

2016 Annual Report

MSAR # 10867

July 1, 2017

The Honorable Larry Hogan, Governor
The Honorable Thomas V. Mike Miller, Jr., President of the Senate
The Honorable Michael E. Busch, Speaker of the House of Delegates

Dear Governor Hogan, President Miller, Speaker Busch and the Citizens of Maryland:

We are pleased to provide this report on the Maryland Apprenticeship and Training Program for 2016. As you know, the Department of Labor, Licensing and Regulation has dedicated its efforts to expand Registered Apprenticeship opportunities in Maryland. In October, the Maryland Apprenticeship and Training Program was transferred to the Division of Workforce Development and Adult Learning with the enactment of Senate Bill 92.

Also in 2016, the United States Department of Labor awarded the Maryland Department of Labor, Licensing and Regulation \$2.2 million to accelerate and expand Registered Apprenticeship opportunities within the State. As a result, we are now seeing tremendous overall growth both in skilled trades based Registered Apprenticeships as well as non-traditional areas, such as health care and information technology. In short, Maryland is becoming a national leader in Registered Apprenticeship.

Please know that the Department and the Council are committed to the great work that has already begun and look forward to reporting to you on the continued successes of this program in the years to come.

Best Regards,

Handwritten signature of Kelly M. Schulz in black ink.

Kelly M. Schulz
Secretary
Department of Labor, Licensing and Regulation

Handwritten signature of William C. Taylor in black ink.

William Taylor
Chair
Maryland Apprenticeship and Training Council

Chapter 495 of the 2016 Acts of the Maryland General Assembly requires that the Maryland Apprenticeship and Training Council annually report to the legislature on the status of apprenticeship programs for the immediately preceding calendar year. Specifically, the report must include:

- The completion and enrollment rates of each apprenticeship program registered with the State;
- The age, race, sex or gender identity, county of residence, and program enrollment of each individual enrolled in a Registered Apprenticeship (RA) program.

The Department of Labor, Licensing and Regulation, on behalf of the Maryland Apprenticeship and Training Council, offers the following data for calendar year 2016.

A STRATEGIC VISION FOR APPRENTICESHIPS

Governor Hogan's strategic vision for the workforce system, as outlined in the State's Combined State Workforce Plan, is to provide businesses with the skilled

workforce they need to compete in the global, regional, and local economies. A bedrock strategy within that vision is the expansion of Registered Apprenticeship opportunities. The State's goal is to align Registered Apprenticeships with the Maryland's workforce system to ensure that traditional Registered Apprenticeship expand alongside the creation of new opportunities grounded in labor market demand.

Specifically, Maryland's Combined State Workforce Plan notes, "[by] aligning apprenticeships with the Workforce Innovation and Opportunity Act (WIOA) system, Maryland will ensure traditional apprenticeship opportunities that are grounded in market demand."¹

The National Skills Coalition, in a July 2016 report, highlighted the State's

¹ The entire plan is available on the Department's website at: <http://www.dlir.maryland.gov/wdplan/wdstateplan.pdf>.

vision to invest in Registered Apprenticeship and other innovative training connected to jobs.²

HIGHLIGHTS IN APPRENTICESHIP FOR 2016

2016 was a year filled with noteworthy achievements for the State's apprenticeship system, including structural changes to the program, an infusion of federal funding, and a celebration of Registered Apprenticeships in the State through the declaration of National Apprenticeship Week in Maryland for a second year in a row.

Integrating Apprenticeships into the Workforce System

During the 2016 Legislative Session of the Maryland General Assembly, the Department sponsored Senate Bill 92, a measure that transferred the State's Registered Apprenticeship program to the Division of Workforce Development and Adult Learning. This legislative enactment, approved unanimously by the Assembly and signed into law by Governor Hogan, provides key resources for the growth and expansion of Registered Apprenticeships. Since then, the states of Pennsylvania and Delaware have taken similar legislative action.

