# Eastern Correctional Institution Westover, Maryland

**Security Level: Pre-Release through Medium**

**856 Authorized Positions**

**Average Population: 3,500**

**Operating Cost \$103,186,518.00**

The Eastern Correctional Institution in Westover is a complex of four compounds with the capacity that houses 3,500 male inmates ranging from pre-release to medium security, the largest facility in the state.

With a yearly budget of \$103.1 million, the institutions employ 858 workers making it one of the largest employers on the lower Delmarva Peninsula.

The institution has two Maryland Correctional Enterprises operations, furniture restoration and textiles, where offenders make towels, wash cloths, hats, uniform clothing and mattresses. The operations employ 241 offenders and is one of four sites in the state that provide industrial laundry cleaning for institutions and non-profit entities.

The facility offers academic programs ranging from adult literacy to high school equivalency diplomas. The institutions provide occupational training in carpentry, masonry, office technology, automotive repair, graphic arts and architecture. This site also provides job readiness skills from interviewing to resume writing for offenders set to be released.

The institution also offers a six-month substance abuse treatment program with aftercare, and participates in the America's VetDogs program where incarcerated veterans train service dogs.

Offenders also work on meaningful community projects such as restoring a historic skipjack, painting schools, restoring overgrown cemeteries and playgrounds and creating parade floats for local festivities.

# Jessup Correctional Institution

## Jessup, Maryland

**Security Level: Medium**

**Authorized Positions: 581**

**Average Population: 1725**

**Operating Cost:**

**\$63,780,700.00**

The Jessup Correctional Institution is a medium security facility that houses 1,725 male offenders with an average stay of 9 ½ years.

The institution, which opened in 1991, operates on a \$63.7 million yearly budget with a staff of 581 employees. The facility is home to several Maryland Correctional Enterprises offender work programs including a sew shop that makes all inmate uniforms and officer pants throughout the state.

All of Maryland's license plates are produced at the facility, which also makes furniture for state offices and Maryland colleges.

The site also serves as a transportation hub for offenders going to court and medical appointments in the Baltimore/Jessup region. Additionally, the site is a Direct Intake unit receiving offenders from six counties.

The institution also provides GED classes some college courses and substance abuse treatment.

# Maryland Correctional Institution—Jessup Jessup, Maryland

**Security Level: Medium**

**Authorized Positions: 330**

**Average Population: 1,038**

**Operating Cost: \$38,592,703**

The Maryland Correctional Institution-Jessup houses about 1,038 male offenders in a medium security facility opened in 1981. The average stay is 8 years.

The institution operates on a \$38.5 million budget and employs 330 workers, including 266 correctional

officers. Offenders work in two Maryland Correctional Enterprises programs at the site that include printing and graphic arts for state forms and letters.

The institution partners with Goucher College to provide a college program and is designated as the deaf and hard of hearing institution as, well as the institution for inmates whose first language is not English. Dietary, vocational and maintenance training are also offered in addition to a substance abuse program.

The Metropolitan Transition Center in Baltimore is the nation's oldest correctional facility, built in 1811. It houses nearly 700 offenders in a minimum security setting.

With a budget of \$41.5 million, the facility employs 405 staff.

The institution offers high school equivalency diplomas (GED) in reading, writing and arithmetic and provides intensive substance abuse treatment through Therapeutic Communities, which treats about 200 offenders a year.

The training programs, offered by the Maryland Department of Labor, Licensing and Regulation through the Occupational Skill Training

Center include eight state certification programs in automotive repair and maintenance, roofing, HVAC, information technology, warehousing, carpentry, printing and graphics and plumbing.

The facility is poised to become the latest to have offenders train service dogs for the America's VetDogs program.

Baltimore, Maryland

Facility Administrator  
Christopher Smith

**Security Level: Minimum**

**Authorized Positions: 127**

**Average Population: 494**

**Operating Cost: \$13,699,951**

The Baltimore City Correctional Center is a minimum security institution for about 500 adult male offenders.

Offenders ready for release are given an opportunity to work on road crews. The facility also provides a 14-day pre-release assessment

to link exiting offenders with needs such as housing, employment and social workers.

The institution offers a six-month treatment program with after care and provides high school equivalency instruction in reading, writing and math in cooperation with the Maryland Department of Labor, Licensing and Regulation.

