

# Child Welfare System Report

Maryland Department of Human Services Social  
Services Administration

**December 2022**

## **Acknowledgements**

This report was prepared by staff at the Department of Human Services, Social Services Administration (DHR/SSA) in partnership with faculty and staff at the University of Maryland, School of Social Work's Institute for Innovation and Implementation. Nicholas Kolupanowich and Terry V. Shaw developed the performance indicators found in this report in partnership with Hilary Laskey, Maria Tillman and Shana Proctor.

## Legislative Charge

Legislative Charge: Senate Bill 567, 2015 Regular Session

Senate Bill 567 (cross-filed with House Bill 643) was signed into law in 2015. This bill requires the Department of Human Services, Social Services Administration (DHS/SSA) to provide a report to the General Assembly by December 1<sup>st</sup> of each year. The following eleven questions are required, as part of the legislation and each question needs to be broken out by jurisdiction, race, gender and age.

- (1) The number of child abuse and neglect reports, alternative responses, investigative responses, and findings for completed investigations;
- (2) The number of children receiving in-home services;
- (3) The number of new out-of-home placements by placement type;
- (4) The number of exits from the child welfare system by exit type;
- (5) The number of exits to reunification and reentries within 12 months after exit;
- (6) The number of exits to reunification and reentries within 24 months after exit;
- (7) The stability of out-of-home placements, including the number of placement changes;
- (8) The stability of school placements;
- (9) The number who graduate from high school;
- (10) The number who qualify for a Maryland high school diploma by examination;
- (11) The number who receive tuition waivers;

Senate Bill 592, 2021 Regular Session (cross-filed with House Bill 258) was signed into law in 2021. This bill adjusted SB567 (r2015) adding additional measures. Similar to the original bill each question is broken out by jurisdiction, race, gender and age.

- (12) The Incidences of Abuse or Neglect of a Child who, in the immediately preceding 24 months, was not removed from the child's home following an investigation that found indicated or unsubstantiated abuse or neglect;
- (13) The number of children in the custody of a local department or child placement agency who have a sibling who is not in the custody of the same local department or child placement agency;
- (14) The health and mental health care provided, including the stability of health care providers, medications, and psychiatric diagnoses;
- (15) The number of children who are not enrolled in school for more than 1 week immediately following a change in placement; and
- (16) The number of children in an institution of postsecondary education, apprenticeship, or adult education program, disaggregated by program.

The first seven items listed above and numbers 12 through 16 are questions that were reported on in prior years and are available from the Maryland Department of Human Services, Social Services Administration (DHS/SSA).

Questions 8 through 11 require data sharing between agencies. Questions 8 and 9 require data from the Maryland State Department of Education (MSDE), question 10 requires data from

Maryland Department of Labor (MDL) and question 11 requires data from the Maryland Higher Education Commission (MHEC).

In addition to the sixteen questions above eleven questions were added that require the Maryland State Department of Education to collaborate with the Department of Human Services.

- (1) The stability of school placements;
- (2) The number of children with individualized education plans;
- (3) The number of children with a plan under § 504 of the federal rehabilitation act;
- (4) The number of children who have been retained a grade, disaggregated by grade;
- (5) The number of children who graduate from high school;
- (6) Dropout rates;
- (7) The number of children who are truant students, as defined in § 7-302.2 of the education article;
- (8) The rates of absenteeism;
- (9) The rates of suspension;
- (10) The rates of expulsion; and
- (11) The number of school-based arrests.

Maryland child welfare placement and permanency data is being added to the Maryland Longitudinal Data System Center (MLDSC) as described in House Bill 854 (r2021). It is anticipated that this data will be fully available for reporting by the end of calendar year 2022 and able to be added to this report in SFY2023.

Data for this report was captured entirely from the CJAMS data system.

While there are some areas where data for race/ethnicity is not documented in CJAMS, this will be much improved next year as the data fields for race and ethnicity are now required in CJAMS to comply with federal reporting requirements.

