**RE: 2022 Joint Chairmen's Report (p. 110-111) – Report on Community Services Utilization
Data Collection and Spending Forecasts - Q2 Report**

Dear Chairs Guzzone and Barnes:

Pursuant to the 2022 Joint Chairmen's Report (p. 110-111), the Maryland Department of Health respectfully submits the second quarterly report on the Developmental Disabilities Administration Community Services system utilization data collection and spending forecasts, and respectfully requests the release of the funds associated with this reporting requirement.

If you have any questions about this report, please contact Megan Peters, Acting Director, Office of Governmental Affairs, at megan.peters@maryland.gov.

Sincerely,

Dennis R. Schrader
Secretary

cc: Bernard Simons, Deputy Secretary, Developmental Disabilities Administration
Megan Peters, Acting Director, Office of Governmental Affairs
Sarah Albert, Department of Legislative Services (5 copies)

Pursuant to the 2022 Joint Chairmen's Report (p. 110-111), the Maryland Department of Health's (MDH) Developmental Disabilities Administration (DDA) provides the following information on system utilization data collection and spending forecasts for the LTSS*Maryland*-DDA module.

Report on Community Services Utilization Data Collection and Spending Forecasts

1.) Timeline for forecasting general fund spending in the Community Services program based on actual utilization and reimbursement billed through the Long Term Services and Supports (LTSS) system following the transition to a fee-for-services (FFS) model, including a discussion of how the spending will be forecast during the transition period;

As noted in the previous quarterly JCR report¹, MDH anticipates being able to provide this information in the quarterly report due on January 1, 2023. Items that will inform the timeline for forecasting general fund spending (e.g., the fiscal impact analysis of the new rates, transition timelines for providers, and more) are currently under development.

2.) If available, MDH spending forecasts by year;

This is not yet available and will be included in a subsequent quarterly report.

3.) A timeline for finalizing rates and the fiscal impact analysis of the new rates;

As noted in MDH's previous quarterly JCR report, effective April 1, 2022 the Maryland Medical Assistance Program updated the rates for the services offered by the following waiver programs operated by DDA: the Community Pathways Waiver (CPW), Community Supports Waiver (CSW), and Family Supports Waiver (FSW). Providers were notified via a memorandum on April 1, 2022 that included updated rate tables. This memorandum is included in Appendix A.

A summary of the fiscal impact analysis (the analysis of the data provided by providers using a fiscal analysis tool) is outlined below in #4.

4.) Upon finalization, the finalized rates and the fiscal impact analysis of the new rates;

The Hilltop Institute provided DDA with quantitative expertise, including a fiscal impact analysis, during the transition to a new payment system and methodology. The data source for this analysis consisted of fiscal impact analysis tools (FIATs) completed by 84 DDA providers. The FIATs show revenue at the service level under the current (PCIS2) rate structure, as well as at the person and service level under the new (LTSS*Maryland*) rate structure.

The rate impact surveys categorize revenue into three groupings: Community Living Group Homes, Meaningful Day services, and Supported and Shared Living. Given that the FIAT data are self-reported and un-audited, Hilltop inspected the rate impact sheets for data integrity prior to conducting the analysis. First, they examined the distribution of revenue for both PCIS2 and LTSS*Maryland* rates within and across providers. They then searched for outliers in

¹ 2022 Joint Chairmen's Report (p. 110-111) - Report on Community Services Utilization Data Collection and Spending Forecasts. July 2022. [http://dlslibrary.state.md.us/publications/JCR/2022/2022_110-111_2022\(7\).pdf](http://dlslibrary.state.md.us/publications/JCR/2022/2022_110-111_2022(7).pdf)

terms of either (a) revenue distribution across services or (b) the change in revenue by service and overall.

Below is the aggregate analysis of the data submitted by providers.² The average annual revenue across 84 providers for each of these categories for both PCIS2 and LTSS*Maryland* rate structures, as well as the difference by category is illustrated in the table below:

Table 1: Aggregate Analysis Table: Current (PCIS2) and LTSS (Fee for Service) Average Annual Revenue (\$ million)

Category	PCIS2		LTSS <i>Maryland</i>		Revenue Difference
	Revenue	% of Total	Revenue	% of Total	
Community Living Group Homes	\$5.35	68.99%	\$6.84	74.60%	\$1.49
Meaningful Day	\$2.30	29.61%	\$2.21	24.11%	-\$0.09
Supported and Shared Living	\$0.11	1.40%	\$0.12	1.29%	\$0.01
Total	\$7.76	100%	\$9.17	100%	\$1.41

On average, organizations reported earning annual revenue of \$7.76 million under the PCIS2 rate structure. Under the LTSS*Maryland* fee-for-service rate structure, average reimbursement would increase by \$1.41 million, which represents an increase of **18.2%**, marginally offset by a minor average reduction in revenue for Meaningful Day, according to the data submitted by the providers.

5.) The number of individuals receiving DDA-funded services and providers transitioned to the LTSS system, including the timing of the transition including those transitioned in fiscal 2023 to date;

Since the launch of the first pilot group of providers in late 2019, additional DDA providers have transitioned some or all their service billing to the LTSS*Maryland*-DDA.

The total number of individuals authorized for Personal Supports and Supported Living, as part of Electronic Visit Verification (EVV) is 7,192, reflecting 36.3% of the 19,812 DDA individuals.

Billing for Personal Supports and Supported Living services transitioned to the LTSS*Maryland*- DDA module in December 2020 with the successful implementation of EVV, in accordance with the Federal 21st Century Cures Act. Approximately 3,803 individuals received Personal Supports services claimed through LTSS*Maryland* during FY22. These services were provided by 169 providers throughout FY22.