Exiting offenders are also offered job readiness training in areas such as interviewing and resume writing. With an annual budget of \$13.6 million the facility employs a staff 127.

Sykesville, Maryland

Facility Administrator  
Leonard Rice

**Security Level: Minimum**

**Authorized Positions: 119**

**Average Population: 492**

**Operating Cost: \$14,405,758**

The Central Maryland Correctional Facility in Sykesville houses 492 offenders in minimum security environment. Offenders stay an average of 18 months. The facility operates on a \$14.4 million annual budget with a staff of 119.

The institution is home to a large Maryland Correctional Enterprises laundry operation formerly known as Central Laundry that employs about 120 offenders. Offenders also provide industrial cleaning products for institutions and non-profit entities.

The facility is host to the Thoroughbred Retirement Foundation program where offenders learn to care for retired horses, one of only nine such programs in the nation.

In addition, high school equivalency diplomas for reading, writing and math are offered while also providing the intense Therapeutic Communities 12-month substance abuse recovery program. More than 500 offenders are treated every year.

The facility operates work release programs focused on public works projects including helping to maintain a Veterans Cemetery.

Maryland Correctional Institution-Hagerstown began construction in 1932 and is the oldest operating medium security institution in the state, housing 2,050 offenders staying an average of 6 ½ years. The facility operates on a \$66.8 million budget and employs 562 workers.

Known for its stately architecture, the institution was built by offenders with locally-quarried stone

The institution offers Maryland Correctional Enterprises work units with specialties in metal work, meat cutting, upholstery, laundry and recycling.

High school equivalency diplomas are offered to offenders in reading, writing and math and provides vocational training in upholstery, carpet cleaning, sheet metal and computer lab.

The site offers a six-month substance abuse program and is the home to the nation’s first program that has incarcerated veterans training service dogs mainly for veterans wounded in Iraq and Afghanistan through America’s VetDogs.

The facility is the hub for Federal Immigration and Customs Enforcement hearings and housing and also serves as the regional open parole hearing facility.

The Roxbury Correctional Institution in Hagerstown houses 1,700 offenders in a medium security facility with an average stay of 7 years.

With an annual budget of \$47.6 million, the facility employs 418 people.

The institution operates three Maryland Correctional Enterprises (MCE) units. Inmate workers produce file folders, interoffice envelopes and Maryland Motor Vehicle Administration vehicle registrations stickers.

MCE inmates recycle aluminum and steel cans, cardboard, paper, pallets and plastic while also providing agriculture services, maintaining an apple orchard, field crops, and tending to shoreline grasses and trees.

The psychology department provides a special needs unit and the facility is home to inmates training difficult-to-place shelter dogs through the partnership with HOPE Hounds. More than 50 inmate-trained dogs have been successfully placed with families.

The institution also provides occupational training in building maintenance, carpentry, masonry and vehicle maintenance.

Maryland Correctional  
Training Center  
Hagerstown, Maryland

**Security Level: Medium/Minimum/Pre-Release**

**Authorized Positions: 607**

**Average Population: 2730**

**Operating Cost: \$71,758,538**

The Maryland Correctional Training Center in Hagerstown opened in 1966 and houses 2,730 male offenders in medium, minimum and pre-release security with an average stay of 4 ½ years.

With a budget of \$71.7 million, the facility employs 607 workers.

The facility is home to a new Maryland Correctional Enterprises operation that repairs and remanufactures cartridges for laser printers, fax machines and copiers, saving the state millions of dollars. Offenders also produce utility brushes and corrugated cartons along with partitions for state office work stations.

The institution offers academics programs ranging from basic adult education to high school equivalency diplomas and special education. Occupation training exists at the facility in plumbing

residential electrical wiring, carpentry, masonry, small engine repair, auto body repair, auto mechanics and introduction to office technology.

The facility provides job readiness training ranging from interviewing to resume writing skills while also offering the intensive Therapeutic Communities substance abuse recovery treatment and aftercare program that treats about 200 offenders a year.

The institution is poised to add the America's VetDogs program, which will have offenders – including incarcerated veterans – training service dogs primarily for wounded and traumatized veterans who served in Iraq and Afghanistan.

The North Branch Correctional Institution in Cumberland is Maryland's most secure prisons, featured internationally in documentaries about the world's most technologically advanced correctional centers.