This report is the eighth annual report.

1. \*\*\* means that the number in the cell was less than 10
2. □ means that there isn't any data for the cell

## Technical Notes

All Census based data use the July 1, 2021 census estimates (the same estimates used in the previous report). The 2022 estimates by race/ethnicity were not yet available from the Census Bureau at the time this report was created.

Below are technical notes on how the data reports related to the additional questions in this document were created.

### **(12) The Incidences of Abuse or Neglect of a Child who, in the immediately preceding 24 months, was not removed from the child’s home following an investigation that found indicated or unsubstantiated abuse or neglect;**

The base for this question was the number of CPS responses seen in Question 1: The number of child abuse and neglect reports, alternative responses, investigative responses, and findings for completed investigations. For the youth identified in the base any prior Investigations that had a disposition of Indicated or Unsubstantiated in the preceding 24 months were identified. These instances were examined to see if any of those Indicated or Unsubstantiated investigations led to the removal of the child.

### **(13) The number of children in the custody of a local department or child placement agency who have a sibling who is not in the custody of the same local department or child placement agency;**

The population is a Point in Time on the last day of SFY22, June 30, 2022. All children in care on that day are included. Any children or youth who shared a case id were determined to be siblings (that is that the caseworker determined that all youth were part of the same case/family). The analysis provides two metrics: sibling groups where there is a sibling that is not in the custody of the same local department (interpreted as there is a sibling in care who is the responsibility of a different jurisdiction); and sibling groups where the children are placed in different jurisdictions (interpreted as a sibling in care who has a placement in a different jurisdiction even if the responsibility for the siblings reside in the same jurisdiction).

### **(14) The health and mental health care provided, including the stability of health care providers, medications and psychiatric diagnoses.**

The population is a Point in Time on the last day of SFY22, June 30, 2022. All children in care on that day are included.

Any physical or mental health exam during SFY22 was included in the analysis. Exams that counted as a physical exam included “Initial Health Examination – 3255”, “Comprehensive Health Examination – 3256”, “Annual Health Examination – 3257” or “Follow-up Health Examination – 7069”. Exams that counted as a mental health exam included “Mental Health Therapist / Counselor – 10384” and “Mental Health – 7850”.

1. \*\*\* means that the number in the cell was less than 10
2. □ means that there isn’t any data for the cell

The presence of a psychiatric diagnosis was also determined using data maintained in the CJAMS data system.. When *disabilitytypekey* = ‘PYDY’ and *disabilityconditiontypekey* = ‘Yes’, we marked that child as having a psychiatric disability.

Medications was obtained through the CJAMS data system and grouped as Psychotropic, Anti-depressant, ADHD, Anti-Psychotic or Mood. Also totals for “Any drugs” or “Multiple Drugs” are listed.

**(15) The number of children who are not enrolled in school for more than 1 week immediately following a change in placement.**

Any change in placement that took place during SFY22 was the base population for this question. Placements where the Child was under 5 years old at the time of the placement change, and any placement change that occurred outside of the school year (between June 7 and August 31) was then removed from the population.

Education data was obtained from the CJAMS data system and compared to the child’s entry date for any new placement. There were three possible outcomes. First, a child could have a startdate before their placement entry, indicating that they stayed enrolled in the same school. Second, a child could have a startdate within 7 days of their placement entry, indicating that they were enrolled in a new school within one week. The final possible outcome is that a child could have a startdate more than 7 days after placement entry, indicating they were enrolled in a new school over a week after.

**Note:** Only children with education information were used to calculate the percentage of each outcome.

**(16) The number of children in an institution of postsecondary education, apprenticeship, or adult education program, disaggregated by program.**

For this measure we looked at all children who were in care for any part of SFY22 and 16 or older at the start of the timeframe (July 1, 2021). Information was then brought in from the *personeducation* table. The *educationtypekey* variable was used to determine what type of education the child received.

