Workforce Development Sequence Scholarship Annual Report

December 1, 2025

**Authored by the Maryland Higher Education
Commission**

Pursuant to the Education Article § 18-3304 the Maryland Higher Education Commission (MHEC) presents the annual report on the Workforce Development Sequence Scholarships. This report included the following:

- (1) The number of students who received a Workforce Development Sequence Scholarship;
- (2) The amount of the award made to each recipient;
- (3) The community college that the recipient attended;
- (4) The workforce development sequence in which the recipient enrolled; and
- (5) The registered apprenticeship program in which the recipient participated

Overview of Scholarship Program

The Workforce Development Sequence Scholarship Program (WDSS) is designed to provide financial assistance to students enrolling in approved non-credit certificate programs leading to apprenticeships, employment, licensure, or job skill enhancement at participating Maryland community colleges.

In FY 2025, the annual appropriation in the Workforce Development Sequence Scholarship program was \$1 million. Annually, the Maryland Higher Education Commission (MHEC) Office of Student Financial Assistance (OSFA) allocates to each of the 16 community colleges a percentage of the annual WDSS program appropriation, with up to 50 percent distributed equally among all institutions. The remaining amount is allocated proportionately to participating community colleges based upon student enrollment as follows:

1. Each college's most recent FTE enrollment in workforce development sequence courses, calculated using the prior year's Enrollment Report for Credit Courses (CC2) and Enrollment Report for Equated Credit Continuing Education Courses (CC3). Each institution's FTE is then divided by the total FTE enrollment for all workforce development sequence courses across participating colleges; and
2. The percentage derived from the calculation is multiplied by the total number of awards (in \$2,000 increments) not allocated, and the result shall be the additional allocation to the college.

In FY 2025, the fifth year of the WDSS program, the community colleges reported that a total of 671 students received the WDSS award. The exhibits provided below detail the award distribution by institution for each student awarded, the amount awarded to each recipient, and the workforce development sequence or registered apprenticeship program in which the recipient enrolled.