The facility houses 1,460 offenders with an average stay

of 10 ½ years in a maximum security facility first opened in 2003. With a \$52.2 million annual budget, the facility employs a staff of 548.

North Branch and Western Correctional Institution next door are among the largest employers in Western Maryland.

The facility offers adult basic education classes as well as GED level classes for inmates to earn their high school diplomas. It includes a Special Needs Unit and tiered-progression programming for certain offenders. The facility offers high school equivalency diplomas to offenders and houses the state's five death row inmates.

Institution  
Cumberland, Maryland

**Security Level: Maximum**

**Authorized Positions: 470**

**Average Population: 1,678**

**Operating Cost: \$54,440,882**

The Western Correctional Institution in Cumberland opened in 1996 and houses 1,680 male inmates in maximum security with an average stay of 8 ½ years.

With an operating budget of \$54.4 million, the facility employs 470 workers. The institution offers inmates training in horticulture,

welding, cabinet and millwork, facility maintenance and printing with graphic arts.

It is also home to a grant-funded greenhouse which supplies other facilities, local governments and charitable groups with plants.

The facility offers a range of academic programs from adult literacy to high school equivalency diplomas and training for employment that include interviewing and resume writing skills. A six-month substance abuse recovery program with aftercare is also offered.

The institution employs offenders in a Maryland Correctional Enterprises (MCE) unit which constructs various wooden furniture items. MCE also operates an industrial laundry shop for institutional and non-profit entities.

Offenders at the facility, including incarcerated veterans, train service dogs for America's VetDogs program, the first maximum-security institution in the country to do so. The institution also partners with Pilgrim Theological Seminary to provide theology degrees for offenders.

**Security Level: Minimum and Pre-Release**

**Authorized Positions: 14**

**Operating Cost:\$2,540,323**

Designed to oversee five minimum and pre-release security facilities throughout the State, the Maryland Correctional Pre-Release System Headquarters (MCPRS) provides centralized services to the facilities.

MCPRS facilities include Brockbridge Correctional Facility, Central Maryland Correctional Facility, Eastern Pre-Release Unit, Jessup Pre-Release

Unit, and Southern Maryland Pre-Release Unit.

These facilities continue to provide inmate labor to the Maryland Correctional Enterprises (MCE), the Maryland Department of Public Works (DPW), the Maryland State Police (MSP), the Maryland Department of Natural Resources (DNR), and Maryland Veterans Cemeteries. MCPRS also provides State Highway Administration (SHA) labor details for several counties throughout Maryland.

MCPRS facilities also provide educational programs and employment readiness workshops to assist inmates upon their release.

**Authorized Positions: 48**

**Average Population: 170**

**Operating Cost: \$5,153,913**

The Eastern Pre-Release Unit is situated on 96 rural acres near Church Hill in Queen Anne’s County.

The facility houses 170 offenders about to exit the corrections system. The institution offers two offender work programs. Offenders in work release are given jobs with local companies such as builders, who pay them a salary. Other offenders are on a non-supervised program on public work projects and are paid by the state.

The average stay for an offender is a little over two years.

The institution offers high school equivalency diplomas for reading, writing and math. The facility operates on a \$5.1 million budget and employs a staff of 48.

## Jessup Pre-Release Unit Jessup, Maryland

**Security Level: Pre-Release**

**Authorized Positions: 137**

**Average Population: 590**

**Operating Cost: \$16,913,375**

The Jessup Pre-Release Unit is a minimum security institution for adult male offenders located in Jessup that houses about 590 men.

The facility operates a work release program for about 80 inmates in state operations including the State Hospital and road crews.

Offenders also work at Maryland Correctional Enterprises warehouses.

The dietary department is a satellite of Brockbridge Correctional Facility and the institution offers high school equivalency diplomas in reading, writing and math. Employment readiness workshops teaching offenders job skills such as interviewing and resume writing are also conducted and is provided by the Department of Labor, Licensing and Regulation.

The institution, located on 9.1 acres in Anne Arundel County, operates on a \$16.9 million budget and employs 137 workers.

## Policy Development

The Office of Policy Development, Analysis and Management (DPDAM) is responsible for adopting, amending, maintaining, reviewing, and rescinding DOC official publications in compliance with Maryland Commission on Correctional Standards (MCCS) and American Correctional Association (ACA), relevant court decisions, federal statutes and regulations, Maryland statutes and regulations, Governor executive orders and federal executive orders.