The following education types are listed in the report:

“College/University” and “Post-Secondary” were grouped under “College/University”

“Trade School”

“Vocational/Technical Training”

1. \*\*\* means that the number in the cell was less than 10
2. □ means that there isn’t any data for the cell

2. . means that there isn't any data for the cell

## Anne Arundel

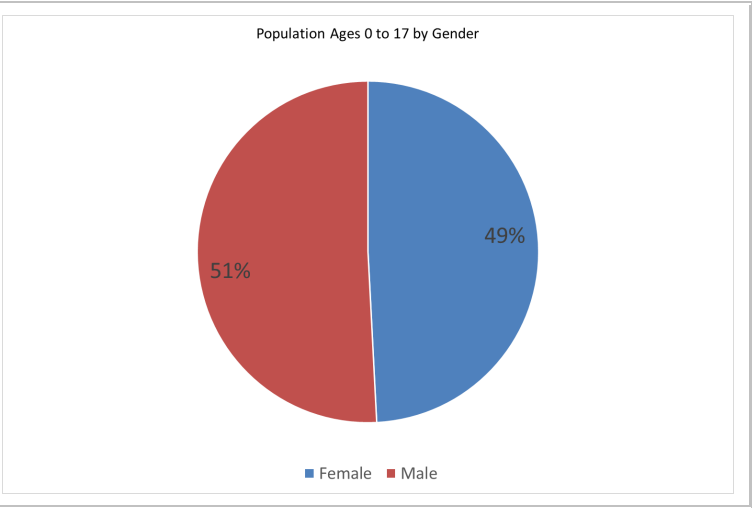

To set the context for each jurisdiction census information is provided broken out by age, race and gender. The Bridged-Race Population Estimates Data Files provided free of charge by the Centers for Disease Control (CDC) were used throughout the report<sup>3</sup>.

<sup>3</sup>Documentation of The Bridged-Race Population Estimates Data Files is available online at: [http://www.cdc.gov/nchs/nvss/bridged\\_race/data\\_documentation.htm](http://www.cdc.gov/nchs/nvss/bridged_race/data_documentation.htm)

1. \*\*\* means that the number in the cell was less than 10
2. □ means that there isn't any data for the cell

Gender	Population of Youth Ages 0 to 17	Population of Youth Ages 0 to 20
Totals	129,428	149,603
Female	63,656	72,524
Male	65,772	77,079

1. \*\*\* means that the number in the cell was less than 10  
 2. □ means that there isn't any data for the cell

**Question 1:** The number of child abuse and neglect reports, alternative responses, investigative responses, and findings for completed investigations in Anne Arundel.

**Examination of Investigative Response/Alternative Response for State Fiscal Year 2022 in Anne Arundel**

## **Section 2: Questions requiring data sharing between agencies.**

Questions that require data sharing between State agencies are the following:

- (8) The stability of school placements;
- (9) The number who graduate from high school;
- (10) The number who qualify for a Maryland high school diploma by examination;
- (11) The number who receive tuition waivers

Questions 8 and 9 require data from the Maryland State Department of Education (MSDE), which previously had been provided through an MOU. The MOU has not been reestablished, but it is anticipated that this data will be fully available for reporting in the SFY 2023 report. Question 10 required data from Maryland Department of Labor (MDL) and youth not part of question 9 which should also be available for reporting in the SFY 2023 report.

The data required for Question 11 (the number of youths who received educational waivers) was provided by MHEC.

1. \*\*\* means that the number in the cell was less than 10
2. □ means that there isn't any data for the cell

### Question 11: The number who receive tuition waivers

According to the Maryland Higher Education Committee (MHEC) there were 319 individuals who received the foster care tuition waiver in the 2020-2021<sup>26</sup> academic year (the latest information that is available). Among them, there were five (5) who received awards at more than one institution. 162 (51%) of those individual also received the waiver in the 2019-2020 academic year. These individuals have been broken out by jurisdiction, gender, race/ethnicity and age groupings in the tables below.

