the fifth annual report.

## Maryland State Summary

Maryland is a diverse state consisting of 24 jurisdictions. The table below provides a comparison across jurisdictions of the overall population. The population of youth between the ages of 0 and 17 and 0 to 20 are used throughout this report and presented here alongside the total population. The population of children and youth between the ages of 0 to 20 broken out by jurisdiction is proportional to the total population. As can be seen in the table Montgomery County has the largest population and the largest number of youth ages 0 to 20 while Kent County has the smallest population in general and smallest number of youth ages 0 to 20. Data was obtained through the Bridged-Race Population Estimates. This data is provided free of charge by the Centers for Disease Control (CDC) ${ }^{1}$.

## Section 2: Questions requiring data sharing between agencies.

Questions that require data sharing between State agencies are the following:
(8) The stability of school placements;
(9) The number who graduate from high school;
(10) The number who qualify for a Maryland high school diploma by examination; and
(11) The number who receive tuition waivers.

Questions 8 and 9 require data from the Maryland State Department of Education (MSDE), question 10 requires data from the Maryland Department of Labor (MDL), and question 11 requires data from the Maryland Higher Education Commission (MHEC).

For this fifth annual report, information pertaining to the stability of school placements and the number of high school graduates (Questions 8 and 9) have been provided by MSDE, and information pertaining to the number of youth who received educational waivers (Question 11) was provided by MHEC.

The data required for Question 10 (the number qualifying for a Maryland high school diploma by examination) are available for the second time and provided by MDL.

## Question 8: The stability of school placements

Information about the stability of school placements has been made available through an agreement between DHS and MSDE. For the fourth year, DHS and MSDE have matched children in foster care with student education records, in order to gain accurate data about the education experiences for these children. The overall match rate is high, with $93 \%$ of foster children matching student records, based on a good matching process using first name, last name, middle name, date of birth, and gender (with a minimum standard of matching at least last name, first name, and date of birth). In the tables below, there is information about 3152 children who experienced foster care during the Academic Year 2019. Broken out by elementary, middle, and high school levels, the first table contains statewide information about the number of schools attended by foster children during the academic year. The second table contains jurisdiction level information about the foster children who experienced only one school setting during the academic year.

Number of Schools Attended during Academic Year 2019

| Number of Schools Attended | Elementary School | Middle School | High School | Total |
| :---: | :---: | :---: | :---: | :---: |
| 1 School | 1031 | 451 | 924 | 2406 |
|  | 74\% | 72\% | 78\% | 75\% |
| 2 Schools | 274 | 125 | 210 | 609 |
|  | 20\% | 20\% | 18\% | 19\% |
| 3 or more Schools | 81 | 51 | 51 | 183 |
|  | 6\% | 8\% | 4\% | 6\% |
| Total | 1386 | 627 | 1185 | 3198 |

## Question 9: The number who graduate from high school

Information about high school graduation has been made available through an agreement between DHS and MSDE. For the fourth year, DHS and MSDE have matched children in foster care with student education records, in order to gain accurate data about the education experiences for these children. The Overall match rate is high, with $94 \%$ of foster children matching student records, based on a good matching process using first name, last name, middle name, date of birth, and gender (with a minimum standard of matching at least last name, first name, and date of birth). In the table below, there is information about 241 foster care children who were in $12^{\text {th }}$ grade during Academic Year 2019.

High School Graduation among Foster Children in 12 ${ }^{\text {th }}$ Grade: AY 2019 (Not Including Summer High School Promotions)

Question 10: The number who qualify for a Maryland high school diploma by examination

The GED data has been requested from MDL and is in the process of being generated. It should be forthcoming during the next month and will be provided once DHS/SSA has received it.

## Question 11: The number who receive tuition waivers

According to the Maryland Higher Education Committee (MHEC) there were 493 individuals who received the foster care tuition waiver in the 2017-2018 academic year (the latest information that is available), 218 of which also received the waiver the previous academic year, 2016-2017. These individuals have been broken out by jurisdiction, gender, race/ethnicity and age groupings in the tables below.

## Gender of Recipients

|  | Count of Foster Care Waiver Recipients | Percent |
| :--- | :---: | :---: |
| Male | 156 | $31.6 \%$ |
| Female | 337 | $68.4 \%$ |
| Total | 493 |  |

## Race/Ethnicity of Recipients

|  | Count of Foster Care Waiver Recipients | Percent |
| :--- | ---: | ---: |
| Non-resident Alien | 11 | $2.2 \%$ |
| Hispanic (of any race) | 38 | $7.7 \%$ |
| Black or African American | 235 | $47.7 \%$ |
| White | 150 | $30.4 \%$ |
| American Indian/Alaska Native | $*$ | $*$ |
| Asian | 25 | $5.1 \%$ |
| Hawaiian/Pacific Islander | $*$ | $*$ |
| Two or More Races | 23 | $4.7 \%$ |
| Unknown | $*$ | $*$ |
| Total | 493 |  |
| Note: MHEC's policy is to suppress figures <br> calculations cannot be completed to obtain suppressed figures. Suppressed figures are marked with an <br> policy. | *. Per MHEC's suppression |  |

## Place of Residence of Recipients

| Jurisdiction | Count of Foster Care Waiver Recipients | Percent |
| :--- | ---: | ---: |
| Allegany County | $*$ | $*$ |
| Anne Arundel County | 16 | $3.2 \%$ |
| Baltimore County | 103 | $20.9 \%$ |
| Calvert County | $*$ | $*$ |
| Caroline County | $*$ | $*$ |
| Carroll County | $*$ | $*$ |
| Cecil County | $*$ | $*$ |
| Charles County | $*$ | $*$ |
| Frederick County | $*$ | $*$ |
| Harford County | 14 | $2.8 \%$ |
| Howard County | 11 | $2.2 \%$ |
| Montgomery County | 46 | $9.3 \%$ |
| Prince George's County | 39 | $7.9 \%$ |
| Saint Mary's County | $*$ | $*$ |
| Talbot County | $*$ | $*$ |
| Washington County | 13 | $2.6 \%$ |
| Wicomico County | $*$ | $*$ |
| Baltimore City | 104 | $21.1 \%$ |
| Out-of-State | $*$ | $*$ |
| Unknown | 101 | $20.5 \%$ |
|  | 493 |  |

Note: MHEC's policy is to suppress figures less than 10 to protect student privacy; complementary suppression may be used to ensure calculations cannot be completed to obtain suppressed figures. Suppressed figures are marked with an *. Per MHEC's suppression policy.

Note: These data may reflect the place of residence at the time of application

## Age of Recipients by age band

Age was calculated by subtracting the recipient's birth year from 2017 to represent their age during the fall 2017 semester. The average age of the 397 recipients with known age was 21.5 years.

Age bands allow for no suppressed data.

| Jurisdiction | Count of Foster Care <br> Waiver Recipients | Percent |
| :--- | ---: | ---: |
| Maryland | 493 | $100 \%$ |
| $17-19$ | 154 | $31.2 \%$ |
| $20-22$ | 179 | $36.3 \%$ |
| $23-24$ | 48 | $9.7 \%$ |
| $25+$ | 16 | $3.2 \%$ |
| Missing data | 96 | $19.5 \%$ |