Obtaining Federal Funds to Accelerate and Expand Apprenticeships

The Maryland Department of Labor, Licensing and Regulation was awarded \$2.2 million from the United States Department of Labor in 2016 for the acceleration and expansion of Registered Apprenticeship opportunities in the State. Both the ApprenticeshipUSA Accelerator Grant and the ApprenticeshipUSA State Expansion Grant invest in the State's Registered Apprenticeship programming. The funds provided under these grants are vitally important to address the pressing workforce needs of Maryland's businesses.

Maryland is using these grant funds, as well as leveraging resources, to grow and diversify Registered Apprenticeships. The end goal is to provide Maryland's business with a sustainable employment pipeline in both traditional and non-traditional industry sectors focusing on three critical elements:

(1) Expanding Capacity by Increasing Staffing and Infrastructure

- To grow pre-apprenticeship and Registered Apprenticeship opportunities, key infrastructure investments are needed in Maryland's Apprenticeship Office. Historically, Maryland's apprenticeship unit consisted of three individuals: a Program Manager, an Apprenticeship and Training Representative (ATR), and an Apprenticeship Navigator.

² The full report is available at: <http://www.nationalskillscoalition.org/resources/publications/file/Realizing-Innovation-and-Opportunity-in-WIOA-Implementing-the-Playbook-for-Creating-Effective-State-Plans.pdf>.

- This staff serves the needs of over 9,000 active apprentices and 3,500 participating employers in Maryland. The team works with over 230 approved registered occupations and maintains 417 programs statewide.
- Noting that growth requires a continued investment in human capital, DLLR has utilized the grant opportunities to expand the unit through the addition of 6 contractual staff positions (5 Navigators and 1 Apprenticeship and Training Representative), for a total of 9 dedicated to apprenticeship.

(2) Outreach/Education

- DLLR held an all-day training for workforce professionals, community colleges, education officials, and other state and local entities. The event called, “Accelerating Apprenticeships in Maryland,” was held on June 28, 2016. Conversations were facilitated by Dr. Gerald Ghazi, a national expert on building Registered Apprenticeship programs. The professional development activity was made possible through ongoing technical assistance Maryland received through USDOL.
- The State also hosted a portion of the inaugural Transatlantic Apprenticeship Exchange Forum, held in Washington, D.C. and Baltimore with representatives from the United Kingdom’s apprenticeship program.
- Industry engagement and participation are also key to the successful expansion of Registered Apprenticeship in Maryland. Outreach to chambers of commerce and industry associations, and State and Local Workforce Development Boards are occurring. The connections with these industry groups nurtured several opportunities to engage industry to develop multi-employer programs and program templates. Lastly, relationships are being leveraged with over 500 industry sector partnerships through EARN.

(3) Advancing Innovative Practices

- DLLR established an “Apprenticeship Innovation Fund” to invest in programs that support and enhance Registered Apprenticeship expansion strategies, particularly for vulnerable populations, youth, and dislocated workers. Through this fund the Department dedicated \$621,000 in early 2017 to award competitive grants to applicants, so they may implement new and promising ideas or adapt proven strategies, at the systems or service delivery level, to expand the reach of Registered Apprenticeship programs in Maryland. This competitive grant structure has proven effective.

In April 2017, the State announced the first four recipients of funding from the Apprenticeship Innovation Fund.³

- An additional component of the State's ApprenticeshipUSA Expansion Grant is a Capbreaker Award, designed to institute a pilot program aimed at mitigating the hiring challenges found within the healthcare industry. The pilot program draws on an untapped resource, internationally trained skilled immigrants, who call Maryland home. The Baltimore Alliance for Careers in Healthcare (BACH), the entity which will serve as the Registered Apprenticeship sponsor for the pilot initiative, includes Baltimore area hospitals such as Johns Hopkins Hospital. BACH obtained approval from the Maryland Apprenticeship and Training Council to employ a competency based model in May 2017.

National Apprenticeship Week

For the second year in a row, Governor Larry Hogan issued a proclamation in November 2016 recognizing the National Apprenticeship Week. The Department sponsored six events throughout the week of November 14 through 18, 2016 focused on various aspects of apprenticeships. The weeklong celebration included a recognition of the role unions play in Registered Apprenticeships, business roundtable discussions on Registered Apprenticeship, an event focused on youth apprenticeship opportunities, and a veterans hiring event in partnership with Helmets to Hardhats.