#### Gender of Recipients, 2020-2021

	Count of Foster Care Waiver Recipients	Percent
Male	79	24.7%
Female	240	75.2%
Total	319	

#### Race/Ethnicity of Recipients, 2020-2021

	Count of Foster Care Waiver Recipients	Percent
Non-resident Alien	*	*
Hispanic (of any race)	31	9.7%
Black or African-American	178	55.8%
White	66	20.7%
American Indian/Alaska Native	*	*
Asian	10	3.1%
Two or More Races	25	7.8%
Unknown	*	*
Total	319	

Note: MHEC's policy is to suppress figures less than 10 to protect student privacy in accordance with [MHEC's suppression policy](#). Suppressed figures are marked with an \*

<sup>26</sup> Institutions submit financial aid data for the preceding year each November. Following data validation processes, these data are released to the Research staff each spring.

1. \*\*\* means that the number in the cell was less than 10
2. [.] means that there isn't any data for the cell

**Counts of Recipients by Institution, 2020-2021<sup>27</sup>**

<b>Institution, 2020-2021</b>	<b>Count of Foster Care Waiver Recipients</b>	<b>Percent</b>

<b>Total</b>	<b>99</b>	<b>30.46%</b>
Notes: * 319 unique students received an award, when assessed statewide. When assessed by institution, 325 unique students received an award. There were 5 awards for students who attended more than one institution. * Institutions with no award recipients in 2020-2021 are not included. * Numbers greater than zero and less than 10 are suppressed due to risk of disclosure and are marked with an asterisk.		

<sup>27</sup> Cross validation of institutional data contained in the Financial Aid Information System with other sources revealed reporting errors with some institutions; most notably, St. Mary's College of Maryland was found to have over-reported the number of Foster Care Tuition Waivers for 2019-2020. Institution-level data should be interpreted with caution.

1. \*\*\* means that the number in the cell was less than 10
2. [.] means that there isn't any data for the cell

## Age and Place of Residence for Foster Care Tuition Waiver Recipients<sup>28</sup>

### Place of Residence of Recipients as of Fall 2020

<b>Jurisdiction</b>	<b>Percent</b>
Allegany County	1.18%
Anne Arundel County	2.75%
Baltimore County	30.59%
Calvert County	1.96%
Carroll County	0.78%
Cecil County	0.78%
Charles County	2.75%
Frederick County	2.75%
Garrett County	0.78%
Harford County	2.75%
Howard County	2.35%
Montgomery County	10.59%
Prince George's County	10.98%
Saint Mary's County	0.78%
Somerset County	0.39%
Washington County	2.75%
Wicomico County	0.39%
Baltimore City	22.75%
Unknown Maryland County	0.78%
Foreign	0.39%
Out-of-State	0.78%

Note: These data reflect the place of residence at the time of application. Data on place of residence at the time of application were not available for all 319 recipients.

---

<sup>28</sup> Information regarding the age and place of residence of Foster Care Tuition Waiver recipients is obtained by merging financial aid data from the Financial Aid Information System with a fall enrollment file containing additional demographic information. Of the 461 individuals who received the Tuition Waiver in 2019-2020, 78 had no fall enrollment record; the age and place of residence of those individuals is unknown.

1. \*\*\* means that the number in the cell was less than 10
2. [.] means that there isn't any data for the cell

## Age of recipients as of Fall 2020

The average age of the 255 recipients with known age was 21.2years.

<b>Age Band</b>	<b>Count of Foster Care Waiver Recipients</b>	<b>Percent</b>
17-19	76	29.8%
20-22	110	43.1%
23-24	39	15.3%
25 and up	30	11.8%
<b>Total</b>	<b>255</b>	

Note: Recipient age was calculated by subtracting the recipient's birth year from 2020; this methodology provides student age as of the end of 2020 and not necessarily at the time of receipt of the Tuition Waiver. Data on age were not available for 64 of the 319 recipients.

1. \*\*\* means that the number in the cell was less than 10
2. □ means that there isn't any data for the cell
