Re: Submission of Annual Report on Program Open Space Contingency Fund

Agency: Maryland Department of Natural Resources

Report Authority: § 5-903.1(f) of the Natural Resources Article (MSAR #25)

Dear President Miller and Speaker Busch:

In accordance with Section 5-903.1(f) of the Natural Resources Article, the Department of Natural Resources hereby submits (attached) the annual summary of activities of the Program Open Space Contingency Fund (Fund). The Fund, which was established in 1998, may be used with the approval of the Committees and the Board of Public Works to supplement an existing appropriation for a capital project or undertake Critical Maintenance projects.

Use of the fund is an important tool that has allowed us to move forward recently on an important improvement project at Rocky Gap State Park to renovate and improve site conditions at the Forestry and Wildlife offices. Without the benefit of the contingency fund the project would have been canceled or other projects would have been deferred.

One action was taken during 2014 providing \$257,550 for the Rocky Gap State Park Site Improvement Project. The balance in the fund is \$238,113.62. If you have any questions or need additional information please contact Jordan Loran, Director, Engineering & Construction Unit at 410.260.8907.

Sincerely,

Joseph P. Gill
Secretary

The Honorable Thomas V. Mike Miller, Jr.

The Honorable Michael E. Busch