OPDAM is also responsible for policy and procedure annual reviews. This process identifies policies and procedures that require modification to ensure DOC directives, facility directives, and post orders, under the authority of the Commissioner, remain current and applicable.

## Technology Unit

The Technology Unit acts as liaison for the Division of Correction (DOC) and Information Technology and Communications Division (ITCD).

The Technology Unit:

- Develops and supports new correctional applications.
- Provides bi-weekly StateStat template information, overtime analysis and meeting support to the Governor's office.
- Provides monthly data extracts used in submission to the Association of State Correctional Administrators (ASCA) Performance Based Measures System (PBMS).
- Administers the Staffing Analysis and Overtime Manager (SAOM), Facility Incident Reporting Manager (FIRM), Security Audit Manager (SAM), and DOC Requisition Manager.
- Monitors SAOM data, staffing plans and special assignment posts.
- Produces automated and *ad hoc* reports from SAOM and FIRM for StateStat, Public Information Act (PIA) requests and subpoenas.
- Coordinates and assists in the selection, implementation and management of various technologies used in the correctional institutions.
- Supports institutional Correctional Officer PC Coordinators.
- Supports Correctional Officer Bill of Rights Hearing recordings.

## Food Services

The Headquarters Food Service program provides direct support to the regional food service programs with equipment and system operations, menu analysis, food service planning, and design and construction of new and/or renovated kitchens.

Quality assurance and compliance with various local, state, federal and departmental regulatory agencies remains a high priority. Scheduled program reviews and audits are conducted to ensure compliance.

Food Service provides nutritional meals in compliance with the Dietary Reference Intake (DRIs), National Academy of Sciences and National Research Council to everyone confined to the Division of Correction.

This unit also helps inmates working in food service develop the skills and abilities necessary to obtain gainful employment in the industry after release.

Increasing awareness for cost containment, food safety and food regulatory compliance are also priorities for this unit.

## Fiscal Services

Fiscal Services is responsible for managing operating budgets and expenditures in order to analyze trends, monitor expenditures and evaluate resources in the correctional institutions. The unit manages and directs legislative audit corrective action plans providing reviews and guidance.

Accomplishments include:

- Continued process improvements in accounts payable and payroll
- Reducing legislative audit findings
- Improving fiscal accountability
- Coordinating the development of a new inmate banking system

# Education

The Correctional Education program is provided by the Department of Labor, Licensing and Regulation (DLLR) under the authority of the Educational Coordinating Council for the Correctional Institutions. DLLR, in conjunction with the Department of Public Safety and Correctional Services (DPSCS) and DOC, is responsible for the educational programs operating in Maryland's correctional institutions. Correctional education provides opportunities for incarcerated men and women, enabling them to become independent and productive workers, citizens, and parents while facilitating their successful re-entry into the community. The academic program begins with basic literacy and continues along a learning continuum through high school completion. After obtaining a GED, students may proceed into one of 37 occupational programs or limited advanced education courses. Prior to release, most inmates are able to enroll in employability and workforce development courses. Library and special education services are also available. The occupational programs offer training in the areas of auto body repair, automotive power services, building maintenance, business data processing, commercial roofing, computer repair, cooking, drafting, electrical wiring, furniture upholstery, graphic arts, printing, heating ventilation and air-conditioning, masonry, plumbing, residential construction, sheet metal fabrication and warehousing/distribution. At each facility, workforce development and transition strategies are integrated into academic and occupational programs.

## Data Management

The Office of Data Management supports various agency operations related to offender data and institutional counts. It resolves inaccuracies and discrepancies in various records and documents.

Data Management staff is also responsible for training Department of Public Safety Correctional Services staff on a variety of data and information systems.

Staff processes and approves applications for Criminal Justice Information Systems (CJIS), Offender Case Management Systems (OCMS) and Network access, collect and retrieve data through the Offender Based State Correctional Information System I (OBSCIS I) and serve as a first line assistance for offender database systems.