The total number of individuals fully transitioned into the LTSS*Maryland*-DDA module (excluding those receiving Personal Supports) is 5,969, representing 30.1% of the 19,812 DDA individuals overall. These numbers are outlined in Table 2 below.

² The full Hilltop analysis is not publicly available to ensure privacy for the providers who participated.

Table 2. Pilot Groups and Early Adopters for the LTSS*Maryland*-DDA module

Group ³	Transition Date(s)	Number of Providers ⁴	Number of Participants
Initial Pilot Group	12/1/2019	10	35
Early Adopter Group	7/1/2021 10/1/2021	5	1,006
Pilot 2A Group	4/1/2022 5/1/2022 6/1/2022	21	2,871
Pilot 2B Group	7/1/2022 8/1/2022 9/1/2022	34	2,057
Totals		70	5,969

6.) A cost analysis of the rates paid to providers that were transitioned to the LTSS system as part of the LTSS pilot program and how DDA's reimbursements compare to estimated payments that would have been made under the prospective payment model;

Table 3 below illustrates the difference in revenue for a sample of participants for services billed in PCIS2 compared to the same services delivered in LTSS*Maryland*.

The cost analysis below is based on 588 consumers⁵ who had claims in PCIS2 and who had claims in LTSS*Maryland*.. The PCIS2 revenue data was trended forward to account for cost-of-living adjustments (COLA) and the 5.5% American Rescue Plan (ARPA) rate increase applied to PCIS2 rates to represent what consumers would receive for services billed in PCIS2 in the present.

Overall, revenue for these providers was 32% higher than what they would have received in PCIS2, with Meaningful Day seeing the largest increase.

³ The parameters for participation in the Early Adopter Group (EAG) and Pilot Group differed. Providers in the EAG billed **all** services using LTSS*Maryland*. The FY22/23 Pilot Groups allowed each provider to select the number of individuals supported by the provider and the services the provider wanted to transition as prescribed in Senate Bill 796 (2020), Chapter 7 (2021).

⁴ When tracking providers transitions from DDA's legacy payment system PCIS2 to LTSS*Maryland*, it is important to note that providers may be authorized to provide multiple services. Therefore, providers may have transitioned to LTSS*Maryland* for some services, but not others.

⁵ The 588 consumers represent the 5 agencies that were part of the Early Adopter Group (EAG) that transitioned into LTSS July 1 and October 1, 2021.

Table 3⁶: Cost analysis of rates paid to providers

Category	PCIS2		LTSS Maryland		Revenue Difference
	Revenue	% of Total	Revenue	% of Total	
Community Living Group Homes	\$ 6,252,684.58	68%	\$ 7,911,556.70	65%	27%
Meaningful Day	\$ 1,672,082.24	18%	\$ 2,455,853.54	20%	47%
Support Services	\$ 1,236,191.86	13%	\$ 1,749,112.42	14%	41%
Total	\$ 9,160,958.68	100%	\$ 12,116,522.66	100%	32%

PCIS2 Data Range 04/2020 - 06/2020; LTSS Data Range 04/2022 - 06/2022

7.) An updated timeline for transition of individuals and providers to the LTSS system

MDH is in the process of developing and confirming its phased expansion strategy for the remainder of FY23 and FY24. This strategy will be informed by the learnings of the April 2022 through September 2022 piloting effort which supported 55 providers to transition their DDA service billing into LTSS *Maryland* for over 5,000 participants. With growing provider interest, it is anticipated that the next voluntary expansion will initiate in January 2023 building to an FY24 network-wide readiness and transition timeline. We anticipate that LTSS *Maryland* DDA module expansion will continue to be scaled incrementally and will leverage the relationships between the DDA Regional Offices and their providers to develop individualized transition timelines and customized supports.

⁶ Please note that the third category in Table 3 is, “Support Services.” *Personal Supports* comprises the largest services of the “Support Services” category and has been fully integrated in LTSS since 2020. Therefore, *Personal Supports* was not a focus of the FIAT tool and is not included in Table 1. In Table 1 the third category is “Supported and Shared Living.” *Supported and Shared Living* are services categorized as “Support Services.”

MARYLAND MEDICAL ASSISTANCE PROGRAM

Community Pathways Waiver Transmittal No. 01
Community Supports Waiver Transmittal No. 01
Family Supports Waiver Transmittal No. 01

April 1, 2022

To: Developmental Disabilities Administration (DDA) Stakeholders

From: Marlana R. Hutchinson, Director
Office of Long Term Services and Supports 

Subject: Fee-for-Service Rates for Medicaid Waiver Programs Operated by the DDA

Note: **Please ensure the appropriate staff members in your organization are informed of the contents of this transmittal**

Effective April 1, 2022, the Maryland Medical Assistance Program will update the rates for the following services offered by the waiver programs operated by the Developmental Disabilities Administration (DDA): the Community Pathways Waiver (CPW), Community Supports Waiver (CSW), and Family Supports Waiver (FSW). Rates are reviewed and updated based on the DDA's State budget allocation, policies, cost of living adjustment, and input from the [Rate Review Advisory Group](#).

The revised rates are listed in the three fee schedules attached: LTSSMaryland DDA Module Fee-for-Service Rates for CPW, CSW and FSW; Attachment A - Community Living - Group Home and Community Living - Enhanced Supports; and Attachment B - Supported Living Rates. Providers may bill the new rates for services provided on or after April 1, 2022.

Questions regarding program rates should be directed to the Office of Long Term Services and Supports Waiver Coordinator, Denise Farmer, at denise.farmer@maryland.gov or the DDA's Director of Administration, Robert White, at robert.white2@maryland.gov.

Enclosures (3)
