Ladies and Gentlemen:

Pursuant to Section 10-415(b) of the Economic Development Article, I am pleased to submit, on behalf of the Board of Directors of the Maryland Technology Development Corporation (TEDCO), the quarterly report detailing investments for the 1st quarter of fiscal 2022 (3rd quarter of calendar 2021).

As required, the report includes the list of the businesses that received support each quarter from programs administered by TEDCO; including the number of employees in the state; capital investment; and projected job creation. TEDCO made 4 investments across 3 programs in the 1st quarter of fiscal 2022, deploying \$1.3 million to Maryland Qualified Businesses throughout the State. These investments will support the creation of 11 new Maryland jobs in healthcare, fintech, and other advanced technology.

Also, in response to the Maryland Economic Development's Commission's request for additional information on TEDCO funds and supported companies, and investment performance, the following page provides the related descriptions. The Board appreciates the support the Administration and General Assembly have provided TEDCO to carry out its mission, and we trust that we have fulfilled the responsibility that you have entrusted to the Directors and management.

Sincerely,

Troy A. LeMaile-Stovall
Chief Executive Officer

TEDCO Total Value to Paid-In Capital

TEDCO has had an average TVPI of ~ 1.2 for the last 5 years. TVPI stands for Total Value to Paid-In capital and represents the combined realized and unrealized value of a fund relative to paid-in capital. As the name suggests, TVPI shows the overall value of a fund compared to its cost (a higher TVPI would indicate higher value). Anything above 1 means that there is growth in the fund and the mean average according (to Pitchbook) was less than our reported number, making TEDCO fund performance slightly above average for the period.