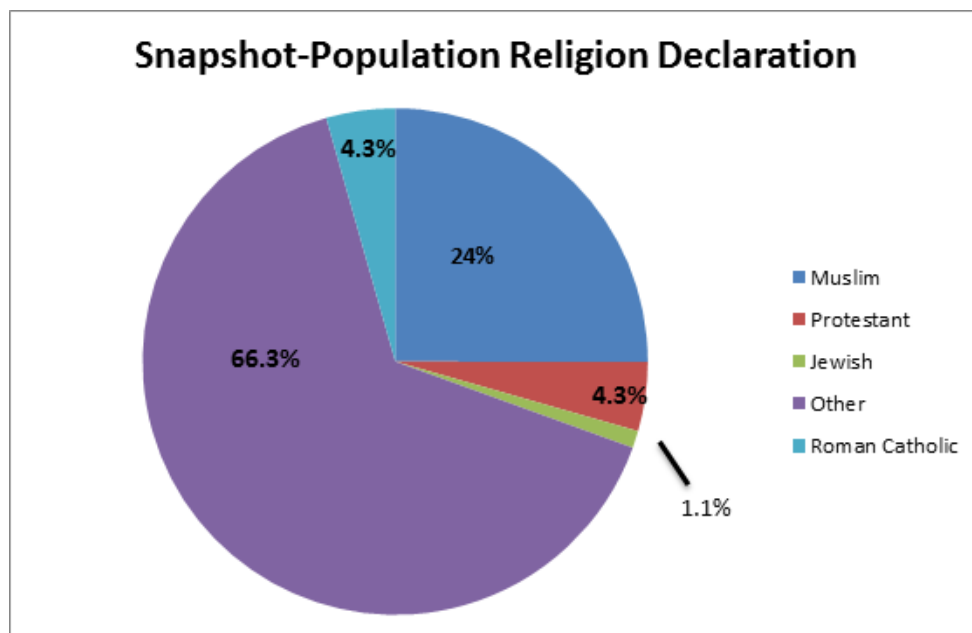

## Religious Services

Chaplains and religious volunteers offer programming and special religious activities to encourage positive redemptive and rehabilitative outcomes in the lives of offenders.

Faith based programs assist offenders by using re-entry protocols like cognitive-behavioral mentoring groups, life coaching, recovery progression and transitional efforts through outreach contacts within Maryland's communities.

Inmates can participate in a variety of spiritual and life empowering activities such as prayer vigils, anti-gang violence talks and spiritual leadership training, services, concerts and preparing for success seminars.

DOC also continues to ensure the inmate population has the opportunity for religious exercise during mealtime.

## Case Management

The DOC Headquarters case management unit develops and implements classification policies and procedures.

The department includes separate business units operating under the case management umbrella, including the Alcohol Drug Abuse Administration (ADAA) substance abuse placement coordination team, the inmate transfer coordinator for the DOC, the Administrative Remedy Process/ Inmate Grievance Process (ARP/IGP) unit, the classification/out-of-state monitoring unit, and the case management training unit.

## Transitional Services

Transitional Services assists those leaving the institution in making a smoother transition back into the outside world.

The DOC's Inmate ID Document program prepares inmates for work after release. Inmate ID Coordinators process inmates for a birth certificate, social security cards and MVA ID card prior to, or immediately following their release. The DOC understands homelessness can compound an already difficult return to the community, therefore, identifying individuals with need and providing transitional housing is a key to DOC's mix of transition services.

The challenge for DOC is to better serve the homeless inmates at the time of release, partner with others to remedy causes of homelessness during incarceration, better document the needs of homeless offenders following release, and standardize a DOC definition of homeless.

## Volunteer Program

Volunteers have always been a vital link between society and our inmates, and we have begun the process of broadening our network of volunteers working with inmates and offenders under

community supervision. Offenders who forge strong ties with religious and other community groups will be better prepared to navigate life on the outside. The Volunteer Program Office is responsible for oversight and direction of volunteer utilization throughout the Department. Volunteers are used to compliment the work of DPSCS employees, adding additional services to help the Department meet our mission.

This office assesses volunteer needs, evaluates volunteer protocols and identifies potential growth. The office is also responsible for guiding solicitation of potential volunteers, tracking volunteer usage and enhancing training programs and retention.

## Hearing Officers

Hearings Officers represents the department at the Office of Administrative Hearings (OAH) when an inmate or an employee of the department appeals what he or she considers negative results of a disciplinary hearing.

Hearing Officers also train institutional hearing officers and institutional representatives in inmate hearing procedures. The training involves interpretation of Title 12 of COMARE, proper use of the DCD 105 series and explanation of recent decisions handed down from OAH, Appellate and Federal Courts.

