RE: MSAR #12076 - Annual Family Investment Program Hiring Agreements Report

Dear Mr. Perry:

The Department of Human Services (DHS) is required to submit a report to the Maryland General Assembly on the Annual Family Investment Program Hiring Agreement report in accordance with the State Finance and Procurement Article §13-224(d). In accordance with this reporting requirement, DHS is pleased to provide you with the enclosed report.

If you should require additional information please contact the Office of Government Affairs at 410-767-8543.

Sincerely,

Lourdes R. Padilla
Secretary

Enclosure

cc: Sarah Albert, Mandated Reports Specialist, Department of Legislative Services (5 copies)

REPORT ON THE ANNUAL LOCAL GOVERNMENT HIRING PLAN

MARYLAND DEPARTMENT OF HUMAN SERVICES

Completed pursuant to BPW Advisory 2011-1 State Finance & Procurement Article § 13-224

November 1, 2020

REPORT REQUIREMENTS

This report is hereby submitted in response to the following reporting requirements:

DHS shall provide a report to the Board of Public Works no later than November 1 annually that summarizes the previous fiscal year's results, specifically reporting:

- *For each eligible contract that the designated procurement units referred to that fiscal year:*
 - *Agency awarding contract;*
 - *Type of contract, e.g., construction, services, information-technology, maintenance;*
 - *Scope of work of contract;*
 - *Dollar value of contract;*
- *Which referrals of eligible contracts to resulted in hiring agreements, which did not result in hiring agreements, and any explanation for the latter;*
- *Number of persons offered employment through each hiring agreement.*

Source: BPW Advisory 2011-1 Hiring Agreement

BACKGROUND

A hiring agreement, a companion to a State procurement contract, is an agreement between a contractor and the Department of Human Services (DHS) through which the parties agree to cooperatively identify and hire former and current Family Investment Program (FIP) recipients to fill job openings on the contractor's State procurement project. The hiring agreement statute, enacted into law in 1998, originally required the Board of Public Works (BPW) to "designate the types of procurement contracts that are eligible contracts" (eligible for hiring agreements). The Board subsequently approved an Action Agenda Item directing the Department of Budget and Management (DBM), Department of General Services (DGS), Maryland Department of Transportation (MDOT), and the University System of Maryland to select eligible contracts for hiring agreements. The Board required submitting an annual report addressing hiring agreements for these state agencies combined.

TARGET POPULATION

DHS, in partnership with other state agencies, encourages the use of hiring agreements as a mechanism for providing FIP recipients with employment opportunities with companies doing business with the state as vendors. The target population for this arrangement includes:

- Current Temporary Cash Assistance (TCA)* recipients
- Children of former TCA recipients (14 and older)
- Children of current TCA recipients (14 and older)
- Foster Care Youth/Alumni (18-25 years old)
- Former TCA recipients (less than or equal to 5 years)
- Child Support Obligors

*Note: TANF-Temporary Assistance to Needy Families and TCA-Temporary Cash Assistance will be used interchangeably throughout the report

PARTNERSHIPS

Based on the needs of the target population, DHS has leveraged partnerships with state agencies (including DBM, DGS, MDOT, and the Department of Information Technology (DoIT)).

In addition to the state contractors, the Hiring Agreement Program (HAP) is also supported by local governments through an agreement with the Maryland Association of Counties (MACo).

PROGRAM DEVELOPMENT

Since 2016, DHS has taken the following steps to improve outcomes of HAP:

- DHS program manager facilitates the annual statewide presentation for the Senior Procurement Advisory Group (SPAG) meeting usually takes place in September. The purpose of our portion of the agenda is to address HAP goals, program monitoring, data reporting and tracking and recruitment of other Agencies for procurement officers to support the HAP program. This meeting is hosted by the Department of General Services State Procurement Unit.
- Instituted a new tracking system to monitor and catalog all job announcements subject to HAP. In addition, a mandate for all Local Departments of Social Services (LDSS) to monitor and maintain a database of all applicants for HAP job orders.
- Successfully advocated for an extension of time to apply for positions available to FIP recipients from three business days to five business days, allowing more qualified applicants to take advantage of employment opportunities within state agencies and related contractors.
- Instituted a new requirement for contractors to include their Federal Employment Identification Number on the Hiring Agreement Program contract to improve reporting accuracy.

OUTREACH

DHS has worked with stakeholders to streamline internal job announcements to include important details in order to help eligible FIP recipients to more accurately determine if they are a good fit for a particular position. In an effort to increase visibility of stakeholders work program staff at the LDSS has connected with the Child Support Administration-CSA (non-custodial parents) and Social Services Administration-SSA (foster youth/alumni) as well as current work program vendors that support the TANF work programs. These partnerships have helped to extend the reach of the program to targeted populations. Each LDSS office has identified HAP points of contact that receive and disseminate position announcements to program staff and customers. The LDSS contacts also share hiring agreement opportunities with local partners that interact with the target populations.

REPORT CYCLE

During the current reporting cycle (April 2019 – March 2020), there were **240** active contracts impacted by HAP. These State Contractor contracts resulted in **995** total job placements shown in the below table. Furthermore, Local Government placements totaled **1,637** along with State Agency placements of **475** which have a grand total of **3,107** job placements. In addition, DHS has examined the retention rate, defined as individuals still employed in a subsequent quarter after initial job placement, for those placed through hiring agreements. The retention data, provided by the University of Baltimore Jacob France Institute, indicated that **48%** of FIP recipients who obtained employment through HAP were employed in the quarter following the time at which they were placed.

DHS maintains a database of **404** state contracts. All contracts were evaluated based on the following criteria to determine if they were subject to HAP requirements:

- *Contract base value of \$200,000 or more;*
- *Contract term of two years or longer;*
- *Contract with potential for employment during the life of the contract.*

After the assessment, DHS determined **240** contracts met the criteria for HAP. The table below lists all participating contracts subject to HAP requirements.

Legend:

DGS-Department of General Services

DHS-Department of Human Services (Includes the following: CSA-Child Support Administration, SSA-Social Services Administration, FIA-Family Investment Administration, LDSS-Local Department of Social Services offices)

DJS-Department of Juvenile Services

MDOT-Maryland Department of Transportation (Includes the following: MDTA-Maryland Transportation Authority, MTA-Maryland Transit Administration, MVA-Motor Vehicle Administration)