Youth Apprenticeship

DLLR partnered with the Maryland State Department of Education and the Department of Commerce in developing the Apprenticeship Maryland youth apprenticeship pilot program in two local Maryland school systems. The collaboration is a part of the Augustine Commission's report released in February 2015. As a direct result of the Commission's recommendations, Apprenticeship Maryland was established with the passage of House Bill 942 (2015). At the beginning of the 2016-2017 school year, students from Frederick and Washington County Public School systems were able to apply for positions with local businesses who have registered to be apprentice sponsors. Now, students have the opportunity to earn while they learn through on-the-job learning experiences from the area's top employers. Each county can recruit up to 60 students for participation in the pilot program over the next two years.

The Department has released two annual reports on Youth Apprenticeship. Both are available on the Department's website. The 2017 annual report will be submitted to the Maryland General Assembly in December.

³ The press release outlining the projects can be accessed here:

The State of Maryland

Proclamation

From the Governor of the State of Maryland

NATIONAL APPRENTICESHIP WEEK

NOVEMBER 14 - 20, 2016

- WHEREAS,** Maryland participated in the inaugural National Apprenticeship Week in 2015 with events honoring and promoting the contributions apprentices make to Maryland's workforce; and
- WHEREAS,** Since National Apprenticeship Week 2015, Maryland's Youth Apprenticeship Pilot Program has begun with great success in two counties and is viewed as a National and international model. During the past year the Registered Apprenticeships program office has moved from the Division of Labor and Industry to the Division of Workforce Development and Adult Learning to expand opportunities for Marylanders by increasing access to federal and state workforce resources; and
- WHEREAS,** The primary focus of making Maryland more business friendly and improving the state's economic competitiveness is reflected in the growth of Marylander apprenticeships. Our state continues to seek solutions to growing the private sector, training citizens for 21st Century skills, and restoring Maryland's economy; and
- WHEREAS,** Our state is continuing the positive momentum created in the past year, making Registered Apprenticeships the premiere workforce solution for Maryland's businesses and job seekers; and
- WHEREAS,** Maryland is honored to join other states across the nation during the week of November 14 thru November 18, 2016, to extend our gratitude to apprentices, program sponsors, local businesses and mentors, elected officials, state and local government employees, educational institutions, volunteers on the Maryland Apprenticeship and Training Council and the Youth Apprenticeship Advisory Council, and everyone else supporting growing apprenticeships, for their hard work, continued dedication and commitment to excellence.

NOW, THEREFORE, I, LAWRENCE J. HOGAN, JR., GOVERNOR OF THE STATE OF MARYLAND, do hereby proclaim NOVEMBER 14 - 20, 2016 as NATIONAL APPRENTICESHIP WEEK in Maryland, and do commend this observance to all of our citizens.

Given Under My Hand and the Great Seal of the State of Maryland,
this 14th day of November
Two Thousand and sixteen

Lawrence J. Hogan, Jr.

Governor
Robert L. Hathaway

St. Governor
John C. Winkler

Secretary of State

CONSIDERATIONS REGARDING THE APPRENTICESHIP DATA BY SPONSOR

Registered Apprenticeship is the premier workforce training program. The structure of Registered Apprenticeship is flexible and innovative, allowing for businesses to create a structured training model to connect highly skilled workers to the employer. The Apprentices benefit through the On-the-Job Training, which allows them to earn an income while they learn the skills needed for the job. Upon completion of the program, the Apprentice is awarded a nationally recognized credential. The below charts represent each Registered Apprenticeship Sponsor who was listed as Active in Calendar Year 2016. Each Registered Apprenticeship Sponsor has their own customized Standards of Apprenticeship. The time required to complete a program can range from as little as one year to as long as six years. As such, there is no basis of comparison to create a completion rate between apprenticeship programs. Therefore, the information on the number of Apprentices Completed in each program during 2016 is included in the chart.