Officers conduct hearings at Patuxent Institution and two facilities of Division of Pretrial Detention and Services (DPDS).

## Victim Services

The Division of Correction Victim Services Unit (VSU) is dedicated to assisting victims who have suffered direct or threatened physical, emotional or financial harm as a result of a crime. This is accomplished by having a trained, dedicated staff that addresses victim issues with sensitivity and compassion.

In keeping with this concept, employees of the VSU are continually participating in a variety of training programs in order to enhance the way they provide services to victims across the State of Maryland.

# Canine (K-9)

Headquartered in Hagerstown, Maryland

The K-9 Unit is a subordinate component of Security Operations Unity under the leadership of Major Greg Shumake. It's divided into three geographical regions, consisting of the Western region, which includes Hagerstown and Cumberland facilities, the Central region, consisting of the Baltimore and Jessup facilities, and the Eastern region, consisting of all facilities east of the Bay Bridge.

The Unit has 22 full-time K-9 handlers, augmented by four full time supervisors. Each handler maintains status in his or her home region and is dispatched to emergencies and request for service by regional supervisors. In addition, the Unit has operational control of the Division of Pretrial Detention and Services' Baltimore City Detention Center (BCDC) K-9 Unit, which has four handlers.

DOC K-9 handlers scan visitors and staff for contraband, conducting cell and facility searches, interdicting CDS and contraband at checkpoints, parking lots and metal detectors, and providing armed response to disorders and emergencies. The unit also maintains Bloodhound and tracking dogs to assist in their capture of criminals and escaped inmates, and is called upon to assist other law enforcement agencies under mutual assistance pacts.

K-9 handlers receive specialized training and certification in specialty areas including interview and interrogation; drug identification; verbal judo; defensive tactics; hostage and fugitive recovery; cell extractions, and many other areas.

The K-9 Unit has certified instructors that provide specialized training to DPSCS and allied agencies in such areas as drug testing, vehicle search, fugitive recovery and firearms qualification.

The K-9 Unit provides initial and ongoing Certification and Training to other state and local agencies, such as Frederick County Sheriff, Washington County Sheriff, Allegany County Bureau of Police and others. In recent years, K-9 has also been involved in training K-9 teams in several foreign countries.

## Honor Guard

The DPSCS Institutional Honor Guard Unit serve at departmental Changes of Leaderships; wreath laying for fallen comrades; graduations; opening ceremonies and other formal ceremonies as well as drill competitions.

Major Paul Ridenour is serving as the appointed Commander. Major Ridenour has nearly 40 years of experience with DPSCS, with 33 years of involvement in the Honor Guard.

DPSCS has six Honor Guard units that operate within their regions and the State of Maryland.

## Special Operations Group

The Special Operations Group consists of about 50 highly trained Operators that maintain their status at their home facilities and are activated upon orders of the Director of Security Operations. SOG activations can be based on emergency conditions or for many routine or planned missions.

SOG includes Operators who are specially trained in the following:

- Maryland State Police Certified SWAT
- Maryland State Police Certified Counter Snipers
- Certified Krav Maga Instructors
- Certified Gracie Combative Instructors
- Certified SPEAR Instructor
- Tactical Woodland Operations Escape Recovery
- Graduates-Virginia State Stryker Tactical School
- Taser Instructors
- Firearm Instructors
- Defensive Tactics Instructors
- Certified Trainers for Trainers
- K9 MSP SWAT Certified Operators
- Hostage Negotiations Certified

## Contraband Interdiction

## Intelligence Unit

CIT consists of about 100 specially-trained correctional officers that conduct searches and monitor institutions for contraband.

The team looks for contraband to include weapons, cell phones, tobacco, drugs, cash and any other material that inmates are not authorized to have.

The DOC-Intelligence Coordinating Unit (ICU) manages and contain any threat that impinges upon the state's facilities. At this point in time, the most prominent threats are Security Threat Groups (gangs), contraband and staff corruption.

The DOC/ICU has established a process to identify gang members entering the system. It maintains a program designed to fracture gang hierarchies by identifying known gang "core members" and targeting them for special monitoring. The unit also monitors inmate telephone calls, examines their mail and regularly searches for and confiscates contraband.
